The purpose of this publication is to provide taxpayers with general information about Massachusetts tax laws and Department of Revenue policies and procedures as of December 1, 2001. It is not designed to address all questions in detail, and taxpayers are encouraged to seek further guidance as described throughout this guide. Nothing contained within this publication supersedes, alters or otherwise changes any provisions of Massachusetts General Laws, Massachusetts Department of Revenue Regulations or Rulings or any other sources of the law.

Dear Taxpayer:

*A major part of our effort to provide a fair and efficient system of tax administration is our commitment to keep taxpayers informed of their responsibilities under the law. The Department of Revenue (DOR) works to fulfill this commitment by producing clear tax forms and instructions as well as informational guides to outline the Commonwealth's various taxes. **A Guide to Sales and Use Tax** is one in this series of publications we offer to help you understand and voluntarily comply with Massachusetts law.*

Sales and use tax is one of several "trustee taxes" administered by DOR. Trustee taxes — which include sales and use, meals, withholding and room occupancy — are so-named because employees and customers are entrusting businesses to collect and to pay these taxes over to the Commonwealth. This guide provides answers to the most frequently asked questions about the sales and use tax. Additionally, lists of taxable and nontaxable items, a filing and payment schedule and sample forms are included for handy reference.

We hope you find this guide helpful in understanding your sales and use tax responsibilities. If you have further questions, please call our Customer Service Bureau at either our local or in-state, toll-free telephone number listed throughout the guide. We will be glad to give you any additional information that you may need.

Sincerely,

*Bernard F. Crowley, Jr.
Acting Commissioner of Revenue*

This guide contains general information regarding the Massachusetts sales and use tax. It describes the tax, what types of transactions are taxable and what both a buyer and seller must do to comply with the law.

A Guide to Sales and Use Tax is designed to lead you through the basics of sales and use tax by answering many frequently asked questions. Sample forms will show you how to fill out your return. The guide also includes a general listing of those items that are exempt from the Massachusetts sales and use tax.

This guide is part of an ongoing series of publications that the Massachusetts Department of Revenue (DOR) has issued to inform the public of various aspects of Massachusetts taxes. Please feel free to call DOR if you have any further questions about the sales and use tax or any other aspects of the Commonwealth's tax system.

*The Department is pleased to offer businesses access to a number of useful resources via its website at **www.mass.gov/dor**. The website contains information on various tax and employer obligations, and features online vendor registration and new hire reporting programs, as well as electronic filing and payment options.*

Common Sales/Use Tax Questions

What is the sales tax?

The Massachusetts sales tax is 5 percent of the sales price or rental charge of tangible personal property or certain telecommunications services sold or rented in the Commonwealth. (For a detailed definition of "sales price," please see M.G.L. Ch.64H sec.1.) The sales tax generally is paid to the vendor as an addition to the purchase price. The buyer pays the sales tax to the vendor at the time of purchase; the vendor then remits the tax to the Commonwealth. For motor vehicle and trailer sales, however, the sales tax is paid directly to the Commonwealth by the purchaser. For more detailed information on motor vehicle sales taxes, please call DOR's Customer Service Bureau at (617) 887-MDOR or toll-free in Massachusetts at 1-800-392-6089.*

Massachusetts sales/use
tax is 5 percent

What is the use tax?

The Massachusetts use tax is 5 percent of the sales price or rental charge on tangible personal property (including mail order items) on which no sales tax, or a sales tax rate less than the 5 percent Massachusetts rate, was paid and which are to be used, stored or consumed in the Commonwealth. The use tax, unlike the sales tax, generally is paid directly to the Commonwealth by the purchaser.

Example: You purchase furniture for your Massachusetts business or residence from an out-of-state firm and pay no sales tax. You are required to pay the 5 percent Massachusetts use tax. The use tax applies because the furniture was not subject to a sales tax in the other state and because it is for use in the Commonwealth.

*Telecommunications services include telephone and other transmissions of information (such as beeper services, cellular telephone services and telegram services). Cable television and Internet access are exempt from the sales tax. Generally, the tax on the sale or use of telecommunications services is a tax on the transmission of messages or information by various electronic means, but not on the sale or use of information itself. For a list of taxable telecommunications services, please see TIR 99-2, *Taxation of the Internet, Electronic Commerce and Telecommunications Services: Recent Federal and Massachusetts Legislation*, and TIR 01-20, *Taxation of the Internet: Extension of TIR 99-2*. To obtain copies, please visit DOR's website at www.mass.gov/dor, or call DOR's Rulings and Regulations Bureau at (617) 626-3250.

Who is a sales/use tax vendor?

A sales/use tax vendor is a retailer or any other person who regularly sells, rents or leases tangible personal property or telecommunications services that are subject to the Massachusetts sales tax. A vendor is anyone who:

- *Sells, rents or leases in Massachusetts generally;*
- *Purchases tangible personal property or telecommunications services for resale in Massachusetts;*
- *Acquires parts to manufacture goods for sale or resale in Massachusetts;*
- *Has a business location in Massachusetts;*
- *Has representatives soliciting orders for tangible personal property or telecommunications services within Massachusetts; or*
- *Sells to Massachusetts residents or businesses and delivers, repairs or installs goods or telecommunications services within the Commonwealth.*

Please note: *Tax-exempt organizations that sell tangible personal property or telecommunications services on a regular basis are considered vendors and are required to collect sales/use tax.*

What are the responsibilities of a sales/use tax vendor?

Massachusetts sales/use tax vendors are responsible for:

- *Registering with DOR to collect sales/use tax;*
- *Collecting the 5 percent sales/use tax on taxable sales or rentals of tangible personal property or telecommunications services. **Please note:** The tax must be separately stated and separately charged on all invoices, bills, displays or contracts; and*
- *Remitting all sales/use taxes to DOR with the appropriate Massachusetts sales/use tax form on time. (For a complete listing of forms, please see “Commonly Requested Forms and Publications” on pages 31 through 33.)*

Are out-of-state vendors' responsibilities the same as in-state vendors' responsibilities?

Yes. Out-of-state vendors who meet any of the vendor definitions listed on page 7 generally have the same responsibilities as Massachusetts vendors.

How does a vendor register to collect sales/use tax?

To register to collect Massachusetts sales/use tax, vendors must file a Massachusetts Trustee Tax Application for Original Registration (Form TA-1) with DOR for their primary place of business and an Application for Additional Registration (Form TA-2) for each additional business location. Vendors may file the electronic equivalent of Form TA-1 and/or TA-2 via DOR's Online Application for Registration, which is available on the DOR website at www.mass.gov/dor. By registering online, vendors can download a temporary registration certificate, which enables them to do business immediately.

*Vendors must file a
Form TA-1 with DOR*

After processing an application for registration, DOR will issue the vendor a Sales and Use Tax Registration Certificate (Form ST-1) for each business location. Form ST-1 must be displayed in a conspicuous location on the business premises.

As a convenience to customers, those out-of-state retailers and mail order firms that are not required by law to register as Massachusetts vendors can register voluntarily to collect use tax.

Must an individual or business register to pay sales/use tax on occasional out-of-state purchases?

No. People who are not registered to collect sales/use tax in Massachusetts, and who make an occasional out-of-state purchase for business or personal use, do not need to register. They instead must pay their use taxes by filing either a Business Use Tax Return (Form ST-10) or an Individual Use Tax Return (Form ST-11).

Generally, anyone who pays a sales or use tax (which is legally due without any right to a refund or credit) to another state on merchandise or telecommunications services to be used in the Commonwealth is entitled

Customer Service Bureau
(617) 887-MDOR or
Toll-free 1-800-392-6089

to a credit against the Massachusetts use tax — up to the 5 percent Massachusetts sales/use tax rate. This credit is granted for sales tax paid to another state only if that state has a reciprocal agreement with Massachusetts; each state gives credit to purchasers for sales tax paid to the other state. If a sales tax rate of less than 5 percent is paid to the other state, the Massachusetts use tax is the difference between the two states' sales tax rates. If a sales or use tax is paid to a state that does not have a reciprocal agreement with Massachusetts, then the sales/use tax credit does not apply.

Massachusetts has sales tax exemption agreements with most states. Some states, however, have only limited agreements with the Commonwealth. If you need more detailed information about a specific state, please call DOR's Customer Service Bureau at (617) 887-MDOR or toll-free in Massachusetts at 1-800-392-6089.

Example: State X imposes a sales/use tax of 4 percent and has a reciprocal sales/use tax agreement with Massachusetts. You purchase a camera in State X for use in your Massachusetts business. You pay \$1400 plus \$56 tax for the camera. Since State X has a sales tax rate less than the 5 percent Massachusetts rate, you owe a use tax in Massachusetts of \$14 — \$70 (5 percent Massachusetts sales tax obligation) minus \$56 (4 percent State X sales tax payment).

Tax-Exempt Items

What types of sales are exempt from the sales/use tax?

A number of items
are exempt from the
sales/use tax

Massachusetts law exempts a number of items from the sales/use tax. The following categories of sales or types of transactions generally are exempted from the sales/use tax. For information on the status of individual items, please refer to "What Specific Items Are Exempt from the Sales/Use Tax?" starting on page 14. If you have questions about whether certain items fit into these exempt categories, please call DOR's Customer Service Bureau at (617) 887-MDOR or toll-free in Massachusetts at 1-800-392-6089.

Sales of food and clothing:

Sales of food for human consumption, other than meals sold by a restaurant, generally are tax-exempt. Sales of individual items of clothing costing \$175 or less also generally are exempt. (Sales tax is due only on the amount over \$175 per item.)

Sales of periodicals:

Periodicals such as newspapers and magazines generally are exempt. Newsletters, however, generally are not treated as newspapers and may be taxable.

Admission sales:

Sales of tickets to such activities as sporting and amusement events are exempt.

Sales of utilities and heating fuel to residential users, small businesses and certain industrial users:

Sales of gas, steam, electricity or heating fuel for residential purposes are exempt. Residential use includes use in any dwelling where people customarily reside on a long-term basis, whether or not the occupants of the dwelling are the purchasers of the fuel. Thus, residential use includes use in apartment buildings, rooming houses and nursing homes as well as use in single family or multifamily homes, but generally does not include use in hotels.

Sales of utilities and heating fuel also are exempt when sold to businesses with five or fewer employees or to manufacturing facilities that use at least

75 percent of their energy in manufacturing or heating the manufacturing facility. Businesses with multiple locations employing fewer than five people at any one location must use the total number of employees from all locations. Small businesses must present a Small Business Energy Exemption Certificate (Form ST-13) to the vendor to claim the exemption. Eligible industrial users must provide an Exempt Use Certificate (Form ST-12). Residential users are not required to present exemption certificates.

Sales of telephone services to residential users:

Sales of local residential telephone services billed on a recurring basis or for message unit charges are tax-exempt when provided to a residential purchaser, up to a total of \$30 per month. Residential telephone service generally includes service provided to an individual for personal use at his or her residential address, including an individual dwelling unit such as an apartment. In the case of institutions where individuals reside, such as schools or nursing homes, telephone service is considered residential if it is provided to and paid for by an individual resident rather than by the institution. Telephone service provided to a business is not residential service even if the business is located in an individual's home. If an otherwise residential telephone is used for business purposes, the business must file a Business Use Tax Return (Form ST-10) and pay tax on the service that is used. Residential users are not required to present exemption certificates.

Charges for personal or professional services:

Accounting, insurance, legal and medical services, as well as services such as haircuts and car repairs are not taxable. **Please note:** Items sold in addition to services, such as a bottle of shampoo from a salon or parts for a car repair, are taxable and must be itemized separately on the bill. Massachusetts tax law treats some products as services and therefore exempts them from the sales tax. Other products, however, may combine taxable and nontaxable elements. Still other products, although labeled custom or a service, may not meet the legal definition for tax purposes. Service providers who have questions about the taxability of their transactions should contact DOR's Rulings and Regulations Bureau for

Department of Revenue
Rulings and Regulations
Bureau, PO Box 9487
Boston, MA 02205-9487

clear guidance on this issue by writing to: Department of Revenue, Rulings and Regulations Bureau, PO Box 9487, Boston, MA 02205-9487.

Sales of transportation:

These services generally are not taxed. For example, a separately stated transportation charge for shipping by a common carrier is exempt, if the transportation occurs after the sale of the property. For more information about shipping and handling charges, please see DOR Directive 98-5, Whether Shipping and Handling Charges are Excluded for Sales and Use Tax Purposes. To obtain a copy, please visit the DOR website at www.mass.gov/dor, or call DOR's Rulings and Regulations Bureau at (617) 626-3250.

Casual and isolated sales:

*Infrequent and nonrecurring transactions made by people not regularly engaged in the business of making such sales are exempt. For example, sales of used appliances by a homeowner or sales at an infrequent yard sale are exempt. **Please note:** Generally, casual sales of cars, boats, trailers or airplanes are taxable, except for certain family transactions. For more detailed information on casual and isolated sales, please see DOR Regulation 830 CMR 64H.6.1, which is available on the DOR website at www.mass.gov/dor, or by calling DOR's Rulings and Regulations Bureau at (617) 626-3250.*

Resales:

Sales where the purchaser intends to resell the item or telecommunications services in the regular course of business are exempt. In these cases, a Sales Tax Resale Certificate (Form ST-4) must be given to and retained by the seller as proof the sale was exempt for the reasons stated on the certificate.

Sales for out-of-state delivery:

Sales where the purchaser accepts title to and possession of an item outside Massachusetts generally are exempt. Similarly, if a vendor is obligated to deliver to an out-of-state purchaser's address or to an interstate common carrier for such a delivery, the sale is not taxable in Massachusetts. Generally, however, any taxable item brought into the state within

six months of purchase for use, storage or consumption in Massachusetts is subject to the use tax.

Sales to exempt organizations:

Sales to organizations that are tax-exempt under Section 501(c)(3) of the Internal Revenue Code (such as charitable and nonprofit organizations), as well as agents of Section 501(c)(3) organizations, generally are exempt. To obtain the exemption, the purchaser, or its agent, must provide the vendor with a signed copy of a Sales Tax Exempt Purchaser Certificate (Form ST-5) or Contractor's Sales Tax Exempt Purchase Certificate (Form ST-5C) and a copy of the organization's Certificate of Exemption (Form ST-2) issued by DOR. The vendor must ensure that this form is complete and retain it to prove the sale was exempt. Otherwise, the sales tax can be assessed against the vendor.

Sales to government agencies:

Sales made directly to federal and Massachusetts state or municipal government agencies or entities are exempt. To qualify, the agency must be a regular department of government or an entity wholly owned by the government that performs governmental duties on an exclusive basis. Additionally, sales of tangible personal property, including meals, to agents of governmental entities, are exempt, provided certain requirements are met. See TIR 99-4, Sales and Use Tax Exemptions: Agents of Exempt Entities, available on DOR's website at www.mass.gov/dor, or by calling the Rulings and Regulations Bureau at (617) 626-3250, and Regulation 830 CMR 64H.6.5, Sales Tax on Meals, for rules for substantiating exempt purchases.

Sales to certain contractors and subcontractors:

Sales of tangible personal property for use in fulfilling government public works projects to certain contractors and subcontractors acting as agents for governmental entities are exempt. To claim the exemption, the contractor or subcontractor must provide the vendor with a signed copy of a Contractor's Sales Tax Exempt Purchase Certificate (Form ST-5C), and a copy of the government agency's Certificate of Exemption (ST-2) issued by DOR. Contractors and subcontractors must indicate on the face of

Form ST-5C that they are claiming the exemption for property used to fulfill a contract to provide qualified services in a public project.

Sales to manufacturers:

Sales of materials, tools, fuel, machinery and replacement parts that will be used directly and exclusively in the manufacture, processing or conversion of tangible personal property to be sold, including the publishing of a newspaper or the operation of commercial radio broadcasting or television transmission, are exempt in many cases. The vendor must receive from the purchaser an Exempt Use Certificate (Form ST-12) and maintain proper records on such sales.

