

Instructions for Payer/Borrower

A person (including a financial institution, a governmental unit, and a cooperative housing corporation) who is engaged in a trade or business and, in the course of such trade or business, received from you at least \$600 of mortgage interest (including certain points) on any one mortgage in the calendar year must furnish this statement to you.

If you received this statement as the payer of record on a mortgage on which there are other borrowers, furnish each of the other borrowers with information about the proper distribution of amounts reported on this form. Each borrower is entitled to deduct only the amount he or she paid and points paid by the seller that represent his or her share of the amount allowable as a deduction. Each borrower may have to include in income a share of any amount reported in box 3.

If your mortgage payments were subsidized by a government agency, you may not be able to deduct the amount of the subsidy. See the instructions for Form 1040, Schedule A, C, or E for how to report the mortgage interest. Also, for more information, see Pub. 936 and Pub. 535.

Payer's/Borrower's taxpayer identification number. For your protection, this form may show only the last four digits of your SSN, ITIN, ATIN, or EIN. However, the issuer has reported your complete identification number to the IRS.

Account number. May show an account or other unique number the lender has assigned to distinguish your account.

Box 1. Shows the mortgage interest received by the recipient/lender during the year. This amount includes interest on any obligation secured by real property, including a home equity, line of credit, or credit card loan. This amount does not include points, government subsidy payments, or seller payments on a "buydown" mortgage. Such amounts are deductible by you only in certain circumstances. **Caution:** *If you prepaid interest in 2016 that accrued in full by January 15, 2017, this prepaid interest may be included in box 1. However, you cannot deduct the prepaid amount in 2016 even though it may be included in box 1.* If you hold a mortgage credit certificate and can claim the mortgage interest credit, see Form 8396. If the interest was paid on a mortgage, home equity, line of credit, or credit card loan secured by your personal residence, you may be subject to a deduction limitation.

Box 2. Shows the outstanding mortgage principal on the mortgage as of January 1, 2016.

Box 3. Shows the date of the mortgage origination.

Box 4. Do not deduct this amount. It is a refund (or credit) for overpayment(s) of interest you made in a prior year or years. If you itemized deductions in the year(s) you paid the interest, you may have to include part or all of the box 4 amount on the "Other income" line of your 2016 Form 1040. No adjustment to your prior year(s) tax return(s) is necessary. For more information, see Pub. 936 and Itemized Deduction Recoveries in Pub. 525.

Box 5. Shows mortgage insurance premiums which may qualify to be treated as deductible mortgage interest. See the Schedule A (Form 1040) instructions and Pub. 936.

Box 6. Not all points are reportable to you. Box 6 shows points you or the seller paid this year for the purchase of your principal residence that are required to be reported to you. Generally, these points are fully deductible in the year paid, but you must subtract seller-paid points from the basis of your residence. Other points not reported in box 6 may also be deductible. See Pub. 936 to figure the amount you can deduct.

Box 7. If the address of the property securing the mortgage is the same as the payer's/borrower's, the box will be checked and boxes 8 and 9 will be blank. If not, either box 8 or 9 will be completed.

Box 8. This is the address of the property securing the mortgage.

Box 9. This is the description of the property securing the mortgage, if box 7 is not checked and box 8 is not completed.

Box 10. The interest recipient may use this box to give you other information, such as real estate taxes or insurance paid from escrow.

What's New

Mortgage insurance premiums. Report mortgage insurance premiums paid of \$600 or more in box 5. Reporting is required under section 6050H(h).

New reporting requirements. The Surface Transportation and Veterans Health Care Choice Improvement Act of 2015 contains new reporting requirements for recipients of mortgage interest. For forms 1098 issued to payers after December 31, 2016, you must report the address or description of property securing the mortgage, the outstanding mortgage principal as of January 1, 2016, and the mortgage origination date.

Form resized. Due to the modification of reporting requirements by P.L. 114-41, sec. 2003, the official IRS Form 1098 has increased in size from a 3-to-a-page to a 2-to-a-page format, beginning with tax year 2016. The revised form can be found at www.irs.gov/form1098.

Specific Instructions

Use Form 1098, Mortgage Interest Statement, to report mortgage interest (including points, defined later) of \$600 or more received by you during the year in the course of your trade or business from an individual, including a sole proprietor. Report only interest on a mortgage, defined later.

Table

IF an obligation is...	THEN...
Incurred after 1987	It is a mortgage if real property that is located inside or outside the United States secures all or part of the obligation. ¹
Incurred after 1984 but before 1988	It is a mortgage only if secured primarily by real property.
In existence on December 31, 1984	It is not a mortgage if, at the time the obligation was incurred, the interest recipient reasonably classified the obligation as other than a mortgage, real property loan, real estate loan, or other similar type of obligation. ²

¹ This applies even though the interest recipient classifies the obligation as other than a mortgage, for example, as a commercial loan.

² For example, if an obligation incurred in 1983 was secured by real property, but the interest recipient reasonably classified the obligation as a commercial loan because the proceeds were used to finance the borrower's business, the obligation is not considered a mortgage and reporting is not required. However, it is not reasonable to classify those obligations as other than mortgages for reporting purposes if over half the obligations in a class established by the interest recipient are primarily secured by real property.

The \$600 threshold applies separately to each mortgage; thus, file a separate Form 1098 for each mortgage. You may, at your option, file Form 1098 to report mortgage interest of less than \$600, but if you do, you are subject to the rules in these instructions.

If an overpayment of interest on an adjustable rate mortgage (ARM) or other mortgage was made in a prior year and you refund (or credit) that overpayment, you may have to file Form 1098 to report the refund (or credit) of the overpayment. See [Reimbursement of Overpaid Interest](#), later.

Also use Form 1098 to report mortgage insurance premiums of \$600 or more for the calendar year received by you from individuals in the course of your trade or business. See the instructions for box 4 on page 4.

Exceptions

You need not file Form 1098 for interest received from a corporation, partnership, trust, estate, association, or company (other than a sole proprietor) even if an individual is a co-borrower and all the trustees, beneficiaries, partners, members, or shareholders of the payer of record are individuals.

Mortgage Defined

A mortgage is any obligation secured by real property. Use the table below to determine which obligations are mortgages.

Real property is land and generally anything built on it, growing on it, or attached to the land. Among other things, real property includes a manufactured home with a minimum living space of 400 square feet and a minimum width of more than 102 inches and which is of a kind customarily used at a fixed location. See section 25(e)(10).

If property that secures the loan is not real property, you are not required to file Form 1098. However, the borrower may be entitled to a deduction for qualified residence interest, such as may be the case for a boat, which has sleeping space and cooking and toilet facilities, that the borrower uses as a home.

Lines of credit and credit card obligations. Interest (other than points) received on any mortgage that is in the form of a line of credit or credit card obligation is reportable regardless of how you classified the obligation. A borrower incurs a line of credit or credit card obligation when the borrower first has the right to borrow against the line of credit or credit card, whether or not the borrower actually borrows an amount at that time.

Who Must File

File this form if you are engaged in a trade or business and, in the course of such trade or business, you receive from an individual \$600 or more of mortgage interest on any one mortgage during the calendar year. You are not required to file this form if the interest is not received in the course of your trade or business. For example, you hold the mortgage on

your former personal residence. The buyer makes mortgage payments to you. You are not required to file Form 1098.

For information about who must file to report points, see *Who must report points*, later.

Not in the lending business. If you receive mortgage interest of \$600 or more in the course of your trade or business, you are subject to the requirement to file Form 1098, even if you are not in the business of lending money. For example, if you are a real estate developer and you provide financing to an individual to buy a home in your subdivision, and that home is security for the financing, you are subject to this reporting requirement. However, if you are a physician not engaged in any other business and you lend money to an individual to buy your home, you are not subject to this reporting requirement because you did not receive the interest in the course of your trade or business as a physician.

Governmental unit. A governmental unit (or any subsidiary agency) receiving mortgage interest from an individual of \$600 or more must file this form.

Cooperative housing corporation. A cooperative housing corporation is an interest recipient and must file Form 1098 to report an amount received from its tenant-stockholders that represents the tenant-stockholders' proportionate share of interest described in section 216(a)(2). This rule applies only to tenant-stockholders who are individuals and from whom the cooperative has received at least \$600 of interest during the year. See the TIP under box 1, later.

Collection agents. Generally, if you receive reportable interest payments (other than points) on behalf of someone else and you are the first person to receive the interest, such as a servicing bank collecting payments for a lender, you must file this form. Enter your name, address, taxpayer identification number (TIN), and telephone number in the recipient entity area. You must file this form even though you do not include the interest received in your income but you merely transfer it to another person. If you wish, you may enter the name of the person for whom you collected the interest in box 8. The person for whom you collected the interest need not file Form 1098.

However, there is an exception to this rule for any period that (a) the first person to receive or collect the interest does not have the information needed to report on Form 1098 and (b) the person for whom the interest is received or collected would receive the interest in its trade or business if the interest were paid directly to such person. If (a) and (b) apply, the person on whose behalf the interest is received or collected is required to report on Form 1098. If interest is received or collected on behalf of another person other than an individual, such person is presumed to receive the interest in a trade or business.

Foreign interest recipient. If you are not a U.S. person, you must file Form 1098 if the interest is received in the United States. A U.S. person is a citizen or resident of the United States, a domestic partnership or corporation, or a nonforeign estate or trust. If the interest is received outside the United States, you must file Form 1098 if (a) you are a controlled foreign corporation or (b) at least 50% of your gross income from all sources for the 3-year period ending with the close of the tax year preceding the receipt of interest (or for such part of the period as you were in existence) was effectively connected with the conduct of a trade or business in the United States.

Designation agreement. An interest recipient, including a recipient of points, can designate a qualified person to file Form 1098 and to provide a statement to the payer of record.

A qualified person is either (a) a trade or business in which the interest recipient is under common control as specified in Regulations section 1.414(c)-2 or (b) a designee, named by the lender of record or by a qualified person, who either was involved in the original loan transaction or is a subsequent purchaser of the loan.

A lender of record is the person who, at the time the loan is made, is named as the lender on the loan documents and whose right to receive payment from the payer of record is secured by the payer of record's principal residence. Even if the lender of record intends to sell or otherwise transfer the loan to a third party after the close of the transaction, such intention does not change who is the lender of record.

The agreement must be in writing, identify the mortgage(s) and calendar years for which the qualified person must report, and be signed by the designator and the designee. A designee may report points on Form 1098 (as having been paid directly by the payer of record) only if the designation agreement contains the designator's representation that it did not lend such amount to the payer of record as part of the overall transaction. The agreement need not be filed with the IRS, but the

designator must keep a copy of it for 4 years after the close of the year in which the loan is made.

A designated qualified person is subject to any applicable penalties as if it were the interest recipient. Thus, a designator is relieved from liability for any applicable penalties.

Nonresident Alien Interest Payer

You must file Form 1098 to report interest paid by a nonresident alien only if all or part of the security for the mortgage is real property located in the United States.

Report the interest based on the following.

- If the interest is paid within the United States, you must request from the payer the applicable Form W-8 (withholding certificate) as described in Regulations section 1.1441-1(e)(1).
- If the interest is paid outside the United States, you must satisfy the documentary evidence standard described in Regulations section 1.6049-5(c).

Payer of Record

The payer of record is the individual carried on your books and records as the principal borrower. If your books and records do not indicate which borrower is the principal borrower, you must designate one.

If you permit a subsequent purchaser of the property to assume the loan without releasing the first purchaser from personal liability, the subsequent purchaser is the payer of record. Such subsequent purchaser's name, address, and TIN must appear on Form 1098.

Multiple borrowers. Even though there may be more than one borrower on the mortgage, you are required to prepare Form 1098 only for the payer of record, and only if such payer of record is an individual, showing the total interest received on the mortgage. Even if an individual is a coborrower, no Form 1098 is required unless the payer of record is also an individual.

Payments by Third Party

Report all interest received on the mortgage as received from the borrower, except as explained under *Seller Payments*, later. For example, if the borrower's mother makes payments on the mortgage, the interest received from the mother is reportable on Form 1098 as received from the borrower.

However, do not report mortgage interest received from any governmental unit (or any subsidiary agency). For example, do not report any interest received as housing assistance payments from the Department of Housing and Urban Development (HUD) on mortgages insured under section 235 of the National Housing Act.

The IRS will not assert information reporting penalties against mortgage services that report as interest mortgage assistance payments received under a State Program funded by the Housing Finance Agency Innovative Fund for the Hardest-Hit Housing Markets (HFA Hardest Hit Fund) if the mortgage servicer notifies the homeowner that the amounts reported on the Form 1098 are overstated because they include governmental subsidy payments. State housing finance agencies receiving funds allocated from the HFA Hardest Hit Fund may comply with the mortgage interest reporting requirement by reporting payments on either Form 1098-MA, Mortgage Assistance Payments, available at www.irs.gov/form1098MA, or on the statement described in section 4.03 of Rev. Proc. 2011-55, available at www.irs.gov/irb/2011-47_IRB/ar13.html. For more information, see Notice 2013-7, available at www.irs.gov/irb/2013-06_IRB/ar08.html.

Seller Payments

Do not report in box 1 of Form 1098 any interest paid by a seller on a purchaser's/borrower's mortgage, such as on a "buy-down" mortgage. For example, if a real estate developer deposits an amount in escrow and tells you to draw on that escrow account to pay interest on the borrower's mortgage, do not report in box 1 the interest received from that escrow account. Also, do not report in box 1 any lump sum paid by a real estate developer to pay interest on a purchaser's/borrower's mortgage. However, if you wish, you may use box 8 to report to the payer of record any interest paid by the seller. See [Points](#), next, for information about reporting seller-paid points in box 7.

