A REIT Transfer is any deed or other instrument or transaction conveying or transferring real property or an economic interest in real property to a Real Estate Investment Trust as defined in Section 856 of the Internal Revenue Code (a 'REIT"), or to a partnership or corporation in which a REIT owns a controlling interest immediately following the transaction and any issuance or transfer of an interest in a REIT or in such a partnership or corporation in connection with such a transaction, provided either:

- the transaction occurs on or after June 9, 1994 in connection with the initial formation of the REIT and conditions 1(a), 2 and 3 below are met, or
- the transaction occurs on or after July 13, 1996 and before September 1, 2002 (or after August 30, 2002 if the transfer is made pursuant to a binding written contract entered into before September 1, 2002, with a REIT or a partnership or corporation in which the REIT owns a controlling interest, and the date of execution of that contract is confirmed by independent evidence satisfactory to the Department), and conditions 1 (b) and 2 below are met.

For a definition of "controlling interest", see General Information for Form NYC-RPT, "Imposition of Tax."

CONDITIONS

a. The value of the ownership interests in the REIT or in the partnership or corporation controlled by the REIT received by the grantor as consideration for the transaction must be equal to 40 percent or more of the excess of the value of the total consideration received over the amount of mortgages and other liens and encumbrances on the property or on the grantor's economic interest in the property, other than mortgages and other liens and encumbrances created in contemplation of the formation of the REIT.

b. This condition is the same as Condition 1(a), except that the value of the ownership interests received as consideration must be equal to at least 50 percent rather than 40 percent of the excess of the total consideration received over mortgages and other liens and encumbrances on the property or economic interest transferred excluding mortgages and other liens or encumbrances created in contemplation of the transaction reported on this Schedule R.

Use the worksheet on the following page of this Schedule to make this determination.

- The interests in the REIT or in the partnership or corporation controlled by the REIT may not be transferred by the grantor or owners of the grantor within two years following the date of the transaction other than transfers within the two-year period resulting from the death of an individual grantor or owner of a grantor.
- At least 75 percent of the cash proceeds of the initial public offering of REIT shares must be used for the following:

 - d. payments to acquire real property or an economic interest therein other than an acquisition that would qualify as a REIT Transfer without regard to this condition 3.

LINE 1

Where the value of the underlying property transferred or interest therein is used in determining the consideration for a REIT Transfer, you may, but are not required to, report as the value of the real property or interest therein (Form NYC-RPT, Schedule 1, line 7), the estimated market value as determined by the Department of Finance as reflected on the most recent Notice of Assessment issued by the Department. (See Statements of Audit Procedure 93-2-GCT/RPTT, 3/1/93 and 95-1-GCT/RPTT, 7/28/95) Add to the amount reported on line 1 the amount of any mortgages and other liens and encumbrances created in contemplation of the formation of the REIT in the case of condition 1(a) or in contemplation of the transaction reported on this Schedule R in the case of condition 1(b).

LINE 2

If the grantor received REIT shares as consideration for the transfer, enter on line 2a the number of REIT shares received. If the grantor received interests in a partnership or corporation controlled by the REIT that may be converted into REIT shares, enter on line 2b the maximum number of REIT shares into which such interests may be converted and attach an explanation of the terms of the conversion. If the grantor received interests that may be converted into REIT shares but you believe that the offering price for the REIT shares into which such interests may be converted is not a proper measurement of the value of the interests received, do not complete line 2b. Instead, attach an explanation of the terms of the conversion and enter on line 2f the fair market value of the interests received. If the grantor received interests in a partnership or corporation controlled by the REIT that cannot be converted into REIT shares at any time, enter on line 2f the fair market value of the interests received. If you enter an amount on line 2f, attach an explanation of the method used for determining the value of the interests received.