Please note: Because of the complexity of the law, some guidelines listed here may not apply to every transaction. To avoid any interest or penalty charges on tax that was not collected properly, taxpayers with questions about the taxability of any sale should call DOR's Customer Service Bureau at (617) 887-MDOR or toll-free in Massachusetts at 1-800-392-6089 or request a letter ruling by writing to: Department of Revenue, Rulings and Regulations Bureau, PO Box 9487, Boston, MA 02205-9487.

Apparel and Fabric Goods

Clothing generally is
exempt from the sales tax

Clothing generally is exempt from the sales tax. However, any individual clothing item costing more than \$175 is taxable on the amount over the basic exemption. Thus, the tax on a \$200 suit would be \$1.25 — 5 percent of the \$25 taxable amount. If a number of items are being purchased, any applicable sales tax is charged only on individual items over \$175, no matter what the total bill.

While apparel designed solely for athletic or protective use is taxable, items that are also suitable for everyday use are exempt.

Materials that become part of articles of clothing are generally tax-exempt. Jewelry and accessories generally are taxable.

Following is the specific item list:

Exempt

*Aprons: household, shop
Bathing suits
Belts, buckles, suspenders
Children's novelty costumes
Choir, clerical vestments
Cloth: synthetic or natural fiber
Costumes
Footwear:
 Boat shoes

Food and Meals

In general, food products for human consumption are exempt from sales tax. Food items purchased with federal food stamps are also exempt from the sales tax. Questions sometimes arise as to whether an item is considered to be an exempt food; below is a list of commonly questioned items:

Exempt

*Breath-freshening candies
Dietetic candies
Edible oils
Food oils
Food substitutes
Gum
Salt and sugar substitutes
Nonmedicated cough drops*

Taxable

*Antacids
Dietary supplements
Vitamins and food supplements
Weight-loss aids and preparations*

Food or beverages prepared for human consumption and provided by a restaurant or restaurant part of a store are taxable as "meals." Such food or beverages sold on a "take out" or "to go" basis are also taxable. However, bakery products sold in units of six or more for take out and snacks or candy sold through a vending machine or "honor snack tray" for less than \$3.50 are exempt.

The following operations, whether they stand alone or are part of another business activity, are considered restaurants and are required to collect the sales tax on meals:

*Cafes
Canteen trucks or wagons
Catering businesses
Cocktail lounges and bars
Coffee shops
Diners
Dining rooms
Hotel and motel dining rooms
Ice cream trucks and other food stands
Lunch counters
Private or social clubs*

*Food sold on a "take out"
basis is taxable*

*Snack bars (including theatre snack bars) and salad bars
Street wagons or carts*

Taverns

Vending machines or "honor snack trays" that sell snacks or candy with a sales price of \$3.50 or more. Honor snack trays consist of any vending arrangements in which snacks or candy are available in an open tray for employees in an establishment that normally does not sell food and for which payment is made on the honor system.

For more detailed information about the sales tax on meals, please see DOR Regulation 830 CMR 64H.6.5, Sales Tax on Meals.

A Guide to Sales Tax on Meals also contains information about the sales tax on meals and is available via the DOR website at www.mass.gov/dor. Copies also may be obtained by calling DOR's main information lines at (617) 887-MDOR or toll-free in Massachusetts at 1-800-392-6089, or through DOR's Fax on Demand system by calling (617) 887-1900, using the keypad and the handset on your fax machine, and entering code number 3012.

File Schedule EC for solar
and wind energy
credit

Equipment directly related to solar, wind-powered or heat-pump systems is exempt if the system is used as a primary or auxiliary power system for heating or supplying the energy needs of a taxpayer's principal residence in Massachusetts. Structural components, such as glass windows, are taxable unless they meet DOR's definition of custom-made.

Please note: Massachusetts also allows owners or tenants of residential property located in the Commonwealth a credit against their personal income tax for expenses related to renewable energy source property. To take the credit, taxpayers must complete and file Massachusetts Schedule EC, Solar and Wind Energy Credit, with their annual income tax returns.