Points

You must report certain points paid for the purchase of the payer of record's principal residence on Form 1098. You must report points if the

points, plus other interest on the mortgage, are \$600 or more. For example, if a borrower pays points of \$300 and other mortgage interest of \$300, the lender has received \$600 of mortgage interest and must file Form 1098.

Report the total points on Form 1098 for the year of closing regardless of the accounting method you use to report the points as income for federal income tax purposes.

Who must report points. The lender of record or a qualified person must file Form 1098 to report all points paid by the payer of record in connection with the purchase of the principal residence. If a designation agreement is in effect for a mortgage, only the person designated in the agreement must file Form 1098 to report all points on that mortgage. See [Designation agreement](#), earlier.

Amounts received directly or indirectly by a mortgage broker are treated as points to the same extent they would be treated as points if paid to and retained by the lender of record. The lender of record must report those points paid to a mortgage broker.

Reportable points. Report on Form 1098 points that meet all the following conditions.

1. They are clearly designated on the Settlement Statement (Form HUD-1) as points; for example, "loan origination fee" (including amounts for VA and FHA loans), "loan discount," "discount points," or "points."
2. They are computed as a percentage of the stated principal loan amount.
3. They are charged under an established business practice of charging points in the area where the loan was issued and do not exceed the amount generally charged in that area.
4. They are paid for the acquisition of the payer of record's principal residence, and the loan is secured by that residence. You may rely on a signed written statement from the payer of record that states that the proceeds of the loan are for the purchase of the payer of record's principal residence.
5. They are paid directly by the payer of record. Points are paid directly if either a or b below applies.
 - a. The payer of record provides funds that were not borrowed from the lender of record for this purpose as part of the overall transaction. The funds may include down payments, escrow deposits, earnest money applied at closing, and other funds actually paid over by the payer of record at or before closing.
 - b. The seller pays points on behalf of the payer of record. Points paid by the seller to the interest recipient on behalf of the payer of record are treated as paid to the payer of record and then paid directly by the payer of record to the interest recipient.

Report points paid under 5a and 5b on the payer of record's Form 1098 in box 7.

Exceptions. Do not report as points on Form 1098 amounts paid:

- For loans to improve a principal residence;
- For loans to purchase or improve a residence that is not the payer of record's principal residence, such as a second home, vacation, investment, or trade or business property, even though the borrower may be entitled to amortize points paid for the purchase of a second home, vacation home, etc., and deduct them over the life of the loan;
- For a home equity or line of credit loan, even if secured by the principal residence;
- For a refinancing (but see [Construction loans](#), below), including a loan to refinance a debt owed by the borrower under a land contract, a contract for deed, or similar forms of seller financing;
- In lieu of items ordinarily stated separately on the Form HUD-1, such as appraisal fees, inspection fees, title fees, attorney fees, and property taxes; and
- To acquire a principal residence to the extent the points are allocable to an amount of principal in excess of \$1 million.

Construction loans. Amounts paid on a loan to construct a residence (construction loan) or to refinance a loan incurred to construct a residence are reportable on Form 1098 as points if they:

- Are clearly designated on the loan documents as points incurred in connection with the loan, such as loan origination fees, loan discount, discount points, or points;
- Are computed as a percentage of the stated principal loan amount;
- Conform to an established business practice of charging points in the area where the loan is issued and do not exceed the amount generally charged in the area;

- Are paid in connection with a loan incurred by the payer of record to construct (or refinance construction of) a residence that is to be used, when completed, as the principal residence of the payer of record;
- Are paid directly by the payer of record; and
- Are not allocable to an amount of principal in excess of \$1 million.

Amounts paid to refinance a loan to construct a residence are not points to the extent they are allocable to debt that exceeds the debt incurred to construct the residence.

Prepaid Interest

Report prepaid interest (other than points) only in the year in which it properly accrues.

Example. Interest received on December 20, 2016, that accrues by December 31 but is not due until January 31, 2017, is reportable on the 2016 Form 1098.

Exception. Interest received during the current year that will properly accrue in full by January 15 of the following year may be considered received in the current year, at your option, and is reportable on Form 1098 for the current year. However, if any part of an interest payment accrues after January 15, then only the amount that properly accrues by December 31 of the current year is reportable on Form 1098 for the current year. For example, if you receive a payment of interest that accrues for the period December 20 through January 20, you cannot report any of the interest that accrues after December 31 for the current year. You must report the interest that accrues after December 31 on Form 1098 for the following year.

Prepaid Mortgage Insurance

Except for amounts paid to the Department of Veterans Affairs or the Rural Housing Service, payments allocable to periods after 2007 are treated as paid in the periods to which they are allocable.

The Treasury Department has issued regulations for allocating prepaid qualified mortgage insurance premiums. Regulations section 1.163-11 applies to prepaid qualified mortgage insurance premiums paid or accrued on or after January 1, 2011, provided by the Federal Housing Administration or private mortgage insurers. For regulations applicable before January 1, 2011, see Regulations section 1.163-11T.

Reimbursement of Overpaid Interest

You are required to report reimbursements of overpaid interest aggregating \$600 or more to a payer of record on Form 1098. You are not required to report reimbursements of overpaid interest aggregating less than \$600 unless you are otherwise required to file Form 1098. That is, if you did not receive at least \$600 of mortgage interest during the year of reimbursement from the person to whom you made the reimbursement, you are not required to file Form 1098 merely to report a reimbursement of less than \$600. However, you may report any reimbursement of overpaid interest that you are not otherwise required to report, but if you do, you are subject to the rules in these instructions.

The reimbursement must be reported on Form 1098 for the year in which the reimbursement is made. No change should be made to the prior year Form 1098 because of this reimbursement. Report the total reimbursement even if it is for overpayments made in more than 1 year.

To be reportable, the reimbursement must be a refund or credit of mortgage interest received in a prior year that was required to be reported for that prior year by any interest recipient on Form 1098. Only the person who makes the reimbursement is required to report it on Form 1098. For example, if you bought a mortgage on which interest was overpaid in a prior year, you made a reimbursement of the overpaid interest, and the previous mortgage holder was required to report mortgage interest on Form 1098 in the prior year, you must file Form 1098 to report the reimbursement because you are the one making the reimbursement.

Example. In 2014, you received \$5,000 of mortgage interest from the payer/borrower and reported that amount on Form 1098 for 2014. In 2016, you determined that interest due on the mortgage for 2014 was \$4,500, and the payer/borrower had overpaid \$500. You refunded the \$500 overpayment to the payer/borrower in 2016. If you received \$600 or more of interest on the mortgage from the payer/borrower in 2016, you must report the \$500 refund in box 5 of the 2016 Form 1098. No change to the 2014 Form 1098 is required. If, instead of refunding the \$500 overpayment, you credited the payer/borrower's 2016 mortgage interest payments due, \$500 is still shown in box 5, and the interest received

from the payer/borrower in 2016 shown in box 1 must include the \$500 credit.

Overpayment and reimbursement in same year. If you reimburse interest in the same year it is overpaid, do not report the overpayment on Form 1098 as interest received during the year or as a reimbursement of overpaid interest. For example, if the borrower paid \$5,000 and you reimbursed \$500 of that amount in 2016, enter \$4,500 in box 1 as interest paid by the borrower. Do not enter the \$500 reimbursement in box 5.

Interest on reimbursement. A financial institution (or its middleman) that pays interest of \$10 or more on the reimbursement must report that interest (under section 6049) on Form 1099-INT, Interest Income. Others that pay interest of \$600 or more on the reimbursement must report that interest (under section 6041) on Form 1099-INT. Do not include such interest on Form 1098.

Statements to Payers of Record

If you are required to file Form 1098, you must provide a statement to the payer of record. For more information about the requirement to furnish a statement to the payer of record, see part M in the 2016 General Instructions for Certain Information Returns.

Truncating payer's/borrower's identification number on payee statements. Pursuant to Treasury Regulations section 301.6109-4, all filers of this form may truncate a payee's identification number (social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN)) on payee statements. Truncation is not allowed on any documents the filer files with the IRS. See part J in the 2016 General Instructions for Certain Information Returns for additional information.

Recipient's/Lender's Name, Address, and Telephone Number Box

Enter the name, address, and telephone number of the filer of Form 1098. Use this same name and address on Form 1096.

Payer's/Borrower's Name and Address Boxes

Enter the name and address, in the appropriate boxes, of the person who paid the interest (payer of record).

Be careful to enter the recipient's and payer's information in the proper boxes.

Account Number

The account number is required if you have multiple accounts for a payer/borrower for whom you are filing more than one Form 1098. Additionally, the IRS encourages you to designate an account number for all Forms 1098 that you file. See part L in the 2016 General Instructions for Certain Information Returns.

Box 1. Mortgage Interest Received from Payer(s)/Borrower(s)

Enter the interest (not including points) received on the mortgage from borrowers during the calendar year. Include interest on a mortgage, a home equity loan, or a line of credit or credit card loan secured by real property. Do not include government subsidy payments, seller payments, or prepaid interest that does not meet the exception explained under *Prepaid Interest*, earlier. Interest includes prepayment penalties and late charges unless the late charges are for a specific mortgage service.

A cooperative housing corporation that receives any cash part of a patronage dividend from the National Consumer Cooperative Bank must reduce the interest to be reported on each tenant-stockholder's Form 1098 by a proportionate amount of the cash payment in the year the cooperative receives the cash payment. See Rev. Proc. 94-40, 1994-1 C.B. 711.

Box 2. Outstanding Mortgage Principal as of 1/1/2016

Enter the amount of outstanding principal on the mortgage as of January 1, 2016.

Box 3. Mortgage Origination Date

Enter the date of the origination of the mortgage.

Box 4. Refund of Overpaid Interest

Enter the total refund or credit of a prior year(s) overpayment of interest. See *Reimbursement of Overpaid Interest*, earlier.

Box 5. Mortgage Insurance Premiums

Enter total premiums of \$600 or more paid (received) in 2016, including prepaid premiums, for qualified mortgage insurance. Qualified mortgage insurance is mortgage insurance under a contract issued after December 31, 2006, and provided by the Department of Veterans Affairs, the Federal Housing Administration, or the Rural Housing Service (or their successor organizations), and private mortgage insurance, as defined by section 2 of the Homeowners Protection Act of 1998 (as in effect on December 20, 2006).

Receipt of \$600 or more of mortgage insurance premiums is determined on a mortgage-by-mortgage basis. Do not aggregate mortgage insurance premiums received on all of the mortgages of an individual to determine whether the \$600 threshold is met. You do not need to report mortgage insurance premiums of less than \$600 received on a mortgage, even though you receive a total of \$600 or more of mortgage insurance premiums on all of the mortgages for an individual in a calendar year.

See *Prepaid Mortgage Insurance*, earlier, for the tax treatment of prepaid mortgage insurance premiums.

Box 6. Points Paid on Purchase of Principal Residence

Enter points paid on the purchase of the payer of record's principal residence. For an explanation of reportable points, see *Reportable points*, earlier.

Box 7. Address of Property Securing Mortgage

If the address of the property securing the mortgage is the same as the payer's/borrower's mailing address, complete the checkbox in box 7. If the address of the property securing the mortgage is not the same as the payer's/borrower's mailing address, complete box 8. If the property securing the mortgage does not have an address, complete box 9.

Box 8. Property Address (If Different from Payer's/Borrower's Address)

If the address of the property securing the mortgage is not the same as the payer's/borrower's mailing address, enter the street address (including the apartment number) of the property securing the mortgage. Immediately below the street address, enter the city or town; state or province; country; and ZIP or foreign postal code of the property securing the mortgage.

Box 9. Property Description (If No Address Available)

If the property securing the mortgage has no address, enter the property's jurisdiction and the property's Assessor Parcel Number(s) (APN), as indicated in the examples below. Synonyms for the APN include the Assessor's Identification Number (AIN), the Property Identification Number (PIN), the Property Account Number, and the Tax Account Number. Examples:

Washtenaw County, MI
VV-WW-XX-YYY-ZZZ

Jackson County, MO
AA-BBB-CC-DD-EE-F-GG-HHH

Nashua, NH
XX-YY

Box 10. Other

Enter any other item you wish to report to the payer, such as real estate taxes, insurance paid from escrow, or if you are a collection agent, the name of the person for whom you collected the interest. You do not have to report to the IRS any information provided in this box.

Future Developments

For the latest information about developments related to the General Instructions for Certain Information Returns after they were published, go to www.irs.gov/uac/About-Form-1099.

What's New

New filing date. Public Law 114-113, Division Q, section 201, requires Form 1099-MISC to be filed on or before

January 31, 2017, when you are reporting nonemployee compensation payments in box 7. Otherwise, file by February 28, 2017, if you file on paper, or by March 31, 2017, if you file electronically. The due dates for furnishing payee statements remain the same.

New Forms 1099-QA and 5498-QA. P.L. 113-295, Division B, the Stephen Beck, Jr., Achieving a Better Life Experience (ABLE) Act of 2014, allows individuals and families to save for the purpose of supporting individuals with disabilities to maintain health, independence, and quality of life by establishing an ABLE savings account. Form 1099-QA, Distributions from ABLE Accounts, and Form 5498-QA, ABLE Account Contribution Information, and their separate instructions will provide the necessary information for reporting distributions from and contributions to ABLE accounts.

Online fillable forms. Due to the very low volume of paper Forms 1099-CAP, 1099-LTC, 1099-SA, 5498-ESA, and 5498-SA received and processed by the IRS each year, these forms have been converted to online fillable pdfs. You may fill out these forms, found online at www.irs.gov/formspubs, and send Copy B to each recipient. For filing with the IRS, follow your usual procedures for filing electronically if you are filing 250 or more of a form type. If you are filing any of these forms on paper due to a low volume of recipients, **for these forms only**, you may send a black and white Copy A with form 1096 that you print from the IRS website. See part E for paper filing requirements.

Safe harbor rules for de minimis dollar amount errors. P.L. 114-113 Division Q, sec. 202 adds safe harbor rules for de minimis dollar amount errors on information returns and payee statements. See *Penalties* in part O, later.

Reminders

Due date for certain statements sent to recipients. The due date for furnishing statements to recipients for Forms 1099-B, 1099-S, and 1099-MISC (if amounts are reported in box 8 or 14) is February 15, 2017. This also applies to statements furnished as part of a consolidated reporting statement. See the [Guide to Information Returns](#) for due dates for all returns.

Electronic filing. *E-filers* are reminded that using the FIRE System requires following the specifications contained in Pub. 1220. Also, the IRS does not provide a fill-in form option. See part F for information on *e-file*.

Payee. Throughout these instructions the term “payee” means any recipient of Forms 1097, 1098, 1099, 3921, 3922, 5498, or W-2G including beneficiaries, borrowers,

debtors, donors, employees, insureds, participants, policyholders, shareholders, students, transferors, and winners.

Where to file. All information returns filed on paper will be filed with only two Internal Revenue Service Centers: Austin, TX, and Kansas City, MO. See part D and Form 1096, Annual Summary and Transmittal of U.S. Information Returns.

Items You Should Note

Photographs of Missing Children

The Internal Revenue Service is a proud partner with the National Center for Missing and Exploited Children. Photographs of missing children selected by the Center may appear in instructions on pages that would otherwise be blank. You can help bring these children home by looking at the photographs and calling 1-800-THE-LOST (1-800-843-5678) if you recognize a child.

Guide to Information Returns

See the chart, later, for a brief summary of information return reporting rules.

Use Form 1096 To Send Paper Forms to the IRS

You must send Copies A of all paper Forms 1097, 1098, 1099, 3921, 3922, 5498, and W-2G to the IRS with Form 1096, Annual Summary and Transmittal of U.S. Information Returns. Instructions for completing Form 1096 are contained on Form 1096. Also see part E.

Reporting Backup Withholding on Forms 1099 and W-2G

If you backup withhold on a payment, you must file the appropriate Form 1099 or Form W-2G with the IRS and furnish a statement to the recipient to report the amount of the payment and the amount withheld. This applies even though the amount of the payment may be below the normal threshold for filing Form 1099 or Form W-2G. For how to report backup withholding, see part N.

Substitute Statements to Recipients

If you are using a substitute form to furnish information statements to recipients (generally Copy B), be sure your substitute statements comply with the rules in Pub. 1179. Pub. 1179, which is revised annually, explains the requirements for format and content of substitute statements to recipients. See part M for additional information.

Taxpayer Identification Number (TIN) Matching

TIN Matching allows a payer or authorized agent who is required to file Forms 1099-B, DIV, INT, K, MISC, OID, and/or PATR, which report income subject to backup withholding, to match TIN and name combinations with IRS records before submitting the forms to the IRS. TIN Matching is one of the e-services products that is offered and is accessible through the IRS website. For program guidelines, see Pub. 2108-A, or go to IRS.gov and enter keyword "TIN matching" in the upper right corner. It is anticipated that payers who validate the TIN and name combinations before filing information returns will receive fewer backup withholding (CP2100) notices and penalty notices. E-services technical support is available by calling 1-866-255-0654.

A. Who Must File

See the separate specific instructions for each form.

Nominee/middleman returns. Generally, if you receive a Form 1099 for amounts that actually belong to another person, you are considered a nominee recipient. You must file a Form 1099 with the IRS (the same type of Form 1099 you received) for each of the other owners showing the amounts allocable to each. You must also furnish a Form 1099 to each of the other owners. File the new Form 1099 with Form 1096 with the Internal Revenue Service Center for your area. On each new Form 1099, list yourself as the "payer" and the other owner as the "recipient." On Form 1096, list yourself as the "Filer." A spouse is not required to file a nominee return to show amounts owned by the other spouse. The nominee, not the original payer, is responsible for filing the subsequent Forms 1099 to show the amount allocable to each owner.

Successor/predecessor reporting. A successor business (a corporation, partnership, or sole

proprietorship) and a predecessor business (a corporation, partnership, or sole proprietorship) may agree that the successor will assume all or some of the predecessor's information reporting responsibilities. This would permit the successor to file one Form 1097, 1098, 1099, 3921, 3922, 5498, or W-2G for each recipient combining the predecessor's and successor's reportable amounts, including any withholding. If they so agree and the successor satisfies the predecessor's obligations and the conditions described on this page, the predecessor does not have to file the specified information returns for the acquisition year. If the successor and predecessor do not agree, or if the requirements described are not met, the predecessor and the successor each must file Forms 1097, 1098, 1099, 3921, 3922, 5498, and W-2G for their own reportable amounts as they usually would. For more information and the rules that apply to filing combined Forms 1042-S, see Rev. Proc. 99-50, which is available on page 757 of Internal Revenue Bulletin 1999-52 at www.irs.gov/pub/irs-irbs/irb99-52.pdf.

The combined reporting procedure is available when all the following conditions are met.

1. The successor acquires from the predecessor substantially all the property (a) used in the trade or business of the predecessor, including when one or more corporations are absorbed by another corporation under a merger agreement, or (b) used in a separate unit of a trade or business of the predecessor.

2. The predecessor is required to report amounts, including any withholding, on information returns for the year of acquisition for the period before the acquisition.

3. The predecessor is not required to report amounts, including withholding, on information returns for the year of acquisition for the period after the acquisition.

Combined reporting agreement. The predecessor and the successor must agree on the specific forms to which the combined reporting procedure applies and that the successor assumes the predecessor's entire information reporting obligations for these forms. The predecessor and successor may agree to:

1. Use the combined reporting procedure for all Forms 1097, 1098, 1099, 3921, 3922, 5498, and W-2G; or

2. Limit the use of the combined reporting procedure to (a) specific forms, or (b) specific reporting entities, including any unit, branch, or location within a particular business entity that files its own separate information returns. For example, if the predecessor's and successor's only compatible computer or recordkeeping systems are their dividends paid ledgers, they may agree to use the combined reporting procedure for Forms 1099-DIV only. Similarly, if the only compatible systems are in their midwest branches, they may agree to use the combined reporting procedure for only the midwest branches.

Combined reporting procedure. On each Form 1097, 1098, 1099, 3921, 3922, 5498, and W-2G filed by the successor, the successor must combine the predecessor's (before the acquisition) and successor's reportable amounts, including any withholding, for the acquisition year and report the aggregate. For transactional reporting on Form 1099-B, the successor

must report each of the predecessor's transactions and each of its own transactions on each Form 1099-B. These same reporting requirements apply to Form 3921 and Form 3922. The successor may include with the form sent to the recipient additional information explaining the combined reporting.

For purposes of the combined reporting procedure, the sharing of TINs and other information obtained under section 3406 for information reporting and backup withholding purposes does not violate the confidentiality rules in section 3406(f).

Statement required. The successor must file a statement with the IRS indicating the forms that are being filed on a combined basis under Rev. Proc. 99-50. The statement must:

1. Include the predecessor's and successor's names, addresses, telephone numbers, EINs, and the name and telephone number of the person responsible for preparing the statement;

2. Reflect separately the amount of federal income tax withheld by the predecessor and by the successor for each type of form being filed on a combined basis (for example, Form 1099-R or 1099-MISC; and

3. Be sent separately from Forms 1097, 1098, 1099, 3921, 3922, 5498, and W-2G by the forms' due date to: Internal Revenue Service, Information Returns Branch, 230 Murall Drive, Mail Stop 4360, Kearneysville, WV 25430. Do not send Form 1042-S statements to this address. Instead, use the address given in the Instructions for Form 1042-S; see Rev. Proc. 99-50.

Qualified settlement funds. A qualified settlement fund must file information returns for distributions to claimants if any transferor to the fund would have been required to file if the transferor had made the distributions directly to the claimants.

For distributions to transferors, a fund is subject to the information reporting requirements of sections 6041 and 6041A and may be required to file Form 1099-MISC. For payments made by the fund on behalf of a claimant or transferor, the fund is subject to these same rules and may have to file Form 1099-MISC for the payment to a third party. For information reporting purposes, a payment made by the fund on behalf of a claimant or transferor is considered a distribution to the claimant or transferor and is also subject to information reporting requirements.

The same filing requirements, exceptions, and thresholds may apply to qualified settlement funds as apply to any other payer. That is, the fund must determine the character of the payment (for example, interest, fixed or determinable income, or gross proceeds from broker transactions) and to whom the payment is made (for example, corporation or individual).

For more information, see Regulations section 1.468B-2(l). Also, see Treasury Decision (TD) 9249, 2006-10 I.R.B. 546, available at www.irs.gov/irb/2006-10_IRB/ar05.html. TD 9249 relates to escrow and similar funds.

Payments to foreign persons. See the Instructions for Form 1042-S, relating to U.S. source income of foreign

persons, for reporting requirements relating to payments to foreign persons.

Widely held fixed investment trusts (WHFITs).

Trustees and middlemen of WHFITs are required to report all items of gross income and proceeds on the appropriate Form 1099. For the definition of a WHFIT, see Regulations section 1.671-5(b)(22). A tax information statement that includes the information provided to the IRS on Forms 1099, as well as additional information identified in Regulations section 1.671-5(e), must be furnished to trust interest holders (TIHs).

Items of gross income (including OID) attributable to the TIH for the calendar year including all amounts of income attributable to selling, purchasing, or redeeming of a trust holder's interest in the WHFIT must be reported. Items of income that are required to be reported including non-pro rata partial principal payments, trust sales proceeds, redemption asset proceeds, and sales of a trust interest on a secondary market must be reported on Form 1099-B. See Regulations section 1.671-5(d).

Safe harbor rules for determining the amount of an item to be reported on Form 1099 and a tax information statement with respect to a TIH in a non-mortgage WHFIT (NMWHFIT) and a widely held mortgage trust (WHMT) are found in Regulations sections 1.671-5(f) and (g), respectively.

Trustees and middlemen must follow all the rules for filing Forms 1099 with the IRS and furnishing a statement to the TIH (except as noted below) as described in parts A through S of these instructions. Trustees and middlemen should also follow the separate instructions for Forms 1099-B, 1099-DIV, 1099-INT, 1099-MISC, and 1099-OID, as applicable, which may address additional income reporting requirements.

Due date exception and other requirements for furnishing statement to TIH. The written tax information for 2016 furnished to the TIH is due on or before March 15, 2017. For other items of expense and credit that must be reported to the TIH, see Regulations section 1.671-5(c).

There is no reporting requirement if the TIH is an exempt recipient unless the trustee or middleman backup withholds under section 3406. If the trustee or middleman backup withholds, then follow the rules in part N. An exempt recipient for this purpose is defined in Regulations section 1.671-5(b)(7).

Reporting to foreign persons. Items of a WHFIT attributable to a TIH who is not a U.S. person must be reported and amounts withheld following the provisions of sections 1441 through 1464. See Form 1042-S and its separate instructions for more information.

FATCA Filing Requirements of Certain Foreign Financial Institutions (FFIs)

If you are required to report an account that is a U.S. account under chapter 4 of the Code (chapter 4), you may be eligible to elect to report the account on Form(s) 1099 instead of on Form 8966, FATCA Report.

If the account is either a U.S. account held by a passive nonfinancial foreign entity (NFFE) that is a U.S.-owned foreign entity or an account held by an owner-documented FFI, do not file a Form 1099 with respect to such an account. Instead, you must file Form 8966, in accordance with its requirements and its accompanying instructions, to report the account for chapter 4 purposes.

Election described in Regulations section

1.1471-4(d)(5)(i)(A). You are eligible to make this election to report an account on Form(s) 1099 if:

- You are a participating FFI (including a Reporting Model 2 FFI) (PFFI) or are a registered deemed-compliant FFI (RDC FFI) (other than a Reporting Model 1 FFI) required to report a U.S. account as a condition of your applicable RDC FFI status (see Regulations section 1.1471-5(f)(1)(i));
- You are required to report the account as a U.S. account for chapter 4 purposes; and
- The account is a U.S. account held by a specified U.S. person that you elect to report under Regulations section 1.1471-4(d)(5)(i)(A).

Election described in Regulations section

1.1471-4(d)(5)(i)(B). You are eligible to make this election to report an account on Form(s) 1099 if:

- You are a PFFI or are a RDC FFI (other than a Reporting Model 1 FFI) required to report a U.S. account as a condition of your applicable RDC FFI status (see Regulations section 1.1471-5(f)(1)(i));
- You are required to report the account as a U.S. account for chapter 4 purposes; and
- The account is a U.S. account held by a specified U.S. person that is a cash value insurance contract or annuity contract that you elect to report under Regulations section 1.1471-4(d)(5)(i)(B) in a manner similar to section 6047(d).

You may make an election described in Regulations section 1.1471-4(d)(5)(i)(A) or (B) either with respect to all such U.S. accounts or, separately, with respect to any clearly identified group of such accounts (for example, by line of business or by location where the account is maintained).

Special reporting by U.S. payer described in Regulations section

1.1471-4(d)(2)(iii)(A). If you are a U.S. payer that is a PFFI other than a U.S. branch, you also may satisfy your requirement to report with respect to a U.S. account for chapter 4 purposes by reporting on each appropriate Form 1099 in the manner described in Regulations section 1.1471-4(d)(2)(iii)(A).

Reporting procedure. If you are an FFI that is eligible to make an election described in Regulations section 1.1471-4(d)(5)(i)(A) or (B) or are a U.S. payer reporting as described in Regulations section 1.1471-4(d)(2)(iii)(A), you must do so by filing each appropriate Form 1099 with the IRS and reporting the payments required to be reported by a U.S. payer (as defined in Regulations section 1.6049-5(c)(5)) with respect to the account. See, however, *Payments required to be reported*, later. See also the separate specific instructions for each form to determine which form to file.

TIP All Form 1099 filers must have an EIN. If you have not previously filed a Form 1099 or other return, you must obtain an EIN and include it on each Form 1099 that you file. See part K for more information, including how to obtain an EIN.

In addition to the information otherwise required to be reported on the appropriate Form 1099, you also must include the following information for each account you are reporting as described in Regulations section 1.1471-4(d)(2)(iii)(A) or (d)(5)(i)(A) or (B).

- The name, address, and TIN of the account holder.
- The account number.
- If applicable, the jurisdiction of the branch that maintains the account being reported by adding the branch's jurisdiction after the payer's name, that is, "Payer's Name (Jurisdiction X branch)."

CAUTION If you are an FFI making an election described in Regulations section 1.1471-4(d)(5)(i)(A) or (B), or are a U.S. payer reporting as described in Regulations section 1.1471-4(d)(2)(iii)(A), you are required to report the payee's account number on each Form 1099 you file (regardless of the fact that the account number otherwise may be optional for purposes of reporting on the applicable Form 1099).

If you are a sponsoring entity that is reporting a U.S. account on behalf of a sponsored FFI described above, report on the appropriate Form(s) 1099 the following information in the payer boxes (if filing on paper) or in the appropriate fields of the payer record (if filing electronically).

- For the name, enter the sponsored FFI's name on the first line and the sponsoring entity's name on the second line.
- For the address, enter the sponsoring entity's address.
- For the federal (or taxpayer) identification number, enter the sponsored FFI's EIN.

In addition, if you are filing electronically, enter numeric code "1" in the "Transfer Agent Indicator" field. See Pub. 1220 for electronic filing of forms. If you are filing on paper, enter your Global Intermediary Identification Number (GIIN) in the lower right-hand portion of the title area on the top of Form 1096, Annual Summary and Transmittal of U.S. Information Returns. For transmittal of paper forms, see Form 1096 and its accompanying instructions.

If you are an FFI described above that is electing to report an account to which you did not make any payments for the calendar year that are required to be reported on a Form 1099, you must report the account on Form 1099-MISC. In addition, if you made any payments for the calendar year that would be required to be reported on a Form 1099 if not for an applicable dollar amount threshold, you also must report the account on Form 1099-MISC. See the Instructions for Form 1099-MISC.

Payments required to be reported. If you make an election described in Regulations section 1.1471-4 (d)(5)(i)(A) or (B), you are required to report any payments made to the account as required for purposes of the election, that is, payments that would be reportable under

sections 6041, 6042, 6045, and 6049 if you were a U.S. payer.

CAUTION Reporting under chapter 4 does not affect an FFI's otherwise applicable obligations to report payments as a payer under chapter 61.

Forms 1099 used. The payments required to be reported under this election for calendar year 2016 must be reported, as applicable, on Form 1099-B, Proceeds From Broker or Barter Exchange Transactions; Form 1099-DIV, Dividends and Distributions; 1099-INT, Interest Income; 1099-OID, Original Issue Discount; 1099-MISC, Miscellaneous Income; or 1099-R, Distributions From Pensions, Annuities, Retirement or Profit-Sharing Plans, IRAs, Insurance Contracts, etc. See also the separate specific instructions for each form.

Definitions. For detailed information about definitions that apply for purposes of chapter 4 generally, see Regulations section 1.1471-1(b). A Reporting FI under a Model 2 Intergovernmental Agreement (IGA) should also refer to definitions that may apply under that IGA or apply pursuant to any applicable domestic law pertaining to its FATCA obligations. U.S. account. A U.S. account is any account held by one or more specified U.S. persons. A U.S. account also includes any account held by a passive NFFE that has one or more substantial U.S. owners, or in the case of a Reporting Model 2 FFI, any account held by a passive NFFE that has one or more controlling persons that are specified U.S. persons. See Regulations section 1.1471-5(a) and an applicable Model 2 IGA.

- Form 2439, reporting undistributed long-term capital gains of a regulated investment company (RIC) or real estate investment trust (REIT).

C. When to File

File Forms 1097, 1098, 1099, 3921, 3922, or W-2G on paper by February 28, 2017, or March 31, 2017, if filing electronically. File Forms 5498, 5498-ESA, 5498-QA, and 5498-SA by May 31, 2017. Form 1096 must accompany all paper submissions. See part E for paper and part F for electronic filing requirements.

File Form 1099-MISC by January 31, 2017, if you are reporting nonemployee compensation in box 7.

You will meet the requirement to file if the form is properly addressed and mailed on or before the due date. If the regular due date falls on a Saturday, Sunday, or legal holiday, file by the next business day. A business day is any day that is not a Saturday, Sunday, or legal holiday. See part M about providing Forms 1097, 1098, 1099, 3921, 3922, 5498, and W-2G or statements to recipients.

Private delivery services. You can use certain private delivery services designated by the IRS to meet the “timely mailing as timely filing” rule for information returns. The list includes only the following.

- Federal Express (FedEx): FedEx First Overnight, FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2 Day, FedEx International Next flight Out, FedEx International Priority, FedEx International First, and FedEx International Economy.
- United Parcel Service (UPS): UPS Next Day Air Early AM, UPS Next Day Air, UPS Next Day Air Saver, UPS 2nd Day Air, UPS 2nd Day Air A.M., UPS Worldwide Express Plus, and UPS Worldwide Express.

The private delivery service can tell you how to get written proof of the mailing date.

Reporting period. Forms 1097, 1098, 1099, 3921, 3922, and W-2G are used to report amounts received, paid, credited, donated, transferred, or canceled, in the case of Form 1099-C, during the calendar year. Forms 5498, 5498-ESA, 5498-QA, and 5498-SA are used to report amounts contributed and the fair market value of an account for the calendar year.

Extension of time to file. You can get an automatic 30-day extension of time to file by completing Form 8809. The form may be submitted on paper, or through the FIRE System either as a fill-in form or an electronic file. No signature or explanation is required for the extension. However, you must file Form 8809 by the due date of the returns in order to get the 30-day extension. Under certain hardship conditions you may apply for an additional 30-day extension. See the instructions for Form 8809 for more information.

For TY 2016, extensions of time to file Forms 1099-QA and 5498-QA will be through the IRIS system, not the FIRE system.

How to apply. As soon as you know that a 30-day extension of time to file is needed, file Form 8809.

- Follow the instructions on Form 8809 and mail it to the address listed in the instructions on the form or you can fax it. See the instructions for Form 8809 for more information.
- You can submit the extension request online through the FIRE System. You are encouraged to submit requests using the online fill-in form. See Pub. 1220, Part B, for more information on filing online or electronically.

Extension for statements to recipients. For information on requesting an extension of time to furnish statements to recipients, see *Extension* under part M.

E. Filing Returns With the IRS

The IRS strongly encourages the quality review of data before filing to prevent erroneous notices from being mailed to payees (or others for whom information is being reported).

If you must file any Form 1097, 1098, 1099, 3921, 3922, 5498, or W-2G with the IRS and you are filing paper forms, you must send a Form 1096 with each type of form as the transmittal document. You must group the forms by form number and submit each group with a separate Form 1096. For example, if you file Forms 1098, 1099-A, and 1099-MISC, complete one Form 1096 to transmit Forms 1098, another for Forms 1099-A, and a third for Forms 1099-MISC. Specific instructions for completing Form 1096 are included on the form. Also, see *Transmitters, paying agents, etc.* below. For information about filing corrected paper returns, see part H.

Because the IRS processes paper forms by machine (optical character recognition equipment), you cannot file Form 1096 or Copy A of Forms 1097, 1098, 1099, 3921, 3922, or 5498 that you print from the IRS website. However, you can use Copy B from those sources to provide recipient statements.

Exception: Forms 1098-MA, 1099-CAP, 1099-LTC, 1099-QA, 1099-SA, 5498-ESA, 5498-QA, and 5498-SA

can be filled out online and Copy A can be printed and filed with the IRS using Form 1096.

You can order information returns and instructions online at www.irs.gov/orderforms, or you can mail an order to the address in part T.

See Pub. 1179 for specifications for private printing of substitute information returns. You may not request special consideration. Only forms that conform to the official form and the specifications in Pub. 1179 are acceptable for filing with the IRS.

Transmitters, paying agents, etc. A transmitter, service bureau, paying agent, or disbursing agent (hereafter referred to as "agent") may sign Form 1096 on behalf of any person required to file (hereafter referred to as "payer") if the conditions in (1) and (2) below are met.

1. The agent has the authority to sign the form under an agency agreement (oral, written, or implied) that is valid under state law and

2. The agent signs the form and adds the caption "For: (Name of payer)."

Signing of the form by an authorized agent on behalf of the payer does not relieve the payer of the liability for penalties for not filing a correct, complete, and timely Form 1096 and accompanying returns.

Forms 1097, 1098, 1099, 3921, 3922, 5498, W-2G, or acceptable substitute statements to recipients issued by a service bureau or agent should show the same payer's name as shown on the information returns filed with the IRS.

For information about the election to report and deposit backup withholding under the agent's TIN and how to prepare forms if the election is made, see Rev. Proc. 84-33, 1984-1 C.B. 502, and the Instructions for Form 945.

Keeping copies. Generally, keep copies of information returns you filed with the IRS or have the ability to reconstruct the data for at least 3 years, 4 years for Form 1099-C, from the due date of the returns. Keep copies of information returns for 4 years if backup withholding was imposed.

Shipping and mailing. Send the forms to the IRS in a flat mailing (not folded). If you are sending many forms, you may send them in conveniently sized packages. On each package, write your name, number the packages consecutively, and place Form 1096 in package number one. Postal regulations require forms and packages to be sent by First-Class Mail.

F. Electronic Reporting

Electronic reporting may be required for filing all information returns discussed in these instructions (see *Who must file electronically* below). Different types of payments, such as interest, dividends, and rents, may be reported in the same submission.

Pub. 1220 provides the procedures for reporting electronically and is updated annually. Pub. 1220 is available at IRS.gov.

You can file electronically through the Filing Information Returns

Electronically System (FIRE System); however, you must have software that can produce a file in the proper format according to Pub. 1220. The FIRE System does not provide a fill-in form option for information return reporting. The FIRE System operates 24 hours a day, 7 days a week. You may access the FIRE System via the Internet at fire.irs.gov. See Pub. 1220 for more information.

Due dates. File Forms 1097, 1098, 1099, 3921, 3922, or W-2G electronically through the FIRE System by March 31, 2017. File Forms 5498, 5498-ESA, 5498-QA, or 5498-SA by May 31, 2017. See part M about providing Forms 1097, 1098, 1099, 3921, 3922, 5498, and W-2G or statements to recipients.

File Form 1099-MISC by January 31, 2017, if you are reporting nonemployee compensation in box 7.

Extension of time to file. For information about requesting an extension of time to file, see *Extension of time to file*, earlier, under part C.

If you file electronically, do not file the same returns on paper.

Who must file electronically. If you are required to file 250 or more information returns, you must file electronically. The 250-or-more requirement applies separately to each type of form. For example, if you must file 500 Forms 1098 and 100 Forms 1099-A, you must file Forms 1098 electronically, but you are not required to file Forms 1099-A electronically.

The electronic filing requirement does not apply if you apply for and receive a hardship waiver. See *How to request a waiver from filing electronically*, later.

The IRS encourages you to file electronically even though you are filing fewer than 250 returns.

Filing requirement applies separately to originals and corrections. The electronic filing requirements apply separately to original returns and corrected returns. Originals and corrections are not aggregated to determine whether you are required to file electronically. For example, if you file 400 Forms 1098 electronically and you are making 75 corrections, your corrections can be filed on paper because the number of corrections for Form 1098 is less than the 250 filing requirement. However, if you were filing 250 or more Form 1098 corrections, they would have to be filed electronically.

Reporting incorrect payer name and/or TIN. If a payer discovers an error in reporting the payer (not recipient) name and/or TIN, write a letter containing the following information.

1. Name and address of the payer.
2. Type of error (including the incorrect payer name/TIN that was reported).
3. Tax year.

4. Payer TIN.
5. Transmitter Control Code (TCC).
6. Type of return.
7. Number of payees.
8. Filing method (paper or electronic).
9. Was federal income tax withheld?

Send the letter to Internal Revenue Service, Information Returns Branch, 230 Murall Drive, Mail Stop 4360, Kearneysville, WV 25430.

If a payer realizes duplicate reporting or a large percentage of incorrect information has been filed, contact the information reporting customer service site at 1-866-455-7438 for further instructions.

How to get approval to file electronically. File Form 4419 at least 30 days before the due date of the returns. File Form 4419 for all types of returns that will be filed electronically. See Form 4419 for more information. Once you have received approval, you need not reapply each year. The IRS will provide a written reply to the applicant and further instructions at the time of approval, usually within 30 days.

How to request a waiver from filing electronically. To receive a waiver from the required filing of information returns electronically, submit Form 8508 at least 45 days before the due date of the returns. You cannot apply for a waiver for more than 1 tax year at a time. If you need a waiver for more than 1 tax year, you must reapply at the appropriate time each year.

If a waiver for original returns is approved, any corrections for the same types of returns will be covered under the waiver. However, if you submit original returns electronically but you want to submit your corrections on paper, a waiver must be approved for the corrections if you must file 250 or more corrections.

If you receive an approved waiver, do not send a copy of it to the service center where you file your paper returns. Keep the waiver for your records only.

Penalty. If you are required to file electronically but fail to do so, and you do not have an approved waiver, you may be subject to a penalty of up to \$100 per return for failure to file electronically unless you establish reasonable cause. However, you can file up to 250 returns on paper; those returns will not be subject to a penalty for failure to file electronically. See part O.

The penalty applies separately to original returns and corrected returns. See *Filing requirement applies separately to originals and corrections*, later.

G. Paper Document Reporting

If you are required to file 250 or more information returns, see part F.

Follow these guidelines.

1. Although handwritten forms are acceptable, they must be completely legible and accurate to avoid processing errors. Handwritten forms often result in name/TIN mismatches. Use block print, not script characters. If you have a small number of forms, consider contacting an IRS business partner who may be able to

prepare them with little or no cost to you. See (5) below for details. Type entries using black ink in 12-point Courier font. Copy A is read by machine and must be typed clearly using no corrections in the data entry fields. Data must be printed in the middle of the blocks, well separated from other printing and guidelines. Entries completed by hand, or using script, italic, or proportional spaced fonts, or in colors other than black, cannot be read correctly by machine. Make all dollar entries without the dollar sign, but include the decimal point (00000.00). Show the cents portion of the money amounts. If a box does not apply, leave it blank.

2. Do not enter 0 (zero) or "None" in money amount boxes when no entry is required. Leave the boxes blank unless the instructions specifically require that you enter a 0 (zero). For example, in some cases, you must enter 0 (zero) to make corrections. See part H.

3. Do not enter number signs (#)—RT 2, not Rt. #2.

4. Send the entire page of Copy A of your information returns with Form 1096 to the IRS even if some of the forms are blank or void. Do not use staples on any forms.

5. To locate an IRS business partner who may be able to offer low-cost or even free filing of certain forms, enter "e-file for Business Partners" in the Search box on IRS.gov.

Multiple filings. If, after you file Forms 1097, 1098, 1099, 3921, 3922, 5498, or W-2G, you discover additional forms that are required to be filed, file these forms with a new Form 1096. Do not include copies or information from previously filed returns.

Required format. Because paper forms are scanned, all Forms 1096 and Copies A of Forms 1097, 1098, 1099, 3921, 3922, and 5498 must be prepared in accordance with the following instructions. If these instructions are not followed, you may be subject to a penalty for each incorrectly filed document. See part O.

1. Do not cut or separate Copies A of the forms that are printed two or three to a sheet (except Forms W-2G and 1098-C). Generally, Forms 1097, 1098, 1099, 3921, 3922, and 5498 are printed two or three to an 8 x 11 inch sheet. Form 1096 is printed one to an 8 x 11 inch sheet. These forms must be submitted to the IRS on the 8 x 11 inch sheet. If at least one form on the page is correctly completed, you must submit the entire page. Forms W-2G may be separated and submitted as single forms. Send the forms to the IRS in a flat mailing (not folded).

2. No photocopies of any forms are acceptable. See *How To Get Forms, Publications, and Other Assistance*, later.

3. Do not staple, tear, or tape any of these forms. It will interfere with the IRS' ability to scan the documents.

4. Pinfeed holes on the form are not acceptable. Pinfeed strips outside the 8 x 11 inch area must be removed before submission, without tearing or ripping the form. Substitute forms prepared in continuous or strip form must be burst and stripped to conform to the size specified for a single sheet (8 x 11 inches) before they are filed with the IRS.

5. Do not change the title of any box on any form. Do not use a form to report information that is not properly

reportable on that form. If you are unsure of where to report the data, call the information reporting customer service site at 1-866-455-7438 (toll free).

6. Report information only in the appropriate boxes provided on the forms. Make only one entry in each box unless otherwise indicated in the form's specific instructions.

7. Do not submit any copy other than Copy A to the IRS.

8. Do not use prior year forms unless you are reporting prior year information. Do not use subsequent year forms for the current year. Because forms are scanned, you must use the current year form to report current year information.

9. Use the official forms or substitute forms that meet the specifications in Pub. 1179. If you submit substitute forms that do not meet the current specifications and that are not scannable, you may be subject to a penalty for each return for improper format. See part O.

10. Do not use dollar signs (\$) (they are preprinted on the forms), ampersands (&), asterisks (*), commas (,), or other special characters in money amount boxes.

11. Do not use apostrophes ('), asterisks (*), or other special characters on the payee name line.

Common errors. Be sure to check your returns to prevent the following common errors.

1. Duplicate filing. Do not send the same information to the IRS more than once. Also see *Multiple filings*, earlier.

2. Filer's name, address, and TIN are not the same on Form 1096 and the attached Forms 1097, 1098, 1099, 3921, 3922, 5498, or W-2G.

3. Decimal point to show dollars and cents omitted. For example, 1230.00 is correct, not 1230.

4. Two or more types of returns submitted with one Form 1096 (for example, Forms 1099-INT and 1099-MISC with one Form 1096). You must submit a separate Form 1096 with each type of return.

H. Corrected Returns on Paper Forms

To file corrections for electronically filed forms, see part F and Pub. 1220.

If you filed a return with the IRS and later discover you made an error on it, you must:

- Correct it as soon as possible and file Copy A and Form 1096 with your Internal Revenue Service Center (see part D), and
- Furnish statements to recipients showing the correction.

When making a correction, complete all information (see *Filing corrected returns on paper forms*, later).

- Do not cut or separate forms that are two or three to a page. Submit the entire page even if only one of the forms on the page is completed.
- Do not staple the forms to Form 1096.
- Do not send corrected returns to the IRS if you are correcting state or local information only. Contact the state

or local tax department for help with this type of correction.

To correct payer information, see *Reporting incorrect payer name and/or TIN*, earlier.

Form 1096. Use a separate Form 1096 for each type of return you are correcting. For the same type of return, you may use one Form 1096 for both originals and corrections. You do not need to correct a previously filed Form 1096.

CORRECTED checkbox. Enter an “X” in the corrected checkbox only when correcting a form previously filed with the IRS or furnished to the recipient. Certain errors require two returns to make the correction. See *Filing corrected returns on paper forms* below to determine when to mark the “CORRECTED” checkbox.

Account number. If the account number was provided on the original return, the same account number must be included on both the original and corrected returns to properly identify and process the correction. If the account number was not provided on the original return, do not include it on the corrected return. See part L.

Recipient's statement. You may enter a date next to the “CORRECTED” checkbox. This will help the recipient in the case of multiple corrections.

Filing corrected returns on paper forms. The error charts, later, give step-by-step instructions for filing corrected returns for the most frequently made errors. They are grouped under Error Type 1 or 2. Correction of errors may require the submission of more than one return. Be sure to read and follow the steps given.

If you fail to file correct information returns or furnish a correct payee statement, you may be subject to a penalty. See part O. Regulations section 301.6724-1 (relating to information return penalties) does not require you to file corrected returns for missing or incorrect TINs if you meet the reasonable cause criteria. You are merely required to include the correct TIN on the next original return you are required to file.

However, even if you meet the reasonable cause criteria, the IRS encourages you to file corrections for incorrect or missing TINs so that the IRS can update the payees' records.

I. Void Returns

An “X” in the “VOID” box at the top of the form will not correct a previously filed return. See part H for instructions for making corrections.

VOID box. If a completed or partially completed Form 1097, 1098, 1099, 3921, 3922, or 5498 is incorrect and you want to void it before submission to the IRS, enter an “X” in the “VOID” box at the top of the form. For example, if you make an error while typing or printing a form, you should void it. The return will then be disregarded during processing by the IRS. Go to the next form on the page, or to another page, and enter the correct information; but do not mark the “CORRECTED” box. Do not cut or separate the forms that are two or three to a page. Submit the entire

page even if only one of the forms on the page is a good return.

J. Recipient Names and Taxpayer Identification Numbers (TINs)

Recipient name. Show the full name and address in the section provided on the information return. If payments have been made to more than one recipient or the account is in more than one name, show on the first name line the name of the recipient whose TIN is first shown on the return. You may show the names of any other individual recipients in the area below the first line, if desired. Form W-2G filers, see the Instructions for Forms W-2G and 5754.

Sole proprietors. You must show the individual's name on the first name line; on the second name line, you may enter the “doing business as (DBA)” name. You may not enter only the DBA name. For the TIN, enter either the individual's SSN or the EIN of the business (sole proprietorship). The IRS prefers that you enter the SSN.

Limited liability company (LLC). For a single-member LLC (including a foreign LLC with a U.S. owner) that is disregarded as an entity separate from its owner under Regulations section 301.7701-3, enter the owner's name only on the first name line and the LLC's name on the second name line. For the TIN, enter the owner's SSN (or EIN, if applicable). If the LLC is taxed as a corporation, partnership, etc., enter the entity's EIN.

Bankruptcy estate. If an individual (the debtor) for whom you are required to file an information return is in Chapter 11 bankruptcy, and the debtor notified you of the bankruptcy estate's EIN, report post-petition gross income, gross proceeds, or other reportable payments on the applicable information return using the estate's name and EIN. The debtor should notify you when the bankruptcy is closed, dismissed, or converted, so that any subsequent information returns will be filed with the correct name and EIN. Different rules apply if the bankruptcy is converted to Chapter 7, 12, or 13 of the Bankruptcy Code. For additional guidance, see Notice 2006-83, 2006-40 I.R.B. 596, available at www.irs.gov/irb/2006-40_IRB/ar12.html.

TINs. TINs are used to associate and verify amounts you report to the IRS with corresponding amounts on tax returns. Therefore, it is important that you furnish correct names, social security numbers (SSNs), individual taxpayer identification numbers (ITINs), employer identification numbers (EINs), or adoption taxpayer identification numbers (ATINs) for recipients on the forms sent to the IRS.

Requesting a recipient's TIN. If the recipient is a U.S. person (including a U.S. resident alien), the IRS suggests that you request the recipient complete Form W-9, Request for Taxpayer Identification Number and Certification, or Form W-9S, Request for Student's or Borrower's Taxpayer Identification Number and Certification, as appropriate. See the Instructions for the Requester of Form W-9 for more information on how to request a TIN.

If the recipient is a foreign person, the IRS suggests that you request the recipient complete the appropriate

Form W-8. See the Instructions for the Requester of Forms W-8BEN, W-8ECI, W-8EXP, and W-8IMY.

U.S. resident aliens who rely on a "saving clause" of a tax treaty are to complete Form W-9, not Form W-8BEN. See Pub. 515 and Pub. 519.

You may be subject to a penalty for an incorrect or missing TIN on an information return. See part O. You are required to maintain the confidentiality of information obtained on a Form W-9/W-9S relating to the taxpayer's identity (including SSNs, EINs, ITINs, and ATINs), and you may use such information only to comply with the tax laws.

If the recipient does not provide a TIN, leave the box for the recipient's TIN blank on the Form 1097, 1098, 1099, 3921, 3922, 5498, or W-2G.

Only one recipient TIN can be entered on the form.

Backup withholding may apply; see part N.

If the recipient does not provide a TIN, you may not make the election described in Regulations section 1.1471-4(d)(5)(i)(A) or (B) or report as described in Regulations section 1.1471-4(d)(2)(iii)(A).

The TIN for individual recipients of information returns is the SSN, ITIN, or ATIN. See *Sole proprietors*, earlier. For other recipients, including corporations, partnerships, and estates, the TIN is the EIN. Income reportable after the death of an individual must reflect the TIN of the payee, that is, of the estate or of the surviving joint owner. For more information, see *Personal Representative* in Pub. 559. For LLCs, see the information on Limited Liability Company (LLC), earlier.

SSNs, ITINs, and ATINs have nine digits separated by two hyphens (000-00-0000), and EINs have nine digits separated by only one hyphen (00-0000000). **Note.** Make sure you include the hyphen(s) in the correct place(s) when completing the paper form(s).

Truncating payee identification number on payee statements. Filers of information returns are permitted to truncate a payee's SSN, ITIN, ATIN, or EIN on most payee statements. The payee's TIN may not be truncated on Form W-2-G. Where permitted, filers may truncate a payee's identification number on the payee statement (including substitute and composite substitute statements) furnished to the payee in paper form or electronically. Generally, the payee statement is that copy of an information return designated "Copy B" on the form. A "payee" is any person who is required to receive a copy of the information set forth on an information return by the filer of the return. For some forms, the term "payee" will refer to beneficiary, borrower, debtor, insured, participant, payer, policyholder, recipient, shareholder, student, or transferor. If a filer truncates an identification number on Copy B, other copies of the form furnished to the payee may also include a truncated number. A filer may not truncate a payee's identification number on any forms the filer files with the IRS. A filer's identification number may not be truncated on any form. To truncate where allowed, replace the first 5 digits of the 9-digit number with asterisks (*) or Xs (for example, an SSN xxx-xx-xxxx would appear on the paper payee statement as ***-**-xxxx

or XXX-XX-xxxx). See Treasury Decision 9675, 2014-31 I.R.B. 242, available at www.irs.gov/irb/2014-31_IRB/ar07.html.

Electronic submission of Forms W-9. Requesters may establish a system for payees and payees' agents to submit Forms W-9 electronically, including by fax. A requester is anyone required to file an information return. A payee is anyone required to provide a TIN to the requester.

Payee's agent. A payee's agent can be an investment advisor (corporation, partnership, or individual) or an introducing broker. An investment advisor must be registered with the Securities and Exchange Commission (SEC) under the Investment Advisers Act of 1940. The introducing broker is a broker-dealer that is regulated by the SEC and the National Association of Securities Dealers, Inc., and that is not a payer. Except for a broker who acts as a payee's agent for "readily tradable instruments," the advisor or broker must show in writing to the payer that the payee authorized the advisor or broker to transmit the Form W-9 to the payer.

Generally, the electronic system must do the following.

1. Ensure the information received is the information sent and document all occasions of user access that result in the submission.
2. Make reasonably certain the person accessing the system and submitting the form is the person identified on Form W-9.
3. Provide the same information as the paper Form W-9.
4. Be able to supply a hard copy of the electronic Form W-9 if the IRS requests it.
5. Require as the final entry in the submission an electronic signature by the payee whose name is on Form W-9 that authenticates and verifies the submission. The electronic signature must be under penalties of perjury and the perjury statement must contain the language of the paper Form W-9.

