INSTRUCTIONS TO COMPUTE AMOUNT EXEMPT FROM LEVY

To compute the amount exempt from levy, add the total of names entered above, including yours and your spouse's, and then, in Table A. on the reverse, find the filing status which matches your current income tax filing status. Using that table, find the number of exemptions and the frequency of your paydays, and use that amount as your exemption unless you and / or your spouse are over age 65 and / or blind. If so, you may claim an additional exemption. To compute that additional exemption, Use Table B on the reverse, and match your filing status, your number of additional deductions checked above, and the frequency of your payday. Add that amount to the amount computed in Table A to get your total exemption. See reverse for examples. **Note:** The amount exempt from levy may change annually. If it does and this levy remains in force next year, filing a new Statement of Exemptions will allow your employer to use the new year's exemption table. To obtain a new form, phone the contact number on the contact number on the face of the levy form.