Reading Materials and Stationery

*Greeting cards are
taxable*

Generally, reading materials and stationery are taxed. Exemptions are allowed by statute for newspapers, magazines, books used for religious worship and educational textbooks. Following is a list of specific items:

Exempt

Books required by educational
institutions for instruction
Magazines, newspapers and comic
books
Prayer books and missals*

Taxable

*Books and paperbacks
Dictionaries and encyclopedias
Greeting cards
School supplies
Stationery and paper goods*

Filing and Payment Information

What is the schedule for filing and paying sales/use tax?

Different schedules must be followed for filing returns and paying sales/use tax depending on the amount of tax vendors expect to collect from their customers in a year. In order to be considered timely-filed, all returns must be postmarked by the U.S. Postal Service at least two days prior to the due date of the return. The following chart shows the different schedules for filing returns.

Annual sales/ use tax collected	Return filing requirement	Payment due
\$100 or less	Annually due 20 days after the end of the filing period — i.e., Jan. 20. Form ST-9A	Payment due with return.
From \$101 up to \$1,200	Quarterly due 20 days after end of the filing period — i.e., April 20, July 20, October 20 and January 20. Form ST-9Q (for goods) Form STS-Q (for services)	Payment due with return.
\$1,201 or more	Monthly due 20 days after end of the filing period — i.e., February 20 for January filing period. Form ST-9 (for goods) Form STS-M (for services)	Payment due with return.

Note: Sales and use tax taxpayers may choose to file their returns and make tax payments electronically. Contact the Department's EFT unit at (617) 887-5020, or visit the DOR website at www.mass.gov/dor for more information about how to register to use the programs, payment options and eligibility requirements.

Businesses and individuals incurring use tax liabilities who are not registered vendors may file Form ST-10 (Business Use Tax Return) or Form ST-11 (Individual Use Tax Return). Both returns are due annually by April 15.

What are the penalty and interest charges for late returns and payments?

Sales/use tax returns that are not filed on or before the due date are subject to interest and penalty charges.

*Penalty for late payment
is ½ percent per month*

The penalty for late payment is ½ of one percent of the unpaid tax shown on the return per month (or fraction thereof), up to a maximum of 25 percent.

The penalty for failure to file a return by the due date is one percent of the balance due per month (or fraction thereof), up to a maximum of 25 percent.

*Also, if you fail to pay the tax when due, interest will be charged at the federal short-term rate (which can change quarterly) plus four percentage points, compounded daily. If you wish to obtain information on these rates, please call DOR's Customer Service Bureau at (617) 887-MDOR or toll-free in Massachusetts at 1-800-392-6089. Rates also are published each quarter in the **Taxpayer Advisory Bulletin**. Interest accruing before January 1, 1993, even if the underlying liability is not assessed until after that date, accrued as simple interest at a rate of 18 percent per year.*

*See the "Taxpayer
Advisory Bulletin"*

Are there other penalties?

Yes. It is unlawful for a vendor to advertise or state to the public or any customer, directly or indirectly, that the sales tax, or any part of it, will be assumed or absorbed by the vendor, or that it will not be added to the selling price or that it will be refunded in whole or in part. This fine may not exceed \$100.

Willful evasion of taxes is a felony punishable by a fine up to \$100,000 for individuals or \$500,000 for corporations and/or imprisonment for up to five years. Willful failure to collect and pay over taxes is also a felony and is punishable by a fine up to \$10,000 and/or imprisonment for up to five years.

Must a form be filed even if no tax was due for a given period?

Yes. A form must be filed for all periods even when no tax is due — just enter zero in the appropriate places. Filing each period is necessary for DOR's record keeping purposes. It also will help to avoid requests from the Department for filing information.

What records must sales/use tax vendors keep?

Vendors registered to collect sales/use tax must keep complete and accurate records of the gross receipts from all sales, whether taxable or not. Vendors also must retain copies of sales/use tax returns together with any supporting information necessary to verify the accuracy of the return. Sufficient records provide the vendor with evidence of each transaction and may include, but are not limited to, register tapes, cash journals, memorandum accounts and ledgers. Vendors must retain copies of exempt certificates and credit memos issued to purchasers.

*Records must be kept
for all sales*

How long should sales/use tax records be kept?

Records must be retained for a minimum of three years from the date the return was filed or the date it was required to be filed, whichever is later. Additionally, returns may be audited for up to six years for understating by more than 25 percent the tax due on receipts that should have been reported on the return. You also should know that there is no limitation on the period for which DOR may request records if a vendor failed to file a return or filed a false or fraudulent return. Further information about retaining records is available in DOR Regulation 830 CMR 62C.25.1, Records Retention.

How are credit sales and bad debts treated?

Vendors must pay tax on all sales regardless of whether payment is received at the time of sale. Reimbursement for tax remitted on bad debts can be claimed only on an annual basis on a Claim for Bad Debt Reimbursement (Form ST-BDR). This form must be filed by the due date, including extensions, of the vendor's federal income tax return for accounts determined to be worthless during the prior fiscal year. For more information and requirements, please see Technical Information Release 00-3, Claiming the Bad Debt Reimbursement. To obtain a copy,

please visit the DOR website at www.mass.gov/dor, or call DOR's Rulings and Regulations Bureau at (617) 626-3250.

Form examples:

Example: Edward has a part-time business making guitars in Connecticut. Since Edward sometimes sells and delivers those guitars to Massachusetts residents, he registered to collect Massachusetts sales tax. As his annual Massachusetts sales tax collections are less than \$100, Edward files an Annual Sales and Use Tax Return (Form ST-9A) to make his sales tax payments.

If Edward has sales of \$1,855 during the year, his completed Form ST-9A will look like this:

ST-9A A			MASSACHUSETTS DEPARTMENT OF REVENUE ANNUAL SALES AND USE TAX RETURN		1. GROSS SALES

IMPORTANT: READ INSTRUCTIONS BEFORE COMPLETING RETURN

New owners: Do not use previous owner's form to file your return. Any change in ownership or organization requires a new registration. You must file a new Form TA-1.

Note: Lines 2A and 2B are for the sales of items becoming part of property sold or used directly in industrial or certain other production. These items are not to be used for income deductions.

Example: Carol, who owns an antique store in Southborough, MA is registered to collect sales/use tax in Massachusetts. Since her annual sales tax collections average \$10,000, Carol files Monthly Sales and Use Tax Returns (Form ST-9) to make her sales tax payments.

In February, Carol sells \$23,000 of antiques to her customers. Three thousand dollars of Carol's sales are for resale. Her completed ST-9 for the month will look like this:

Note: Lines 2A and 2B are for the sales of items becoming part of property sold or used directly in industrial or certain other production. These items are not to be used for income deductions.

Example: In March, Carol purchases five display units in New Hampshire for use in her business. The total cost of the units is \$300. No sales tax is paid on the goods. Since the display units were purchased out-of-state for use in the Commonwealth and because no sales tax was paid, Carol is responsible for paying the 5 percent use tax to the Commonwealth. Since Carol is a registered Massachusetts sales/use tax vendor, she will make her use tax payment on her next monthly Form ST-9.

Carol has gross sales of \$19,500 in March, including \$1,500 in sales for resale. Her return, including the use tax payment, will look like this:

22.90 – 23.09	1.15	29.90 – 30.09	1.50

To calculate the sales tax on any amount over \$30.09, multiply the purchase price by .05 and round off to the nearest cent.

Example:

A product which costs \$38.69 will have a sales tax of \$1.93
 ($\$38.69 \times .05 = \$1.9345 = \$1.93$).

A product which costs \$38.70 will have a sales tax of \$1.94
 ($\$38.70 \times .05 = \$1.935 = \$1.94$).

**THE TAX MUST BE COMPUTED ON THE TOTAL SALE
 (WITH THE EXCEPTION OF INDIVIDUAL CLOTHING
 ITEMS OVER \$175) AND NOT ON PRICES OF INDIVIDUAL
 ITEMS INCLUDED IN THE SALE.**