For Forms W-9 that are not required to be signed, the electronic system need not provide for an electronic signature or a perjury statement.

Additional requirements may apply. See Announcement 98-27, available on page 30 of Internal Revenue Bulletin 1998-15 at www.irs.gov/pub/irs-irbs/irb98-15.pdf, and Announcement 2001-91, available on page 221 of Internal Revenue Bulletin 2001-36 at www.irs.gov/pub/irs-irbs/irb01-36.pdf.

Electronic submission of Forms W-9S. See the Instructions for Forms 1098-E and 1098-T.

K. Filer's Name, Identification Number, and Address

The TIN for filers of information returns, including sole proprietors and nominees/middlemen, is the EIN. However, sole proprietors and nominees/middlemen who are not otherwise required to have an EIN should use their SSNs. A sole proprietor is not required to have an EIN unless he or she has a Keogh plan or must file excise or employment tax returns. See Pub. 583.

If you are an FFI making the election described in Regulations section 1.1471-4(d)(5)(i)(A) or (B), you are required to use an EIN and cannot, for purposes of filing a Form 1099, use your GIIN.

The filer's name and TIN should be consistent with the name and TIN used on the filer's other tax returns. The name of the filer's paying agent or service bureau must not be used in place of the name of the filer.

For a single-member LLC (including a foreign LLC with a U.S. owner) that is disregarded as an entity separate from its owner under Regulations section 301.7701-3, enter the owner's name only on the first name line and the LLC's name on the second name line. For the TIN, enter the owner's SSN (or EIN, if applicable). If the LLC is taxed as a corporation, partnership, etc., enter the entity's EIN.

If you do not have an EIN, you may apply for one online. Go to IRS.gov and under the Help and Resources tab click on Apply for an Employer Identification Number (EIN) Online (under the Business heading). You may also apply by faxing or mailing Form SS-4, Application for Employer Identification Number, to the IRS. See the Instructions for Form SS-4 for more information.

L. Account Number Box on Forms

Use the account number box on Forms 1097, 1098, 1099, 3921, 3922, and 5498 for an account number designation. The account number is required if you have multiple accounts for a recipient for whom you are filing more than one information return of the same type. The account number is also required if you are an FFI making the election described in Regulations section 1.1471-4(d)(5)(i)(A) or (B) or are a U.S. payer reporting as described in Regulations section 1.1471-4(d)(2)(iii)(A). Additionally, the IRS encourages you to include the recipient's account number on paper forms if your system of records uses the account number rather than the name or TIN for identification purposes. Also, the IRS will include the account number in future notices to you about backup withholding. See Pub. 1220 if you are filing electronically.

The account number may be a checking account number, savings account number, brokerage account number, serial number, loan number, policy number, or any other number you assign to the payee that is unique and will distinguish the specific account. This number must not appear anywhere else on the form, and this box may not be used for any other item unless the separate instructions indicate otherwise. Using unique account numbers ensures that corrected information returns will be processed accurately.

If you are using window envelopes to mail statements to recipients and using reduced rate mail, be sure the account number does not appear in the window. The Postal Service may not accept these for reduced rate mail.

M. Statements to Recipients (Beneficiaries, Borrowers, Debtors, Donors, Employees, Insureds, Participants, Payers, Policyholders, Shareholders, Students, Transferors, or Winners on Certain Forms)

If you are required to file Forms 1097, 1098, 1099, 3921, 3922, 5498, or W-2G, you must also furnish statements to recipients containing the information furnished to the IRS and, in some cases, additional information. Be sure that the statements you provide to recipients are clear and legible.

Substitute statements. If you are not using the official IRS form to furnish statements to recipients, see Pub. 1179 for specific rules about providing "substitute" statements to recipients. Generally, a substitute is any statement other than Copy B of the official form. You may develop them yourself or buy them from a private printer. However, the substitutes must comply with the format and content requirements specified in Pub. 1179 that is available on IRS.gov.

Telephone number. You are required to include the telephone number of a person to contact on the following statements to recipients: W-2G, 1097-BTC, 1098, 1098-C, 1098-E, 1098-Q, 1098-T, 1099-A, 1099-B, 1099-C, 1099-CAP, 1099-DIV, 1099-G (excluding state and local income tax refunds), 1099-INT, 1099-K, 1099-LTC, 1099-MISC (excluding fishing boat proceeds), 1099-OID, 1099-PATR, 1099-Q, and 1099-S. You may include the telephone number in any conspicuous place on the statements. This number must provide direct access to an individual who can answer questions about the statement. Although not required, if you report on other Forms 1099 and 5498, or on Forms 3921 and 3922, you are encouraged to furnish telephone numbers.

Rules for furnishing statements. Different rules apply to furnishing statements to recipients depending on the type of payment (or other information) you are reporting and the form you are filing.

If you are reporting a payment that includes noncash property, show the fair market value of the property at the time of payment. Although, generally, you are not required to report payments smaller than the minimum described for a form, you may prefer, for economy and your own convenience, to file Copies A for all payments. The IRS encourages this.

Report the type of payment information as described next for: (a) *Dividend, interest, and royalty payments*; (b) *Real estate transactions*; and (c) *Other information*.

Dividend, interest, and royalty payments. For payments of dividends under section 6042 (reported on Form 1099-DIV), patronage dividends under section 6044 (reported on Form 1099-PATR), interest (including original issue discount and tax-exempt interest) under section 6049 (reported on Form 1099-INT or 1099-OID), or royalties under section 6050N (reported on Form 1099-MISC or 1099-S), you are required to furnish an

official IRS Form 1099 or an acceptable substitute Form 1099 to a recipient either in person, by First-Class Mail to the recipient's last known address, or electronically (see *Electronic recipient statements*, later). Statements may be sent by intraoffice mail if you use intraoffice mail to send account information and other correspondence to the recipient.

Statement mailing requirements for Forms 1099-DIV, 1099-INT, 1099-OID, and 1099-PATR, and forms reporting royalties only. The following statement mailing requirements apply only to Forms 1099-DIV (except for section 404(k) dividends), 1099-INT (except for interest reportable in the course of your trade or business under section 6041), 1099-OID, 1099-PATR, and timber royalties reported under section 6050N (on Form 1099-MISC or 1099-S). The mailing must contain the official IRS Form 1099 or an acceptable substitute and may also contain the following enclosures: (a) Form W-2, applicable Form W-8, Form W-9, or other Forms W-2G, 1097, 1098, 1099, 3921, 3922, and 5498 statements; (b) a check from the account being reported; (c) a letter explaining why no check is enclosed; (d) a statement of the person's account shown on Forms 1097, 1098, 1099, 3921, 3922, or 5498; and (e) a letter explaining the tax consequences of the information shown on the recipient statement.

A statement of the person's account (year-end account summary) that you are permitted to enclose in a statement mailing may include information similar to the following: (a) the part of a mutual fund distribution that is interest on U.S. Treasury obligations; (b) accrued interest expense on the purchase of a debt obligation; and (c) the cost or other basis of securities and the gain/loss on the sale of securities.

No additional enclosures, such as advertising, promotional material, or a quarterly or annual report, are permitted. Even a sentence or two on the year-end statement describing new services offered by the payer is not permitted. Logos are permitted on the envelope and on any nontax enclosures. See Pub. 1179, section 1.3.2.

A recipient statement may be perforated to a check or to a statement of the recipient's specific account. The check or account statement to which the recipient statement is perforated must contain, in bold and conspicuous type, the legend "Important Tax Return Document Attached."

The legend "Important Tax Return Document Enclosed" must appear in a bold and conspicuous manner on the outside of the envelope and on each letter explaining why no check is enclosed, or on each check or account statement that is not perforated to the recipient statement. The legend is not required on any tax form, tax statement, or permitted letter of tax consequences included in a statement mailing. Further, you need not pluralize the word "document" in the legend simply because more than one recipient statement is enclosed.

If you provide Forms 1097, 1098, 1099, 3921, 3922, 5498, or W-2G recipient statements in a "separate mailing" that contains only these statements, Forms W-8 and W-9, and a letter explaining the tax consequences of the information shown on a recipient statement included in the envelope, you are not required to include the legend "Important Tax Return Document Enclosed" on the envelope.

Substitute forms. You may furnish to the recipient Copy B of the official IRS form, or you may use substitute Forms 1099-DIV, 1099-INT, 1099-OID, or 1099-PATR, if they contain the same language as the official IRS forms and they comply with the rules in Pub. 1179, relating to substitute Forms 1099. Applicable box titles and numbers must be clearly identified, using the same wording and numbering as the official IRS form. For information on substitute Forms 1099-MISC, see *Other information*, later. For Forms 1099-S, see *Real estate transactions*, later.

All substitute statements to recipients must contain the tax year, form number, and form name prominently displayed together in one area of the statement. For example, they could be shown in the upper right part of the statement.

If you are using substitutes, the IRS encourages you to use boxes so that the substitute has the appearance of a form. The substitute form must contain the applicable instructions as on the front and back of Copy B (in the case of Form 1099-R, Copies B, C, and 2) of the official IRS form. See Pub. 1179 for additional requirements and certain "composite" statements that are permitted.

Real estate transactions. You must furnish a statement to the transferor containing the same information reported to the IRS on Form 1099-S. You may use Copy B of the official IRS Form 1099-S or a substitute form that complies with Pub. 1179 and Regulations section 1.6045-4(m). You may use a Settlement Statement (under the Real Estate Settlement Procedures Act (RESPA)) as the written statement if it is conformed by including on the statement the legend shown on Form 1099-S and by designating which information is reported to the IRS on Form 1099-S. You may furnish the statement to the transferor in person, by mail, or electronically. Furnish the statement at or after closing but by February 15 of the following year.

The statement mailing requirements explained earlier do not apply to statements to transferors for proceeds from real estate transactions reported on Form 1099-S. However, the statement mailing requirements do apply to statements to transferors for timber royalties reportable under section 6050N on Form 1099-S.

Other information. Statements to recipients for Forms 1097-BTC, 1098, 1098-C, 1098-E, 1098-Q, 1098-T, 1099-A, 1099-B, 1099-C, 1099-CAP, 1099-G, 1099-K, 1099-LTC, 1099-MISC, 1099-Q, 1099-QA, 1099-R, 1099-SA, 3921, 3922, 5498, 5498-ESA, 5498-QA, 5498-SA, W-2G, 1099-DIV (only for section 404(k) dividends reportable under section 6047), 1099-INT (only for interest reportable in the course of your trade or business under section 6041), or 1099-S (only for royalties) need not be, but can be, a copy of the official

paper form filed with the IRS. If you do not use a copy of the paper form, the form number and title of your substitute must be the same as the official IRS form. All information required to be reported must be numbered and titled on your substitute in substantially the same manner as on the official IRS form. However, if you are reporting a payment as "Other income" in box 3 of Form 1099-MISC, you may substitute appropriate explanatory language for the box title. For example, for payments of accrued wages to a beneficiary of a deceased employee required to be reported on Form 1099-MISC, you might change the title of box 3 to "Beneficiary payments" or something similar.

Appropriate instructions to the recipient, similar to those on the official IRS form, must be provided to aid in the proper reporting of the items on the recipient's income tax return. For payments reported on Form 1099-B, rather than furnish appropriate instructions with each Form 1099-B statement, you may furnish to the recipient one set of instructions for all statements required to be furnished to a recipient in a calendar year.

Except for royalties reported on Form 1099-MISC or 1099-S, the statement mailing requirements explained earlier do not apply to statements to recipients for information reported on the forms listed under *Other information*, earlier. You may combine the statements with other reports or financial or commercial notices, or expand them to include other information of interest to the recipient. Be sure that all copies of the forms are legible. See Pub. 1179 for certain "composite" statements that are permitted.

When to furnish forms or statements. Generally, you must furnish Forms 1098, 1099, 3921, 3922, and W-2G information by January 31, 2017. Forms 1099-B, 1099-S, and 1099-MISC (only if you are reporting payments in box 8 or 14) must be furnished by February 15, 2017. This also applies to statements furnished as part of a consolidated reporting statement. See T.D. 9504, 2010-47 I.R.B. 670, available at www.irs.gov/irb/2010-47_IRB/ar08.html. However, you may issue them earlier in some situations, as provided by the regulations. For example, you may furnish Form 1099-INT to the recipient redeeming U.S. Savings Bonds at the time of redemption. Brokers and barter exchanges may furnish Form 1099-B anytime but not later than February 15, 2017.

Furnish Form 1097-BTC to the recipient for each month in which a tax credit amount is allowable to the recipient on or before the 15th day of the second calendar month after the close of the calendar month in which the credit is allowed. For more information, see the Instructions for Form 1097-BTC.

Donee organizations required to issue Form 1098-C must furnish the acknowledgment to a donor within 30 days of the sale of the vehicle (if it is sold without material improvements or significant intervening use) or within 30 days of the contribution.

Trustees or issuers of traditional IRAs must furnish Form 5498 to participants with a statement of the value of the participant's account, and RMD, if applicable, by January 31, 2017. The fair market value of SEP IRAs must also be furnished to the participant by January 31, 2017.

Traditional IRA, Roth IRA, SEP IRA, or SIMPLE IRA contribution information must be furnished to the participant by May 31, 2017.

Trustees of a SIMPLE IRA must furnish a statement of the account balance and the account activity by January 31, 2017.

Trustees and middlemen of a WHFIT must furnish the required statement by March 15, 2017.

For real estate transactions, you may furnish Form 1099-S to the transferor at closing or by mail on or before February 15, 2017.

Filers of Forms 5498 or 5498-SA who furnish a statement of FMV of the account to the participant by January 31, 2017, with no reportable contributions, including rollovers, made in 2016, need not furnish another statement by May 31, 2017, to the participant to report zero contributions. If another statement is not furnished to the participant, the statement of the FMV of the account must contain a legend designating which information is being filed with the IRS.

Form 5498-ESA must be furnished to the beneficiary by May 1, 2017.

Form 5498-QA must be furnished to the beneficiary by March 15, 2017.

See the *Guide to Information Returns*, later, for the date other information returns are due to the recipient.

You will meet the requirement to furnish the statement if it is properly addressed and mailed, or, with respect to electronic recipient statements, posted to a website, on or before the due date. If the regular due date falls on a Saturday, Sunday, or legal holiday, the due date is the next business day. A business day is any day that is not a Saturday, Sunday, or legal holiday.

Electronic recipient statements. If you are required to furnish a written statement (Copy B or an acceptable substitute) to a recipient, then you may furnish the statement electronically instead of on paper. This includes furnishing the statement to recipients of Forms 1097-BTC, 1098, 1098-E, 1098-Q, 1098-T, 1099-A, B, C, CAP, DIV, G, H, INT, K, LTC, MISC, OID, PATR, Q, QA, R, S, SA, 3921, 3922, 5498, 5498-ESA, 5498-QA, and 5498-SA. It also includes Form W-2G (except for horse and dog racing, jai alai, sweepstakes, wagering pools, and lotteries).

Until further guidance is issued to the contrary, Form 1098-C may not be furnished electronically.

If you meet the requirements that follow, you are treated as furnishing the statement timely.

Consent. The recipient must consent in the affirmative and not have withdrawn the consent before the statement is furnished. The consent by the recipient must be made electronically in a way that shows that he or she can access the statement in the electronic format in which it will be furnished.

You must notify the recipient of any hardware or software changes prior to furnishing the statement. A new consent to receive the statement electronically is required after the new hardware or software is put into service.

Prior to furnishing the statements electronically, you must provide the recipient a statement with the following statements prominently displayed.

- If the recipient does not consent to receive the statement electronically, a paper copy will be provided.
- The scope and duration of the consent. For example, whether the consent applies to every year the statement is furnished or only for the statement for a particular year, as applicable, immediately following the date of the consent.
- How to obtain a paper copy after giving consent.
- How to withdraw the consent. The consent may be withdrawn at any time by furnishing the withdrawal in writing (electronically or on paper) to the person whose name appears on the statement. Confirmation of the withdrawal also will be in writing (electronically or on paper).
- Notice of termination. The notice must state under what conditions the statements will no longer be furnished to the recipient.
- Procedures to update the recipient's information.
- A description of the hardware and software required to access, print, and retain a statement, and a date the statement will no longer be available on the website.

Format, posting, and notification. Additionally, you must do the following.

- Ensure the electronic format contains all the required information and complies with the applicable revenue procedure for substitute statements to recipients in Pub. 1179.
- Post, on or before the January 31 or February 15, as applicable, due date, the applicable statement on a website accessible to the recipient through October 15 of that year.
- Inform the recipient, electronically or by mail, of the posting and how to access and print the statement.

For more information, see Regulations section 31.6051-1.

For electronic furnishing of:

- Forms 1098-E and 1098-T, see Regulations section 1.6050S-2;

Extension of time to furnish statements to recipients.

You may request an extension of time to furnish the statements to recipients by sending a letter to Internal Revenue Service, Attn: Extension of Time Coordinator, 240 Murall Drive, Mail Stop 4360, Kearneysville, WV 25430. The letter must include (a) payer name, (b) payer TIN, (c) payer address, (d) type of return, (e) a statement that extension request is for providing statements to recipients, (f) reason for delay, and (g) the signature of the payer or authorized agent. Your request must be postmarked by the date on which the statements are due to the recipients. If your request for an extension is

approved, generally you will be granted a maximum of 30 extra days to furnish the recipient statements.

Requests for an extension of time to furnish recipient statements for more than 10 payers must be submitted electronically. See Pub. 1220, Part D, Sec. 4.

N. Backup Withholding

Interest (including tax-exempt interest and exempt-interest dividends), dividends, rents, royalties, commissions, nonemployee compensation, and certain other payments (including broker and barter exchange transactions, compensation paid to an H-2A visa holder who did not furnish a TIN, reportable gross proceeds paid to attorneys, payment card and third party network transactions, and certain payments made by fishing boat operators) may be subject to backup withholding at a 28% rate. To be subject to backup withholding, a payment must be a reportable interest (including tax-exempt interest and exempt-interest dividends) or dividend payment under sections 6049(a), 6042(a), or 6044 (if the patronage dividend is paid in money or qualified check), or an "other" reportable payment under sections 6041, 6041A(a), 6045, 6050A, 6050N, or 6050W. If the payment is one of these reportable payments, backup withholding will apply if:

1. The payee fails to furnish his or her taxpayer identification number (TIN) to you;
2. For interest, dividend, and broker and barter exchange accounts opened or instruments acquired after 1983, the payee fails to certify, under penalties of perjury, that the TIN provided is correct;
3. The IRS notifies you to impose backup withholding because the payee furnished an incorrect TIN;
4. For interest and dividend accounts or instruments, you are notified that the payee is subject to backup withholding (under section 3406(a)(1)(C)); or
5. For interest and dividend accounts opened or instruments acquired after 1983, the payee fails to certify to you, under penalties of perjury, that he or she is not subject to backup withholding. See 4 under *When to apply backup withholding* below.

If you do not collect and pay over backup withholding from affected payees as required, you may become liable for any uncollected amount.

Some payees are exempt from backup withholding. For a list of exempt payees and other information, see Form W-9 and the separate Instructions for the Requester of Form W-9.

Examples of payments to which backup withholding does not apply include but are not limited to the following.

- Wages.
- Distributions from a pension, annuity, profit-sharing or stock bonus plan, any IRA, an owner-employee plan, or other deferred compensation plan.
- Distributions from a medical or health savings account and long-term care benefits.
- Certain surrenders of life insurance contracts.

- Distribution from qualified tuition programs or Coverdell ESAs.
- Gambling winnings if regular gambling winnings withholding is required under section 3402(q). However, if regular gambling winnings withholding is not required under section 3402(q), backup withholding applies if the payee fails to furnish a TIN.
- Real estate transactions reportable under section 6045(e).
- Cancelled debts reportable under section 6050P.
- Fish purchases for cash reportable under section 6050R.

When to apply backup withholding. Generally, the period for which the 28% should be withheld is as follows.

1. Failure to furnish TIN in the manner required.

Withhold on payments made until the TIN is furnished in the manner required. Special backup withholding rules may apply if the payee has applied for a TIN. The payee may certify to this on Form W-9 by noting “Applied For” in the TIN block and by signing the form. This form then becomes an “awaiting-TIN” certificate, and the payee has 60 days to obtain a TIN and furnish it to you. If you do not receive a TIN from the payee within 60 days and you have not already begun backup withholding, begin backup withholding and continue until the TIN is provided.

The 60-day exemption from backup withholding applies only to interest and dividend payments and certain payments made with respect to readily tradable instruments. Therefore, any other payment, such as nonemployee compensation, is subject to backup withholding even if the payee has applied for and is awaiting a TIN. For information about whether backup withholding applies during the 60-day period, see Regulations section 31.3406(g)-3.

2. Notice from the IRS that payee's TIN is incorrect.

You may choose to withhold on any reportable payment made to the account(s) subject to backup withholding after receipt of a backup withholding notice, but you must withhold on any reportable payment made to the account more than 30 business days after you received the notice. Stop withholding within 30 days after you receive a certified Form W-9 (or other form that requires the payee to certify under penalty of perjury).

The IRS will furnish a notice to you, and you are required to promptly furnish a “B” notice, or an acceptable substitute, to the payee. For further information, see Regulations section 31.3406(d)-5 and Pub. 1281, Backup Withholding for Missing and Incorrect Name/TIN(s).

If you receive two incorrect TIN notices within 3 years for the same account, follow the procedures in Regulations section 31.3406(d)-5(g) and Pub. 1281.

3. Notice from the IRS that payee is subject to backup withholding due to notified payee underreporting.

You may choose to withhold on any reportable payment made to the account(s) subject to backup withholding after receipt of the notice, but you must withhold on any reportable payment made to the account more than 30 business days after you receive the notice. The IRS will notify you in writing when to stop

withholding, or the payee may furnish you a written certification from the IRS stating when the withholding should stop. In most cases, the stop date will be January 1 of the year following the year of the notice.

You must notify the payee when withholding under this procedure starts. For further information, see Regulations section 31.3406(c)-1(d).

4. Payee failure to certify that he or she is not subject to backup withholding. Withhold on reportable interest and dividends until the certification has been received.

For exceptions to these general timing rules, see section 3406(e).

For special rules on backup withholding on gambling winnings, see the separate Instructions for Forms W-2G and 5754.

Reporting backup withholding. Report backup withholding on Form 945, Annual Return of Withheld Federal Income Tax. Also, report backup withholding and the amount of the payment on Forms W-2G, 1099-B, DIV, G, INT, K, MISC, OID, or PATR even if the amount of the payment is less than the amount for which an information return is normally required.

Form 945. Report backup withholding, voluntary withholding on certain government payments, and withholding from gambling winnings, pensions, annuities, IRAs, military retirement, and Indian gaming profits on Form 945. Generally, file Form 945 for 2016 by January 31, 2017. For more information, including the deposit requirements for Form 945, see the separate Instructions for Form 945, and Circular E, Employer's Tax Guide (Pub. 15).

Do not report on Form 945 any income tax withholding reported on the following forms.

- Form W-2 including withholding on distributions to plan participants from nonqualified plans that must be reported on Form 941, Employer's QUARTERLY Federal Tax Return and may be reported on Form 943, Employer's Annual Tax Return for Agricultural Employees; Form 944, Employer's ANNUAL Federal Tax Return; or Schedule H (Form 1040), Household Employment Taxes.
- Form 1042-S must be reported on Form 1042, Annual Withholding Tax Return for U.S. Source Income of Foreign Persons.

Pub. 515 has more information on Form 1042 reporting, partnership withholding on effectively connected income, and dispositions of U.S. real property interests by a foreign person.

Additional information. For more information about backup withholding, see Pub. 1281.

O. Penalties

The following penalties generally apply to the person required to file information returns. The penalties apply to paper filers as well as to electronic filers.

The following penalty figures will be updated before final printing of these instructions.

For information on the penalty for failure to file electronically, see Penalty, earlier, in part F.

Failure To File Correct Information Returns by the Due Date (Section 6721)

If you fail to file a correct information return by the due date and you cannot show reasonable cause, you may be subject to a penalty. The penalty applies if you fail to file timely, you fail to include all information required to be shown on a return, or you include incorrect information on a return. The penalty also applies if you file on paper when you were required to file electronically, you report an incorrect TIN or fail to report a TIN, or you fail to file paper forms that are machine readable.

The amount of the penalty is based on when you file the correct information return. The penalty is as follows.

- \$50 per information return if you correctly file within 30 days (by March 30 if the due date is February 28); maximum penalty \$532,000 per year (\$186,000 for small businesses, defined below).
- \$100 per information return if you correctly file more than 30 days after the due date but by August 1; maximum penalty \$1,596,500 per year (\$532,000 for small businesses).
- \$260 per information return if you file after August 1 or you do not file required information returns; maximum penalty \$3,193,000 per year (\$1,064,000 for small businesses).

If you do not file corrections and you do not meet any of the exceptions to the penalty described later, the penalty is \$260 per information return.

Small businesses—lower maximum penalties. You are a small business if your average annual gross receipts for the 3 most recent tax years (or for the period you were in existence, if shorter) ending before the calendar year in which the information returns were due are \$5 million or less.

Exceptions to the penalty. The following are exceptions to the failure to file penalty.

1. The penalty will not apply to any failure that you can show was due to reasonable cause and not to willful neglect. In general, you must be able to show that your failure was due to an event beyond your control or due to significant mitigating factors. You must also be able to show that you acted in a responsible manner and took steps to avoid the failure.

2. An inconsequential error or omission is not considered a failure to include correct information. An inconsequential error or omission does not prevent or hinder the IRS from processing the return, from correlating the information required to be shown on the return with the information shown on the payee's tax return, or from otherwise putting the return to its intended use. Errors and omissions that are never inconsequential are those related to (a) a TIN, (b) a payee's surname, and (c) any money amount.

3. De minimis rule for corrections. Even though you cannot show reasonable cause, the penalty for failure to file correct information returns will not apply to a certain number of returns if you:

- Filed those information returns timely,
- Either failed to include all the information required on a return or included incorrect information, and
- Filed corrections by August 1.

If you meet all the conditions in (a), (b), and (c) above, the penalty for filing incorrect returns will not apply to the greater of 10 information returns or $\frac{1}{2}$ of 1% of the total number of information returns you are required to file for the calendar year.

Intentional disregard of filing requirements. If any failure to file a correct information return is due to intentional disregard of the filing or correct information requirements, the penalty is at least \$530 per information return with no maximum penalty.

Failure To Furnish Correct Payee Statements (Section 6722)

If you fail to provide correct payee statements and you cannot show reasonable cause, you may be subject to a penalty. The penalty applies if you fail to provide the statement by the due date (January 31 for most returns; see the *Guide to Information Returns*, later), you fail to include all information required to be shown on the statement, or you include incorrect information on the statement. "Payee statement" has the same meaning as "statement to recipient" as used in part M.

The amount of the penalty is based on when you furnish the correct payee statement. It is a separate penalty, and is applied in the same manner as the penalty for failure to file correct information returns by the due date (Section 6721), described earlier.

Exception. An inconsequential error or omission is not considered a failure to include correct information. An inconsequential error or omission cannot reasonably be expected to prevent or hinder the payee from timely receiving correct information and reporting it on his or her income tax return or from otherwise putting the statement to its intended use. Errors and omissions that are never inconsequential are those relating to (a) a dollar amount, (b) a significant item in a payee's address, (c) the appropriate form for the information provided (that is, whether the form is an acceptable substitute for the official IRS form), and (d) whether the statement was furnished in person or by "statement mailing," when required.

Intentional disregard of payee statement requirements. If any failure to provide a correct payee statement is due to intentional disregard of the requirements to furnish a correct payee statement, the penalty is at least \$530 per payee statement with no maximum penalty.

Safe Harbor for De Minimis Dollar Amount Errors on Information Returns and Payee Statements

If one or more dollar amounts are incorrect on an information return filed with the IRS or on a payee statement furnished to a recipient, no correction of the

dollar amount shall be required, and the return shall be treated as having been filed or the payee statement furnished, as correct, if:

- The difference between the dollar amount reported on the filed return or furnished payee statement, and the correct amount is no more than \$100; and
- The difference between the dollar amount reported for tax withheld, on the filed return or furnished payee statement, and the correct amount is no more than \$25.

This safe harbor provision shall not apply if a recipient to whom a statement is required to be furnished elects to receive a corrected statement. In that case, a corrected return must be filed with the IRS and a corrected payee statement furnished to the recipient.

Forms 1099-Q, 1099-QA, 1099-SA, 5498, 5498-ESA, 5498-QA, and 5498-SA (Section 6693)

The penalties under sections 6721 and 6722 do not apply to:

Forms	Filed Under Code Section
1099-SA and 5498-SA	220(h) and 223(h)
5498	408(i) and 408(l)
1099-Q	529(d) and 530(h)
1099-QA and 5498-QA	529A
5498-ESA	530(h)

The penalty for failure to timely file Forms 1099-SA, 5498-SA, 5498, 1099-Q, 1099-QA, 5498-QA, or 5498-ESA is \$50 per return with no maximum, unless the failure is due to reasonable cause. See section 6693.

Fraudulent Acknowledgments With Respect to Donations of Motor Vehicles, Boats, and Airplanes (Section 6720)

If you are required under section 170(f)(12)(A) to furnish a contemporaneous written acknowledgment to a donor and you knowingly furnish a false or fraudulent Form 1098-C, or knowingly fail to furnish a Form 1098-C within the applicable 30-day period, you may be subject to a penalty. See the 2016 Instructions for Form 1098-C for more detailed information.

Civil Damages for Fraudulent Filing of Information Returns (Section 7434)

If you willfully file a fraudulent information return for payments you claim you made to another person, that person may be able to sue you for damages. You may have to pay \$5,000 or more.

P. Payments to Corporations and Partnerships

Generally, payments to corporations are not reportable. See Regulations section 1.6049-4(c)(1)(ii). However, you must report payments to corporations for the following.

- Medical and health care payments (Form 1099-MISC).
- Withheld federal income tax or foreign tax.

- Barter exchange transactions (Form 1099-B).
- Broker and barter transactions for an S corporation (Form 1099-B).
- Substitute payments in lieu of dividends and tax-exempt interest (Form 1099-MISC).
- Acquisitions or abandonments of secured property (Form 1099-A).
- Cancellation of debt (Form 1099-C).
- Payments of attorneys' fees and gross proceeds paid to attorneys (Form 1099-MISC).
- Fish purchases for cash (Form 1099-MISC).
- Credits and interest for qualified tax credit bonds reported on Forms 1097-BTC and 1099-INT.
- Merchant card and third-party network payments (Form 1099-K).
- Federal executive agency payments for services (Form 1099-MISC). For additional reporting requirements, see Rev. Rul. 2003-66 on page 1115 of Internal Revenue Bulletin 2003-26 at www.irs.gov/pub/irs-irbs/irb03-26.pdf.

Reporting generally is required for all payments to partnerships. For example, payments of \$600 or more made in the course of your trade or business to an architectural firm that is a partnership are reportable on Form 1099-MISC.

Q. Earnings on any IRA, Coverdell ESA, ABL account, Archer MSA, or HSA

Generally, income earned in any IRA, Coverdell ESA, ABL account, Archer MSA, or HSA, such as interest or dividends, is not reported on Forms 1099. However, distributions from such arrangements or accounts must be reported on Form 1099-R, 1099-Q, 1099-QA, or 1099-SA.

R. Certain Grantor Trusts

Certain grantor trusts (other than WHFITs) may choose to file Forms 1099 rather than a separate statement attached to Form 1041, U.S. Income Tax Return for Estates and Trusts. If you have filed Form 1041 for a grantor trust in the past and you want to choose the Form 1099 filing method for 2016, you must have filed a final Form 1041 for 2015. To change reporting method, see Regulations section 1.671-4(g) and the Instructions for Form 1041 and Schedules A, B, D, G, I, J, and K-1.

For more information on WHFITs, see *Widely held fixed investment trusts (WHFITs)*, earlier.

S. Special Rules for Reporting Payments Made Through Foreign Intermediaries and Foreign Flow-Through Entities on Form 1099

If you are the payer and have received a Form W-8IMY from a foreign intermediary or flow-through entity, follow the instructions for completing Form 1099, later.

Definitions

Foreign intermediary. A foreign intermediary is any person who is not a U.S. person and acts as a custodian,

broker, nominee, or otherwise as an agent for another person, regardless of whether that other person is the beneficial owner of the amount paid, a flow-through entity, or another intermediary. The intermediary can be a qualified intermediary or a nonqualified intermediary.

Qualified intermediary (QI). A QI is a person that is a party to a withholding agreement with the IRS and is:

- A foreign financial institution or a foreign clearing organization (other than a U.S. branch or U.S. office of the institution or organization),
- A foreign branch or office of a U.S. financial institution or a foreign branch or office of a U.S. clearing organization,
- A foreign corporation for purposes of presenting claims of benefits under an income tax treaty on behalf of its shareholders, or
- Any other person the IRS accepts as a qualified intermediary and who enters into a withholding agreement with the IRS.

For details on QI agreements, see:

- Rev. Proc. 2000-12 on page 387 of Internal Revenue Bulletin 2000-4 at www.irs.gov/pub/irs-irbs/irb00-04.pdf;
- Modified by Rev. Proc. 2003-64, Section 4A (Appendix 3), on page 306 of Internal Revenue Bulletin 2003-32 at www.irs.gov/pub/irs-irbs/irb03-32.pdf;
- Further modified by Rev. Proc. 2004-21, 2004-14 I.R.B. 702, available at www.irs.gov/irb/2004-14_IRB/ar10.html; and
- Modified Rev. Proc. 2005-77, which amends the final withholding partnership and withholding foreign trust agreements by expanding the availability of simplified documentation, reporting, and withholding procedures, further modifying Rev. Proc. 2003-64. See Rev. Proc. 2005-77, 2005-51 I.R.B. 1176, available at www.irs.gov/irb/2005-51_IRB/ar13.html.

Generally, a branch of a financial institution may not operate as a QI in a country that does not have approved know-your-customer (KYC) rules. Branches of financial institutions that operate in non-KYC approved jurisdictions will be required to act as nonqualified intermediaries. For additional information, see Notice 2006-35, 2006-14 I.R.B. 708, available at www.irs.gov/irb/2006-14_IRB/ar13.html. Rev. Proc. 2014-47, 2014-35 I.R.B. 393, available at www.irs.gov/irb/2014-35_IRB/ar04/html supersedes Rev. Proc. 2003-64, Rev. Proc. 2004-21, and Rev. Proc. 2005-77 with respect to requirements of a WP or WT that apply on or after June 30, 2014.

Nonqualified intermediary (NQI). An NQI is any intermediary that is not a U.S. person and that is not a QI.

Foreign flow-through entity (FTE). An FTE is a foreign partnership (other than a withholding foreign partnership), a foreign simple trust or foreign grantor trust (other than a withholding foreign trust), or, for payments for which a reduced rate of withholding is claimed under an income tax treaty, any entity to the extent the entity is considered to be fiscally transparent under section 894 with respect to the payment by an interest holder's jurisdiction.

Withholding foreign partnership or withholding foreign trust. A withholding foreign partnership or withholding foreign trust is a foreign partnership or a

foreign simple or grantor trust that has entered into a withholding agreement with the IRS in which it agrees to assume primary withholding responsibility for all payments that are made to it for its partners, beneficiaries, or owners. See Rev. Proc. 2003-64, as amended by Rev. Proc. 2004-21, modified by Rev. Proc. 2005-77, and superseded by Rev. Proc. 2014-47 for procedures for entering into a withholding foreign partnership or trust agreement.

Nonwithholding foreign partnership, simple trust, or grantor trust. A nonwithholding foreign partnership is any foreign partnership other than a withholding foreign partnership. A nonwithholding foreign simple trust is any foreign simple trust that is not a withholding foreign trust. A nonwithholding foreign grantor trust is any foreign grantor trust that is not a withholding foreign trust.

Fiscally transparent entity. An entity is treated as fiscally transparent with respect to an item of income to the extent that the interest holders in the entity must, on a current basis, take into account separately their shares of an item of income paid to the entity, whether or not distributed, and must determine the character of the items of income as if they were realized directly from the sources from which they were realized by the entity. For example, partnerships, common trust funds, and simple trusts or grantor trusts are generally considered to be fiscally transparent with respect to items of income received by them.

Presumption Rules

For additional information including details on the presumption rules, see the Instructions for the Requester of Forms W-8BEN, W-8ECI, W-8EXP, and W-8IMY and Pub. 515. To order, see How To Get Forms, Publications, and Other Assistance under part T.

If you are the payer and do not have a Form W-9, appropriate Form W-8, or other valid documentation, or you cannot allocate a payment to a specific payee, prior to payment, you are required to use certain presumption rules to determine the following.

- The status of the payee as a U.S. or foreign person.
- The classification of the payee as an individual, trust, estate, corporation, or partnership.

See Regulations sections 1.1441-1(b)(3), 1.1441-5(d) and (e), 1.6045-1(g)(3)(ii), and 1.6049-5(d).

Under these presumption rules, if you must presume that the payee is a U.S. nonexempt recipient subject to backup withholding, you must report the payment on a Form 1099. However, if before filing Form 1099 with the IRS the recipient is documented as foreign, then report the payment on a Form 1042-S.

Conversely, if you must presume that the payee is a foreign recipient and prior to filing Form 1042-S with the IRS you discover that the payee is a U.S. nonexempt recipient based on documentation, then report all payments made to that payee during the calendar year on a Form 1099.

If you use the 90-day grace period rule to presume a payee is foreign, you must file a Form 1042-S to report all payments subject to withholding during the grace period.

If you later discover that the payee is a U.S. nonexempt recipient subject to backup withholding, you must file a Form 1099 for all payments made to that payee after the discovery of the payee's U.S. status.

Rules for Payments Made to U.S. Nonexempt Recipients Through a QI, NQI, or FTE

If you are the payer making a payment through a QI, NQI, or FTE for a U.S. nonexempt recipient on whose behalf the QI, NQI, or FTE is acting, use the following rules to complete Form 1099.

Known recipient. If you know that a payee is a U.S. nonexempt recipient and have the payee's name, address, and TIN (if a TIN has been provided), you must complete the Form 1099 with that information. Also, on the second name line below the recipient's name, enter "IMY" followed by the name of the QI, NQI, or FTE.

For payments made to multiple recipients: (a) enter the name of the recipient whose status you relied on to determine the applicable rate of withholding, and (b) on the second name line, enter "IMY" followed by the name of the QI, NQI, or FTE. However, if the QI has assumed primary Form 1099 reporting or backup withholding responsibility, you are not required to issue the Form 1099 or to backup withhold. See *Qualified intermediary (QI)*, earlier.

Unknown recipient. If you cannot reliably associate a payment with valid documentation and are required to presume a payee is a U.S. nonexempt recipient do the following.

1. File a Form 1099 and enter "unknown recipient" on the first name line.
2. On the second name line, enter "IMY" followed by the name of the QI, NQI, or FTE.
3. Enter the EIN of the QI, NQI, or FTE, if applicable, in the recipient's identification number box.
4. Furnish a copy of the Form 1099 with "unknown recipient" to the QI, NQI, or FTE who is acting on the recipient's behalf.

A payer that is required to report payments made to a U.S. nonexempt recipient account holder but does not receive the necessary allocation information cannot report those payments on a pro rata basis. Report unallocated payments using the presumption rules described above.

Rules for Non-U.S. Payers

Non-U.S. payers (foreign persons that are not U.S. payers) generally have the same reporting obligations as U.S. payers. A U.S. payer is anyone who is:

- A U.S. person;
- Any U.S. governmental agency;
- A controlled foreign corporation (CFC);
- A foreign partnership that has one or more U.S. partners who, in the aggregate, hold more than 50% of the gross income derived from the conduct of a U.S. trade or business;
- A foreign person who owns 50% or more of the gross income that is effectively connected with a U.S. trade or business; or

- A U.S. branch of a foreign bank or a foreign insurance company.

For more information, see Regulations section 1.6049-5(c)(5).

Exceptions. The following payments are not subject to reporting by a non-U.S. payer.

1. A foreign source reportable payment paid outside the United States. For example, see Regulations section 1.6049-5(b)(6).
2. Gross proceeds from a sale effected outside the United States. See Regulations section 1.6045-1(a).
3. An NQI or QI that provides another payer all the information sufficient for that payer to complete Form 1099 reporting. For example, see Regulations section 1.6049-5(b)(14). However, if an NQI or QI does not provide sufficient information for another payer to report a payment on Form 1099, the intermediary must report the payment.

Rules for Reporting Payments Initially Reported on Form 1042-S

If an NQI or QI receives a Form 1042-S made out to an "unknown recipient" and the NQI or QI has actual knowledge that the payee of the income is a U.S. nonexempt recipient, it must file a Form 1099 even if the payment has been subject to withholding by another payer. The NQI or QI reports the amount withheld by the other payer on Form 1099 as federal income tax withheld.
