Requirements to Dissolve/Terminate, Merge or Convert a Texas Entity

Susan Combs
Texas Comptroller of Public Accounts

MARCH 2007

This publication provides information about filing for dissolution/termination, merger or conversion of a Texas corporation or limited liability company.

Recording a change in corporate status generally involves the filing of information with both the Texas Comptroller of Public Accounts and the Texas Secretary of State.

Texas Comptroller of Public Accounts

The Comptroller of Public Accounts (CPA) is responsible for verifying that all tax requirements for the status change have been met. When all tax requirements have been met, the CPA will issue a Certificate of Account Status to the taxpayer to file with the Texas Secretary of State to complete the status change. The certificate can be mailed, faxed or sent to you electronically as a pdf file. Certificates of Account Status downloaded from the CPA's web site will NOT be accepted by the Texas Secretary of State as part of a status change. To determine if a corporation or limited liability company has satisfied all tax requirements for a status change, please see the "Need More Assistance" heading to contact the CPA.

TEXAS SECRETARY OF STATE

The Secretary of State (SOS) is responsible for recording the status change. The SOS records filings based upon the date of receipt, not the postmark date.

The Secretary of State must receive all appropriate fees and properly executed documents by 5 p.m. on the expiration date listed on the Certificate of Account Status to accept the filing for the status change. If the expiration date falls on a weekend or legal holiday, the documents must be received by 5 p.m. on the last working day preceding the weekend or legal holiday.

To avoid responsibility for the next annual franchise tax period, the SOS must receive all appropriate fees and properly executed documents by 5 p.m. on December 31st. If December 31st falls on a weekend, the documents must be received by 5 p.m. on the last working day of the year.

Articles of Dissolution/Termination may be filed electronically through the SOSDirect System. Additionally, customers may hand-deliver their filings to the SOS's office, but same-day service is not available.

DISSOLVING/TERMINATING A TEXAS CORPORATION OR LIMITED LIABILITY COMPANY

A Texas corporation or limited liability company that wants to dissolve/terminate must meet the following requirements.

Texas Comptroller of Public Accounts Requirements to Obtain a Certificate of Account Status to Dissolve/Terminate:
