Our Mission

To provide quality service to Ohio taxpayers by helping them comply with their tax responsibilities and by fairly applying the tax law.

A Message From the Ohio Tax Commissioner

Dear Ohio Taxpayers,

The year 2020 and the scourge of the coronavirus has been lifechanging, but one of the great strengths of our state and country is resilience. Even under clouds of hardship, we continue to move ahead to meet our challenges and responsibilities.

I'd like to thank you and all Ohioans for taking the time to fulfill the critical responsibility of preparing and filing the Ohio income tax return. It is truly an act that benefits us all. Whether it's educating our children, protecting our families and neighbors, or safeguarding our health and the environment that surrounds us, every Ohioan is impacted in some positive way from the taxes we pay.

This tax season, as is often the case, brought changes to the laws and rules that govern Ohio's income tax filing system. These instructions address those changes and give you the guidance you need to fill out your 2020 income tax return.

I'd like to call attention to a few of the more significant changes:

- The recent reduction of tax brackets from 8 to 6 brackets means that those with taxable non-business income of \$22,150 or less will pay no tax.
- For filers who are not requesting a refund, and who have no income tax (or school district income tax) liability, a redesigned form Ohio IT 10 is available for simplified filing.
- The Ohio Educator deduction is new and available on Ohio Schedule A to claim education related expenses in excess of those deducted on the federal return.
- The Lead Abatement credit is also new and available to taxpayers who have paid for lead abatement or removal and received a credit certificate from the Ohio Department of Health.

If you aren't already filing your tax return electronically, please consider doing so. It's more accurate and secure and the fastest way to get a refund. Remember, you can electronically file your Ohio tax return for free with our I-File system.

Please keep in mind the deadline for filing both your Ohio and federal tax return is May 17, 2021. And as a reminder, a request for a filing extension does not extend your payment due date.

If you have any questions or need assistance with your Ohio return, you can contact our Taxpayer Assistance line at 1-800-282-1780, or reach out online at tax.ohio.gov.

Best wishes,

Jeff McClain
Ohio Tax Commissioner

Highlights for 2020

NEW Ohio Income Tax Tables. Beginning with tax year 2020, Ohio's individual income tax brackets have been modified so that individuals with Ohio taxable nonbusiness income of \$22,150 or less are not subject to income tax. See pages 32-37.

NEW Ohio IT 10. This return is available to certain taxpayers who are not requesting a refund and do not have an Ohio individual income or school district income tax liability. Additionally, eligible nonresidents may use the IT 10 to make their nonresident statement in place of filing the IT NRS. See the instructions on page 10.

NEW Lead Abatement Credit. A new nonrefundable credit is available for individuals who paid for lead removal and were issued a credit certificate from the Ohio Department of Health. See the instructions on page 21.

NEW Credit Change. Due to law changes, the financial institution tax (FIT) credit is no longer available beginning in tax year 2020.

NEW Ohio Educator Deduction. A new deduction is available on Ohio Schedule A for Ohio educator expenses in excess of the federal deduction. See the instruction on page 17.

NEW Schedules of Withholding. Paper filers must complete the Ohio Schedule of Withholding (and Schedule of School District Withholding) listing each income statement reporting Ohio (or school district) tax withheld. See pages 13 and 47 for more information.

Modified Adjusted Gross Income. Beginning with tax year 2019, your exemption amount, certain credits, and the school district income tax bases are determined using "modified adjusted gross income" or "modified adjusted gross income less exemptions." See the instructions on page 6.

Electronic Estimated Payments. Estimated payments can be submitted with your electronically filed Ohio IT 1040 and/or SD 100 through a participating third-party tax preparation product. Payments may be future dated but must be scheduled by the 4th quarter estimated payment due date.

Electronic 1099-Gs. Your 1099-G is available to view and print using Online Services at tax.ohio.gov. You can elect to receive your 1099-G electronically.

Refund Information. Most taxpayers who file their returns electronically and request direct deposit will receive their refunds in approximately 15 business days. Paper returns will take approximately 8 to 10 weeks to process.

Common Filing Tips for Paper Filers

Write legibly using black ink and UPPERCASE letters.

Double-check your demographic information.

- Verify your name(s) and SSN(s) are correct.
- Verify your current address. If you are due a refund, it will be mailed to this address.

Verify the forms and vouchers are for the correct tax year.

- The Department releases new forms and vouchers each tax year. Do not change the year on the form or voucher. If you do this, processing of your form or voucher may be delayed.

Do not write on software-generated paper returns.

- If you print a software-generated return from a tax preparation program and later need to change information on the return, do not write in the changes. Use the software to make the necessary changes and reprint the return.
- The Department's system will not pick up handwritten changes on returns generated by tax preparation software.

Use the proper payment voucher.

- Use the Ohio IT 40P to pay your Ohio income tax, and the Ohio SD 40P to pay your school district tax due.
- If you are amending your return(s), use the Ohio IT 40XP to pay your Ohio income tax, and the Ohio SD 40XP to pay your school district tax due.

Do not staple, paper clip or otherwise attach your return together.

- This will allow the Department to process your return as quickly as possible. We will ensure your return information stays grouped together.

Include all necessary schedules and worksheets.

- If you have an amount on line 2a and/or 2b of your IT 1040, include Ohio Schedule A.
- If you have an amount on line 9 and/or 16 of your IT 1040, include the Ohio Schedule of Credits and any appropriate worksheets.
- If you have an amount on line 11 of your Ohio Schedule A, include Ohio Schedule IT BUS.
- If you have dependents, include Ohio Schedule J.
- Ensure your return is placed in the proper order:
 - 1) Ohio IT 1040 (pages 1 and 2)
 - 2) Ohio Schedule A
 - 3) Ohio Schedule IT BUS
 - 4) Ohio Schedule of Credits
 - 5) Ohio Schedule J
 - 6) Ohio Schedule of Withholding
 - 7) Worksheets and attachments
 - 8) Wage and income statements

Include verification for your withholding and credits.

- If you have an amount on line 14 of your IT 1040 and/or an amount on line 7 of your SD 100, include the Schedule of Ohio Withholding and/or Schedule of School District Withholding as well as copies of your wage and income statements.
- If you are claiming any refundable and/or nonrefundable business credits on your Ohio Schedule of Credits, include copies of the required certificates and/or Ohio K-1s.

Do not include any bank or routing information with your paper return.

- Direct deposit of individual income and school district income tax refunds is not available to paper filers.

When filing both Ohio and school district income tax returns, send each return in its own envelope.

Payment Options and Mailing Addresses

Several options are available for paying your Ohio and/or school district income tax. If you are remitting for both Ohio and school district income taxes, you must remit each payment as a separate transaction.

By law, all tax is due on May 17, 2021 except for certain members of the military.

The Department is not authorized to set up payment plans. However, you may submit partial payments toward any outstanding liability including interest and penalties. Such payments will not stop the Department's billing process, or collection attempts by the Ohio Attorney General's Office.

Electronic Check

You can pay by electronic check regardless of your filing method.

If you use IRS e-file or Ohio I-File, simply follow the payment instruction prompts for making payments by electronic check.

If you are paper filing, you can pay by electronic check using the Department's Online Services at tax.ohio.gov.

This payment method withdraws funds directly from your checking or savings account. There is **no fee** for using this payment method. Generally, your payment will be withdrawn within 24 hours of the date you choose for payment. You must ensure that the funds are in your account and available on the date you choose for payment. The payment will show on your bank statement as "STATE OF OHIO".

You can delay payment until the payment deadline of May 17, 2021. You can also pay your quarterly 2021 Ohio individual and/or school district estimated income tax with this method.

Important: Future-dated payments can only be modified through the Department's Online Services at tax.ohio.gov.

Credit or Debit Card

You can pay using a credit or debit card by visiting www.acipayonline.com or calling 1-800-272-9829. This payment method charges your credit card (Discover, Visa, MasterCard or American Express).

Note: When paying using this method, you will be provided a confirmation number. Keep this number with your tax records.

ACI Payments charges a convenience fee equal to 2.5% of your payment or \$1, whichever is greater. **The state of Ohio does not receive any of this fee.** The payment will appear on your credit card statement as two separate entries – one for the payment itself and a second for the ACI Payments service fee.

When will my payment be posted?

Your payment will be effective the date you authorize it. You cannot future-date a credit or debit card payment. If you subsequently reverse the transaction, you may be subject to penalties, interest and other fees.

What information do I need when using this payment method?

Please have the following information available:

- The Ohio jurisdiction code: 6446;
- Your SSN and your spouse's SSN (if filing jointly);
- The tax year of your payment;
- The payment amount;
- Your credit or debit card number and expiration date; AND
- The school district number (if making a school district income tax payment).

How do I make a debit or credit card payment by phone?

When you call ACI Payments:

- First, when prompted, enter "2".
- Second, when prompted, enter "6446#".
- Third, verify the information. If correct, enter "1".

- Fourth, when prompted, enter "1" if making an income tax payment, or "2" if making a school district income tax payment.

You will then be prompted to enter your payment information.

What if there's a problem with my payment?

Call ACI Payments at 1-800-487-4567.

Paper Check or Money Order

You may pay your Ohio individual income and/or school district income tax by check or money order. If you use a money order, keep a copy for your records. You will be charged a \$50 fee for writing a bad check.

Ohio IT 1040: Make your check or money order payable to "Ohio Treasurer of State." **Include the tax year and the last four digits of your SSN on the "Memo" line.** Include the appropriate voucher:

- IT 40P for original returns; OR
- IT 40XP for amended returns.

SD 100: Make your check or money order payable to "School District Income Tax." **Include the tax year, the last four digits of your SSN, and the school district number on the "Memo" line.** Include the appropriate voucher:

- SD 40P for original returns; OR
- SD 40XP for amended returns.

General Information for the Ohio IT 1040 and SD 100

When Are My Ohio Returns Due?

Most taxpayers must file their Ohio IT 1040 and SD 100 (if applicable) by May 17, 2021. You must file your return by this date even if you are unable to pay the tax due. For an exception for certain military servicemembers, see page 8.

Filing extensions: Ohio does not have an extension request form, but honors the IRS extension. If you filed an IRS extension, your due date for filing your Ohio IT 1040 and SD 100 is October 15, 2021. Include a copy of your IRS extension or IRS acknowledgment, and/or your extension confirmation number.

An extension of time to file does not extend the time for payment of the tax due.

You must make extension payments by May 17, 2021 on the Ohio IT 40P and/or SD 40P. Interest will accrue on any tax not paid by May 17, 2021, and penalties may also apply.

See [R.C. 5747.08\(G\)](#) and [Ohio Adm. Code 5703-7-05](#).

What Tax Records Do I Need to Keep?

Keep a copy of your:

- Income tax returns and schedules;
- Wage and income statements;
- Supporting documentation;
- Payment records;

for at least four years from the later of the filing due date or the date you filed the return. You must be able to support all items listed on your return. See [R.C. 5747.17](#).

How Should I Complete My Income Tax Returns?

- Use black ink **ONLY**.
- Round numbers to the nearest dollar. Do not print over the zeros in the boxes.
- Print numbers and letters (**UPPER CASE** only) inside the boxes as shown:

1 2 3 ANY STREET

How Do I Round to the Nearest Dollar?

To round, drop any cents less than 50 cents and increase amounts from 50 cents to 99 cents to the next highest dollar. See [R.C. 5703.055](#).

Does Ohio Follow the Alternative Preparer Signature Procedures?

The Department follows the alternative preparer signature procedures found in federal Notice 2004-54. However, the paid preparer must print (not sign) his/her name if the taxpayer authorizes the preparer to discuss the return with the Department.

Preparers with a Preparer Tax Identification Number (PTIN) **must** provide it on all returns.

See [R.C. 5703.263\(C\)](#) and [5747.08\(F\)](#).

Can My Tax Preparer Contact the Department About My Tax Return?

You may check the box above your tax preparer's name on page 2 of the return to authorize your preparer to:

- Contact the Department about the status of your return, payments, or refund;
- Provide the Department with information missing from your return; AND
- Respond to inquiries or notices from the Department related to the return.

See [R.C. 5747.08\(J\)](#).

Should I Make Estimated Tax Payments for Tax Year 2021?

If your income is subject to Ohio withholding, you generally do not need to make estimated payments. You should make estimated payments for tax year 2021 if your estimated Ohio tax liability (total tax minus total credits) less Ohio withholding is more than \$500.

Estimated payments are made quarterly according to the following schedule:

1st quarter - April 15, 2021
2nd quarter - June 15, 2021
3rd quarter - Sept. 15, 2021
4th quarter - Jan. 18, 2022

Use the Ohio IT 1040ES vouchers to make estimated Ohio income tax payments. Use the Ohio SD 100ES vouchers to make estimated Ohio school district tax payments. Joint filers should determine their combined estimated Ohio tax liability and make joint estimated payments.

Note: Instead of making estimated payments, you can increase your Ohio withholding by filing a revised Ohio IT 4 with your employer. Also, special rules regarding estimated payments apply to certain taxpayers with farming and/or fishing income. See Adm. Code 5703-7-04.

If you do not make the required estimated payments, you may be subject to an interest penalty for underpayment of estimated taxes. See form IT/SD 2210.

For more information, see [tax.ohio.gov](#) for FAQs (in the ["Income - Estimated Income/School District Taxes and the 2210 Interest Penalty"](#) topic). See also [R.C. 5747.09](#).

What is Modified Adjusted Gross Income?

Modified adjusted gross income is your Ohio adjusted gross income (Ohio IT 1040, line 3) plus your business income deduction (Ohio Schedule A, line 11). If you did not take a business income deduction, your modified adjusted gross income matches your Ohio adjusted gross income.

You will need to know your modified adjusted gross income to determine your personal exemption amount and if you qualify for any of the following credits:

- Retirement income credit;
- Lump sum retirement credit;
- Senior citizen credit;
- Lump sum distribution credit;
- Child care and dependent care credit;
- Exemption credit; AND
- Joint filing credit.

Additionally, if you live in an earned income tax base school district, your taxable income is limited to only income included in your modified adjusted gross income.

Use the worksheet on page 31 to calculate your modified adjusted gross income.

See [R.C. 5747.01\(II\)](#).

What if a Taxpayer Is Deceased?

The taxpayer's representative, such as an executor or administrator, must file the deceased taxpayer's return by:

- Checking the "Deceased" box after the applicable SSN;
- Selecting the filing status from the federal income tax return; AND
- Signing the return on behalf of the deceased.

If the taxpayer is due a refund, the check will be issued in the taxpayer's name. The taxpayer's representative can present proof that she or he is the executor or administrator to the bank when cashing the check.

If the taxpayer's representative needs the check reissued to include his or her name, see [tax.ohio.gov](#) for FAQs (in the ["Income - General Information"](#) topic) with instructions.

See [R.C. 5747.08\(A\)](#).

What if I Move After Filing My Return?

If you move after filing your return, notify the Department as soon as possible of your address change. You should also notify the post office of your address change at [moversguide.usps.com](#).

Amending Your Ohio IT 1040 and SD 100

You can file an amended Ohio IT 1040 or SD 100 to report changes to your originally filed return(s). An amended return can result in either a tax due or a refund based on the changes. Under certain circumstances, an amended return may be required.

To amend the Ohio IT 1040 or SD 100, you should file a new return, reflecting all proposed changes, and indicate that it is amended by checking the box at the top of page 1. You must include the IT RE with your amended IT 1040. You must include the SD RE with your amended SD 100. Be sure to list your **current** mailing address on the amended return. It may take at least 120 days from the date of receipt to process your amended return. For more information, see tax.ohio.gov for FAQs (in the "[Income - Amended Returns](#)" topic).

When Not to Amend Your Return

Some common mistakes may not require an amended return. Some examples include:

- Math errors;
- Missing pages or schedules;
- Demographic errors;
- Missing income statements (W-2, 1099, K-1) or credit certificates;
- Unclaimed payments.

In these situations, the Department will either make the corrections or contact you to request documentation.

Requesting a Refund

You may amend your return to request an additional credit, deduction or payment. Such changes may result in a refund. Generally, you have four years from the date of the payment to request a refund. You must include supporting documentation to substantiate the changes reported on your amended return. Some common required documentation includes:

- Business Income: Pages 1 and 2 of your federal return, the federal schedules reporting your business income, and IT K-1 forms;

- Social security, disability, survivorship, and retirement benefits: Copies of 1099(s), pages 1 and 2 of your federal return, and the retirement plan paying the benefits;
- Residency status: Any document supporting your residency change including a copy of your resident state return, driver's license, and/or voter registration;
- Payments/credits: Copies of your income statements (W-2, 1099, etc.), Ohio IT K-1, or credit certificates;
- Nonresident credit: Ohio form IT NRC.

See [R.C. 5747.11](#).

Reporting Additional Tax Due

You should amend your return to report additional income, or reduce a previously claimed credit or deduction. Such changes may result in additional tax due. Payment should be included with your amended return using an IT 40XP and/or SD 40XP payment voucher.

Changes to Your Federal Return

If the IRS makes changes to your federal return, either based on an audit or an amended return, and those changes affect your Ohio return(s), you are required to file an amended IT 1040 and/or SD 100. The IRS notifies us of these changes.

Do not file your amended Ohio return(s) until the IRS has finalized the changes to your federal return. Once they are finalized, include a copy of all of the following:

- Your federal 1040X;
- The IRS acceptance letter; AND
- The refund check issued to you by the IRS, if applicable.

Note: Instead of providing these documents, you may be able to submit a copy of the IRS Tax Account Transcript reflecting your updated federal return information.

If there is a change in your filing status and/or dependents, it must be reflected on your amended Ohio return(s). Additionally, for changes to dependents, complete an updated Ohio Schedule J.

Net Operating Loss: To claim a federal NOL carryback, check **both** boxes at the top of the return(s) and include a completed Ohio Schedule IT NOL. See the instructions for the Ohio Schedule IT NOL on page 49.

Your amended Ohio IT 1040 and/or SD 100 must be filed no later than 90 days after the IRS completes its review of your federal return, even after

the four-year period has passed. Failure to file the return within the 90-day period may result in an assessment or a denial of your refund claim.

See [R.C. 5747.10](#).

Changes to Your Resident Credit

You must file an Ohio amended return based on changes made by another state if all of the following are true:

- You claimed a resident credit on your Ohio IT 1040;
- You filed income tax returns in other states;
- The Ohio resident credit claimed was based on either the taxes due or the taxes paid to the other states;
- The other states made changes to the returns; AND
- The changes will affect your Ohio resident credit calculation.

The calculation of your income taxes paid to other states may change after the four-year period has passed. If the taxes paid would otherwise qualify for the Ohio resident credit, you have an additional 60 days after the changes have been finalized by the state(s) to file an amended return and request any refund that results from the changes.

Once the changes are finalized, please include a copy of all of the following:

- A revised Ohio form IT RC;
- The other state return(s) or correction notice(s); AND
- Proof of payment to the other state(s).

See [R.C. 5747.05\(B\)\(3\)](#).

Ohio Income Tax for Military Servicemembers and Their Civilian Spouses

Residency. A military servicemember is a resident of their "state of legal residence." This is generally the same as the servicemember's "home of record" unless it is subsequently changed. The servicemember's state of legal residence does **not** change based on military orders.

A servicemember's civilian spouse will also retain their original state of legal residence if the servicemember and spouse have the same state of legal residence and the spouse is only accompanying the servicemember as part of military orders.

However, a civilian spouse can elect to have the same state of legal residence as the servicemember.

Deductions. Ohio law provides five distinct deductions to military servicemembers. Please note, only income included in the taxpayer's federal adjusted gross income is eligible for these deductions. For example, Ohio Resident Veterans Bonus payments are not included in federal adjusted gross income and thus are not deductible. The following deductions are in the "Uniformed Services" section of Ohio Schedule A:

- Line 26 - Deduction for military pay and allowances for certain active duty servicemembers stationed outside Ohio

- Line 27 - Deduction for military pay earned by a nonresident servicemember
- Line 28 - Deduction for uniformed services retirement income
- Line 29 - Deduction for military injury relief fund grants and veteran's disability severance payments
- Line 30 - Deduction for certain reimbursements and benefits received for service in the Ohio National Guard

Additionally, a servicemember's nonresident civilian spouse can deduct, on line 27, compensation earned in Ohio, when the servicemember and spouse have the same state of residence and are present in Ohio due to military orders.

See pages 16-17 for specific instructions on each of these deductions.

Withholding. A servicemember who qualifies for the deduction on line 26 or a civilian spouse who qualifies for the deduction on line 27 can complete form IT 4 to avoid Ohio withholding on income not subject to tax. Such taxpayers should check the appropriate box in Section III of the IT 4 and provide the form to their employers.

Filing. Certain military service members may not have a filing requirement due to the deductions available under Ohio law.

However, the Department recommends that such taxpayers file an Ohio IT 1040 or IT 10 to avoid delinquency billings. For more information on who must file an Ohio income tax return, see page 10.

Extensions to File/Pay. Certain military servicemembers may qualify for extensions to file their Ohio income tax returns and pay their Ohio tax due. Generally, Ohio recognizes any extensions granted by the IRS. Such taxpayers will have the same extensions to file their Ohio returns and pay any Ohio tax due. These servicemembers do not owe interest, penalties, or the interest penalty in connection with this extension period. See [R.C. 5747.026](#) for more information.

Ohio Definitions and Examples of Business and Nonbusiness Income

How is Business Income Treated on My Ohio Return?

Taxpayers can deduct the first \$250,000 (\$125,000 for married separate filers) of their business income included in their federal adjusted gross income. Also, any business income not deducted is taxed at a flat 3%. See the instructions for the Ohio Schedule IT BUS on pages 18-19.

Additionally, Ohio-related business income earned by nonresidents is taxable to Ohio. See the instructions for the IT NRC on page 22.

How Does Ohio Law Define Business and Nonbusiness Income?

"Business income" is income, including gain/loss, arising from any of the following:

- Transactions, activities, and sources in the regular course of a trade or business operation;
- Real, tangible, and intangible property if the acquisition, rental, management, and disposition of the property constitute integral parts of the regular course of a trade or business operation;
- A partial or complete liquidation of a business, including gain or loss from the sale or other disposition of goodwill; OR
- Compensation and guaranteed payments paid by a pass-through entity, or a professional employer organization on its behalf, to an investor who directly or indirectly owns 20% or more of the entity.

"Nonbusiness income" is any income other than business income.

See [R.C. 5747.01\(B\)](#), [5747.01\(C\)](#) and [5733.40\(A\)\(7\)](#).

How Do I Determine What Income is Business Income?

Business income can be determined by using either test:

Transactional Test: Looks to the nature, frequency and regularity of the transaction.

Functional Test: Looks to if the property was integral to the trade or business, or if it generated business income in the past.

See *Kemppel v. Zaino*, 2001-Ohio-92.

Generally, income recognized by a sole proprietorship or pass-through entity is

business income. However, determining if income is business income is highly dependent upon the specific facts and circumstances.

What Are Some Examples of Business Income vs. Nonbusiness Income?

Interest and Dividends: John reports \$1,500 of interest and dividend income on federal Schedule B. \$200 of his interest income is from a pass-through entity that primarily operates an investment business. The remaining \$1,300 is from personal, nonbusiness sources. Thus, only \$200 of John's interest is business income.

Capital Gains and Losses: Andrew recognizes a capital gain from the sale of a tractor used to harvest wheat on his farm. Since the tractor was integral to his farming business, the capital gain is business income.

Capital Gains and Losses: Paul reports \$8,000 of capital gain income on his federal Schedule D. \$2,000 of the capital gains are from a pass-through entity that primarily operates an investment business. The remaining \$6,000 is from personal, nonbusiness sources. Thus, only \$2,000 of Paul's capital gains are business income.

Capital Gains and Losses: Ann has a 90% ownership interest in a pass-through entity; she sells her interest in the business to another individual. As a result of this sale, Ann realizes a capital gain of \$500,000. Ann's ownership interest is an intangible asset, and capital gains resulting from the sale of intangible assets are generally nonbusiness income. See *Corrigan v. Testa*, 2016-Ohio-2805.

Rental Income and Losses: Debbie owns a rental property. She actively advertises, manages, and maintains the property. Debbie is in the trade or business of property rental. Therefore, her rental income is business income.

Rental Income and Losses: Ryan occupies a home on a golf course. The golf course hosts a two-week tournament every year. Ryan annually takes a vacation to Florida and rents out his home during the tournament. While the rental might be considered regular, Ryan is not in the trade or business of property rental. Therefore, his rental income is not business income.

Royalty Income: Hannah works full-time from her home writing children's books. Hannah has an agreement with a publisher that pays her a royalty for each copy of her book that is sold. Hannah is in the trade or business of writing books. Therefore, her royalty income is business income.

Mineral Rights Income: Cynthia allows a company to extract minerals from her residential property. She receives income based on the company's usage of her land. Since Cynthia is not engaged in a trade or business related to this income, it is not business income.

Pass-Through Income: Ellen owns 15% of a pass-through entity. She reports \$50,000 of ordinary income, \$10,000 of bonus depreciation, and \$60,000 of guaranteed payments on federal Schedule E. Since Ellen owns less than 20% of the entity, the guaranteed payments are nonbusiness income. Thus, her net business income from federal Schedule E is \$40,000 (her ordinary income less bonus depreciation).

Guaranteed Payments: Stan owns 25% of a pass-through entity. He reports a \$60,000 guaranteed payment on federal Schedule E. Because he owns at least 20% of the entity, the guaranteed payment is business income.

Wages/Compensation: Jim owns 80% of an S corporation. Jim receives \$200,000 of wages from the S corporation, which are reported on a W-2. Because he owns at least 20% of the corporation, the wages are reclassified as business income.

Trust Income: Brett sets up a trust, with himself as the beneficiary, that invests in multiple pass-through entities. Operating income from these entities is distributed to the trust, which further distributes the income to Brett. Since the income was business income to the entities, it retains its character as business income as it passes through to the trust and to Brett.

Trust Income: David sets up a trust, with himself as the beneficiary, to hold his personal investments. Although David uses a trust, the usage of a trust does not create a trade or business. Therefore, the investment income is nonbusiness income to both the trust and to David.

For more information, see [tax.ohio.gov](#) for FAQs (in the "[Income – Business Income and the Business Income Deduction](#)" topic).

General Information for the Ohio IT 1040

Who Must File an Ohio Income Tax Return?

Every Ohio resident and every part-year resident is subject to the Ohio income tax. Every nonresident having Ohio-sourced income must also file. Examples of Ohio-sourced income include the following:

- Wages or other compensation earned in Ohio (see "Exception" below);
- Ohio lottery winnings;
- Ohio casino gaming winnings;
- Income or gain from Ohio property;
- Income or gain from a sole proprietorship doing business in Ohio;
- Income or gain from a pass-through entity doing business in Ohio.

Exception: A full-year nonresident living in Indiana, Kentucky, West Virginia, Michigan, or Pennsylvania does not have to file if the nonresident's only Ohio-sourced income is wages.

Example: Charley lives in Kentucky but commutes to Cincinnati every day to her job. Charley's wages are not taxable in Ohio even though they are earned here.

You do not have to file an Ohio income tax return if:

- Your Ohio adjusted gross income (Ohio IT 1040, line 3) is less than or equal to \$0;
- The total of your senior citizen credit, lump sum distribution credit, and joint filing credit (Ohio Schedule of Credits, lines 4, 5 and 11) is equal to or exceeds your income tax liability (Ohio IT 1040, line 8c) **and** you are not liable for school district income tax; OR
- Your exemption amount (Ohio IT 1040, line 4) is the same as or more than your Ohio adjusted gross income (Ohio IT 1040, line 3).

However, even if you meet one of these exceptions, if you have a school district income tax liability (SD 100, line 2), you are required to file the Ohio IT 1040.

Note: If your federal adjusted gross income is greater than \$24,550, the Department recommends that you file an Ohio IT 1040 or IT 10, even if you do not owe any tax, to avoid delinquency billings.

Ohio IT 10: Certain taxpayers can file Ohio form IT 10 instead of the Ohio IT 1040. The four types of taxpayers described on form IT 10 are eligible to file the form because they:

- Do not have an Ohio individual income or school district income tax liability; AND
- Are not requesting a refund.

See [R.C. 5747.08](#).

Ohio Residency

What Is my Ohio Residency Status?

Resident: You are an Ohio resident for income tax purposes if you are domiciled in Ohio. Thus, under Ohio law, the terms "domiciled" and "resident" mean the same thing.

Generally, any individual with an abode in Ohio is presumed to be a resident. The abode can be either owned or rented. Temporary absence from your Ohio abode, no matter how long, does not change your residency status. Thus, if you live in Ohio, the presumption is that you are an Ohio resident.

Example: Brent travels to Florida each winter and returns to Ohio each spring. However, he maintains his Ohio driver's license, voter registration, etc. and has not established permanent residence in Florida. Therefore, he is a full-year resident of Ohio.

Part-year resident: You are a part-year resident of Ohio if you were a resident of Ohio for a portion of the tax year and a nonresident for the rest of the tax year. Thus, you are a part-year resident if you permanently moved into or out of Ohio during the tax year.

Part-year residents are entitled to the nonresident credit for any income earned while they were a resident of another state. They are also eligible for the resident credit on non-Ohio income earned while they were an Ohio resident, if they were subject to, and paid tax on, that income in another state.

Nonresident: You are a nonresident if you were a resident of another state for the entire tax year. Nonresidents who earn or receive income within Ohio will be able to claim the nonresident credit with respect to all items of income not earned and not received in Ohio.

If you are currently a member of the military and you have questions about your residency status, see page 8.

For more information, see tax.ohio.gov for FAQs (in the "[Income - Ohio Residency and Residency Credits](#)" topic), or [Information Release IT 2018-01](#) titled, "Residency Guidelines - Tax Imposed on Resident and Nonresident Individuals for Taxable Years 2018 and Forward." See also [R.C. 5747.01\(I\)\(1\)](#) and *Cunningham v. Testa*, 2015-Ohio-2744.

How Do I Show I Am a Nonresident of Ohio?

Any individual can challenge the presumption of Ohio residency by providing documentation showing that they are a nonresident. Ohio uses a contact period test to determine the burden of proof needed to show that an individual is a nonresident.

If you had fewer than 213 contact periods in Ohio during the tax year, you must provide enough documentation to show that it is more likely than not that you were a nonresident. If you had 213 or more contact periods, you must provide clear and convincing documentation that you were a nonresident.

Alternatively, certain individuals can change the presumption of Ohio residency to a presumption of nonresidency by filing the Ohio Nonresident Statement (form IT NRS). For more information on this statement, see pages 12 and 48.

See [R.C. 5747.24\(B\), \(C\) and \(D\)](#).

What Is a Contact Period?

You have a contact period in Ohio if all of the following are true:

- You have an abode outside of Ohio;
- You are away overnight from your abode; AND
- While away, you spend any portion of two consecutive days in Ohio.

You do not have to spend the night in Ohio. For example, if you spend portions of Monday and Tuesday in Ohio, but stay in a hotel in Kentucky on Monday night, you would still have a contact period in Ohio.

You must spend consecutive days in Ohio to have a contact period. For example, if you spend portions of Monday and Wednesday in Ohio, but not Tuesday, then you would not have a contact period in Ohio.

See [R.C. 5747.24\(A\)](#).

Donations that Apply to Ohio IT 1040

A donation will reduce the amount of the refund that you are due. If you decide to donate, this decision is final.

You cannot change your mind and later ask for your donations to be refunded. If you do not want to donate, do not enter an amount on Ohio IT 1040, lines 26a-f.

Because your tax return is confidential, the Department cannot release your name to the fund administrators, but the administrators extend appreciation to those who donate. Your donation may be tax-deductible on a future federal income tax return.

See [R.C. 5747.113](#).

Ohio IT 1040 - Individual Income Tax Return

Line 1 – Federal Adjusted Gross Income

Enter the amount from your 2020 federal income tax return:

- Federal 1040, line 11;
- Federal 1040-SR, line 11; OR
- Federal 1040-NR, line 11.

Generally, line 1 of your Ohio income tax return must match your federal adjusted gross income as defined in the Internal Revenue Code.

Zero or Negative Federal Adjusted Gross Income. If you have a zero or negative federal adjusted gross income, you must include a copy of page 1 of your federal return. See [R.C. 5747.02\(A\)\(3\)](#) and [5747.01\(A\)](#).

A foreign trust that files federal form 1040-NR should not use the IT 1040 to file with Ohio. Such trusts must file form IT 1041.

Line 2a – Ohio Adjustments (Additions)

Ohio Schedule A lists the additions to your federal adjusted gross income. For more information about the additions you must make, see pages 14-15.

- If you have no additions to your Ohio income, leave line 2a blank.
- Any additions listed on this line must be supported by the applicable Ohio Schedule A line item(s). Enter the amount from Ohio Schedule A, line 10 on this line.

You must include a copy of Ohio Schedule A with your return.

Line 2b – Ohio Adjustments (Deductions)

Ohio Schedule A lists the deductions from your federal adjusted gross income. For more information about the deductions you must make, see pages 15-18.

- If you have no deductions to your Ohio income, leave line 2b blank.
- Any deductions listed on this line must be supported by the applicable Ohio Schedule A line item(s). Enter the amount from Ohio Schedule A, line 39 on this line.

You must include a copy of Ohio Schedule A with your return.

Line 4 – Personal and Dependent Exemptions

Ohio allows a personal exemption for you and, if filing a joint return, your spouse.

Ohio allows a dependent exemption for all dependents properly claimed on your federal tax return. Individuals claimed as dependents on another taxpayer's return are not eligible to take a personal exemption on their own return.

The personal and dependent exemption is a graduated amount, based on your modified adjusted gross income as follows:

Modified Adjusted Gross Income	Personal/Dependent Exemption
\$40,000 or less	\$2,400
\$40,001 – \$80,000	\$2,150
More than \$80,000	\$1,900

Enter the total number of exemptions you claimed in the spaces provided. Multiply that number by the appropriate exemption amount from the chart above and enter the result on line 4.

Example: John and Mary claim their son Patrick as an exemption on their jointly filed federal income tax return. Their modified adjusted gross income is \$75,000. Thus, they claim three exemptions totaling \$6,450 on their Ohio return. Patrick works part-time after school and files his own tax return. Since Patrick is a dependent and his parents claim an exemption for him, he is not eligible for an exemption on his return. He should check the box indicating he can be claimed by someone else and enter \$0 on line 4.

Ohio Schedule J. Include a completed Ohio Schedule J, listing every dependent for whom you are claiming this exemption. Enter the full name, SSN, dependent's relationship, and birthdate of each dependent claimed for this exemption. If your dependent has an individual tax identification number (ITIN) or adoption taxpayer identification number (ATIN), enter that number in the boxes for the dependent's SSN.

If the dependent information is not provided, incomplete, or contains errors, you may be asked for supporting documentation.

See [R.C. 5747.025](#) and [5747.01\(O\)](#).

Line 8a – Tax on Line 7a

Calculate your tax on your Ohio income tax base less business income.

- All taxpayers can utilize the Income Tax Brackets found on page 32.
- If your nonbusiness taxable income is less than \$107,000, your tax has been calculated for you in the Income Tax Table found on pages 32-37.

Note: The Income Tax Table shows the tax amount for \$50 increments of income and is calculated on the midpoint income for all of the income in that \$50 range. The tax amount listed in the Income Tax Table may be slightly lower or higher than the tax amount computed by using the Income Tax Brackets.

See [R.C. 5747.02\(A\)\(3\)](#).

Line 11 – Interest Penalty

Generally, if you are a wage earner and have Ohio withholding, you will not owe an interest penalty. If you have non-wage income or no Ohio withholding, use Ohio IT/SD 2210 to determine if an interest penalty is due. See [R.C. 5747.09\(D\)](#) and [\(E\)](#).

Line 12 – Unpaid Use (Sales) Tax

Report the amount of unpaid use (sales) tax due for the tax year. A worksheet and detailed explanation of Ohio's use tax are located on page 31. See [R.C. 5747.083](#).

Line 14 – Ohio Income Tax Withheld

This line is for Ohio income tax withheld as reported on the Schedule of Ohio Withholding. **Do not** include:

- Taxes withheld for another state, a city, or a school district; OR
- Taxes withheld on your behalf by a pass-through entity reported to you on an Ohio IT K-1 (these amounts should be reported on line 37 of the Ohio Schedule of Credits).

Schedule of Withholding. Include a completed Schedule of Ohio Withholding, listing every income statement (W-2, W-2G, 1099) for which you have Ohio income tax withheld. See the sample statements on pages 38-39. **Do not list income statements that do not report Ohio income tax withheld.**

Place state copies of your income statements after the last page of your return. **Do not** include income statements that are handwritten, self-created, or generated by your tax preparation software.

See [R.C. 5747.08\(H\)](#).

Line 15 – Payments and Credit Carryforward Amounts

Enter the following amounts:

- Estimated payments (Ohio IT 1040ES);
- Extension payments (Ohio IT 40P); AND
- Any credit carryforward amount from your prior year Ohio IT 1040.

Do not include:

- A prior year's refund that you requested but did not receive. (Contact the Department about any refund you requested but did not receive).
- Taxes paid by a pass-through entity, reported to you on an Ohio IT K-1. (Report these amounts on Ohio Schedule of Credits, line 37).

See [R.C. 5747.09\(B\)](#).

Line 17 – Amount Previously Paid (Amended Returns Only)

When filing an amended return, enter the amount previously paid with your original and/or amended return on line 21.

Line 19 – Overpayment Previously Requested (Amended Returns Only)

When filing an amended return, enter the amount you reported on line 24 on your previously filed return(s).

Line 22 – Interest Due

Interest is due from the unextended due date until the date the tax is paid. Generally, you do not owe interest if you are due a refund. An extension of time to file does not extend the payment due date. The interest rate for calendar year 2021 is 3%.

Certain military servicemembers may not be subject to interest. See page 8 for more information.

See [R.C. 5747.08\(G\)](#).

Line 23 – Total Amount Due

This is your total amount due. **Do not mail cash.** Make payment by:

- Electronic check;
- Credit or debit card; OR
- Paper check or money order.

Make your check or money order payable to "Ohio Treasurer of State" and include an Ohio IT 40P or IT 40XP payment voucher. Include the tax year and the last four digits of your SSN on the "Memo" line.

For more information regarding payment options, see page 5.

Line 25 - Credit Carryforward

Enter the portion of your refund you want applied to tax year 2021. This is **only** allowed on timely filed, original returns; it is **not** allowed on amended returns.

Line 26 – Donations

You may make a donation using this form if you have an amount on line 24. Your total donations (line 26g) cannot exceed line 24. Such donations will reduce the amount of refund you may receive.

If you decide to donate, this decision is **final**. For more information on the donation options, see page 11.

See also [R.C. 5747.113](#).

Line 27 – Your Refund

This is your refund. Paper filers will be issued a check payable to the taxpayer (or both taxpayers if filing jointly) and mailed to the address on the tax return.

See [R.C. 5747.01\(A\)\(1\)](#).

Line 2 – Pass-Through Entity Add-Back

Enter Ohio pass-through entity tax (from the IT 1140) and/or Ohio financial institutions tax (from the FIT 10) to the extent that those taxes were deducted in arriving at your federal adjusted gross income. - The amount was subject to the Ohio Schedule A deduction for Ohio 529 plan

contributions and tuition credit purchases in any tax year.

See [R.C. 5747.01\(A\)\(9\)](#) and [5747.70](#).

Line 4 – Ohio Public Obligations

Line 5 – Medical Savings Account

Enter net withdrawals made from a medical savings account for **nonmedical** purposes if the amount of the withdrawal was deducted on a previous year's Ohio income tax return (Ohio Schedule A, line 37). Use the worksheet on page 27 to calculate this adjustment. See [R.C. 5747.01\(A\)\(14\)](#).

Line 6 – Reimbursement of Expenses

Enter reimbursements received in 2020 for any expenses that you deducted on a previously filed Ohio income tax return if

the amount of the reimbursement was not included in federal adjusted gross income for 2020. See [R.C. 5747.01\(A\)\(11\)\(b\)](#).

Line 7 – Accelerated Depreciation

Add 5/6 of your bonus depreciation allowed under Internal Revenue Code section 168(k). Also add 5/6 of your depreciation expense allowed under Internal Revenue Code section 179 less the amount that would have been allowed under section 179 as it existed on Dec. 31, 2002.

Replace “5/6” with “2/3” for employers who increased their Ohio income taxes withheld by an amount equal to or greater than 10% over the previous year. Replace “5/6” with “6/6” for taxpayers who incur a net operating loss for federal income tax purposes if the loss was a result of the 168(k) and/or 179 depreciation expenses.

No add-back is required for employers who increased their Ohio income taxes withheld over the previous year by an amount greater than or equal to the sum of the 168(k) or 179 depreciation expenses. No add-back is required for 168(k) and/or 179 depreciation amounts related to a pass-through entity in which the taxpayer has less than 5% ownership.

This add-back is deductible on Ohio Schedule A in future tax years. Use the worksheet on page 30 to assist you in calculating your future years' deduction amount.

For more information, see [tax.ohio.gov](#) for FAQs (in the ["Income - Bonus Depreciation"](#) topic). See also [R.C. 5747.01\(A\)\(17\)](#).

Do not include any Ohio sourced business income, lottery or casino winnings, rental or royalty income, capital gains, or non-employee wages.

Exception: This deduction does not apply to compensation paid to you by a pass-through entity in which you have at least 20% direct or indirect ownership. [R.C. 5733.40\(A\)\(7\)](#) reclassifies such compensation as a distributive share of income from the pass-through entity.

See [R.C. 5747.05\(A\)\(2\)](#).

Line 13 – State or Municipal Income Tax Overpayments

Line 15 - Certain Railroad Retirement Benefits

Line 16 – Interest Income from Ohio Public Obligations

Deduct interest income earned from Ohio public obligations and Ohio purchase obligations if the interest income was included in your federal adjusted gross income. You can also deduct any gains resulting from the sale or disposition of Ohio public obligations to the extent that the gain was included in your federal adjusted gross income.

You can also deduct income from a certain transfer agreement or an enterprise trans-

ferred under that agreement if the income was included in your federal adjusted gross income.

See [R.C. 5747.01\(A\)\(7\), \(8\), and \(26\)](#).

Line 17 – Individual Development Accounts

Line 18 – STABLE Contributions

Deduct contributions you made to a STABLE (Ohio ABLE) account, up to \$4,000 per beneficiary per year. Contributions exceeding the \$4,000 limitation may be deducted on future years' returns until fully utilized, subject to the annual limitation of \$4,000 per beneficiary. Married taxpayers may deduct up to a maximum of \$4,000 per beneficiary whether their filing status is married filing jointly or married filing separately.

You can use the worksheet on page 30 to assist you in calculating the unused portion of your STABLE account contributions.

For more information, see [tax.ohio.gov](#) for FAQs (in the ["Income – STABLE Account Deduction"](#) topic). See also [R.C. 5747.01\(A\)\(29\)](#) and [5747.78](#).

Line 19 – Nonresident Income from Ohio Disaster Work

Deduct income included in your federal adjusted gross income if all of the following are true:

- You are a nonresident of Ohio;
- The income was received for disaster work in Ohio during a disaster response period; AND
- You did not receive any other Ohio-sourced income during the tax year.

For the purposes of this line, “income” includes compensation paid to an employee of a business performing disaster work in Ohio, as well as amounts paid to a business performing disaster work in Ohio.

“Disaster work” means repairing, renovating, installing, or constructing property and equipment destroyed by the declared disaster, provided that the property or equipment is owned by a public utility,

commercial mobile radio service provider, cable service provider, or video service provider. Disaster work also includes any preparation for these activities.

The "disaster response period" is based on when the president of the United States or the governor of Ohio declares that an emergency exists in Ohio. It begins 10 days prior to the declaration and ends 60 days after the declaration expires or is rescinded.

See [R.C. 5747.01\(A\)\(30\)](#) and [5703.94](#).

Line 20 – Federal Interest and Dividends Exempt from State Taxation

Enter interest and dividend income, to the extent included in federal adjusted gross income, from obligations issued by the United States government or its possessions/territories that are exempt from Ohio tax by federal law.

Examples include:

- U.S. savings bonds (Series E, EE, H or I);
- Treasury notes, bills and bonds;
- Sallie Maes.

Examples of interest income that are not deductible:

- Interest paid by the IRS on a federal income tax refund;
- Interest income from Fannie Maes or Ginnie Maes.

For more examples of deductible amounts, see [Information Release IT 1992-01](#) titled "Exempt Federal Interest Income," at [tax.ohio.gov](#). See also [R.C. 5747.01\(A\)\(3\)](#).

Line 21 – Ohio Depreciation Deduction

Deduct:

- 1/5 of prior year 5/6 add-backs,
 - 1/2 of prior year 2/3 add-backs, AND
 - 1/6 of prior year 6/6 add-backs,
- of Internal Revenue Code sections 168(k) and 179 depreciation adjustments. The deduction must be taken in equal increments in consecutive tax years and any unused portion from any given tax year is not eligible to be carried forward.

You can only deduct amounts that you added back in a prior year on your Ohio IT 1040. If you receive an Ohio IT K-1 reporting a deduction, you must verify it is consistent with your prior year add-back(s). You can take this deduction even if you no longer directly or indirectly own the asset.

Additionally, in tax years with an NOL, an NOL carryback or an NOL carryforward,

you cannot claim this deduction. Instead, you must carry the deduction forward to the next tax year in which you have no NOL, carryback, or carryforward.

For more information, see [tax.ohio.gov](#) for FAQs (in the ["Income - Bonus Depreciation"](#) topic). See also [R.C. 5747.01\(A\)\(18\)](#).

Line 22 – Refund or Reimbursement for Itemized Deductions

Deduct amounts included in your federal adjusted gross income that represent refunds or reimbursements of expenses that you previously deducted on federal Schedule A. Do not include any amounts that were previously deducted on Ohio Schedule A in any tax year. See [R.C. 5747.01\(A\)\(11\)\(a\)](#).

Example: Sue claimed an itemized deduction of \$500 for attorney fees on her 2018 federal Schedule A. In 2020 she received a reimbursement for \$200 of those fees from her attorney. She reported this \$200 on her 2020 federal income tax return as other income. Sue is entitled to deduct the \$200 reimbursement on this line.

Line 23 – Repayment of Income Reported

Deduct amounts, described in section 1341(a)(2) of the Internal Revenue Code, that you repaid in the current tax year if:

- You recognized the amount as income on your federal return in a prior year;
- You have not deducted this income on any other line on your Ohio income tax return for any tax year;
- In the year you recognized the income, it did not qualify for either the Ohio resident or nonresident credit; AND
- In the current tax year, you claimed either (i) an itemized deduction on your federal Schedule A for the amount repaid OR (ii) a tax credit on your federal 1040 based upon the amount repaid.

See [R.C. 5747.01\(A\)\(12\)](#).

Line 24 – Wage Expense

Deduct the amount you reported as your work opportunity tax credit on your federal income tax return. See [R.C. 5747.01\(A\)\(6\)](#).

Line 25 – Federal Conformity Deductions

This line is for federal conformity adjustments. Do not enter any federal Schedule A adjustments on this line. For updates on Ohio conformity, see [tax.ohio.gov/other/Update.aspx](#). See also [R.C. 5701.11](#).

Line 26 – Military Pay for Ohio Residents

Nonresidents and resident servicemembers stationed in Ohio are not eligible for this deduction. Only resident servicemembers stationed outside of Ohio are eligible for this deduction.

Deduct military pay and allowances only if all of the following are true:

- They are included in your federal adjusted gross income;
- You received them while stationed outside Ohio;
- You are a resident of Ohio; AND
- You were in active duty service in the United States Army, Air Force, Navy, Marine Corp, or Coast Guard or reserve components thereof, or the National Guard.

The term "stationed" refers to the servicemember's permanent duty station. A servicemember's "permanent duty station" is the military installation where the servicemember is currently assigned and is physically located under non-temporary duty orders. Periods of active duty outside Ohio for purposes other than training, or periods of training greater than 30 days outside Ohio, qualify as being stationed outside Ohio.

For more information on taxation of military servicemembers and their civilian spouses, see page 8. See also [R.C. 5747.01\(A\)\(21\)](#).

Line 27 – Nonresident Military & Civilian Spouse Wages

Residents of Ohio are not eligible for this deduction. Only nonresident servicemembers and their nonresident civilian spouses are eligible for this deduction.

Deduct military pay and allowances earned by the military servicemember if all of the following are true:

- They are included in federal adjusted gross income; AND
- The servicemember is a nonresident of Ohio.

Also deduct compensation earned by a civilian spouse in Ohio if all of the following are true:

- The civilian spouse and the servicemember are in Ohio solely because of military orders; AND
- The civilian spouse and the servicemember have the same state of legal residence.

For more information on taxation of military servicemembers and their civilian spouses, see page 8. See also 50a U.S.C. §571.

Line 28 – Uniformed Services Retirement Income

Deduct military retirement income if both of the following are true:

- The income is included in federal adjusted gross income; AND
- The income is related to your service in the uniformed services or reserve components thereof, or the National Guard.

The term "uniformed services" includes the Army, Navy, Air Force, Marine Corps, Coast Guard, the commissioned corps of the National Oceanic and Atmospheric Administration, and the Public Health Service.

If you served in the military and receive a federal civil service retirement pension, you are eligible for a limited deduction based on the amount of your federal retirement pay that is attributable to your years of military service. You can contact the Office of Personnel Management if you need assistance in determining your military and total service time used in your retirement calculation.

Example: Joe served in the Army for 10 years and then worked for the U.S. National Parks Service for an additional 20 years before retiring; a total of 30 years of federal service time. Joe's total federal pension is \$100,000, \$90,000 of which is included in his federal adjusted gross income. In calculating his Ohio deduction, Joe should divide 10 years by 30 years, and then multiply the result by \$90,000 [$90,000 \times 10/30$]. Thus, Joe can deduct \$30,000 or 1/3 of the portion of his retired personnel pay included in federal adjusted gross income.

If you are a surviving spouse or former spouse and are collecting "retired personnel pay" on behalf of a servicemember, then you may deduct the portion of the income you received that is attributable to the servicemember's time in the uniformed services. You may be required to provide a copy of the separation or divorce decree and the federal 1099-R to verify this deduction.

Note: Amounts deducted on this line cannot be used to calculate the retirement credit or the lump sum retirement credit on the Ohio Schedule of Credits.

For more information on taxation of military servicemembers and their civilian spouses, see page 8. See also [R.C. 5747.01\(A\)\(23\)](#) and [5747.01\(FF\)](#).

Line 29 – Military Injury Relief Fund and Disability Severance Payments

Enter military injury relief fund and disability severance payments that are included in your federal adjusted gross income. For more information on taxation of military servicemembers and their civilian spouses, see page 8. See also [R.C. 5747.01\(A\)\(24\)](#) and [\(34\)](#).

Line 30 – Ohio National Guard Reimbursements and Benefits

Deduct reimbursements of group life insurance premiums paid by the Ohio Adjutant General if all of the following are true:

- The reimbursements are included in your federal adjusted gross income;
- You purchased group life insurance pursuant to the "Servicemembers' Group Life Insurance Act"; AND
- You were on active duty in the Ohio National Guard for the months during which premiums were paid.

Also deduct death benefits included in your federal adjusted gross income, that are paid by the Ohio Adjutant General, due to the death of an active duty member of the Ohio National Guard.

For more information on taxation of military servicemembers and their civilian spouses, see page 8. See also [R.C. 5747.01\(A\)\(20\)](#) and [\(21\)](#).

Line 31 – Contributions to an Ohio 529 Plan

Deduct contributions you made to an Ohio 529 (CollegeAdvantage) savings plan. This deduction is limited to \$4,000 per beneficiary per year. Contributions exceeding the \$4,000 limitation may be deducted on future years' returns until fully utilized, subject to the annual limitation of \$4,000 per beneficiary. Married taxpayers may deduct up to a maximum of \$4,000 per beneficiary whether their filing status is married filing jointly or married filing separately.

You can use the worksheet on page 30 to assist you in calculating the unused portion of your Ohio 529 account contributions.

Additionally, deduct income related to an Ohio 529 savings plan that is included in federal adjusted gross income. Such amounts may be reported as "other income" on your federal return. Also deduct any negative amounts reported in box 2 of your federal 1099-Q, that were not deducted in computing your federal adjusted gross income.

You may not deduct:

- Amounts contributed by another person;
- Amounts contributed to another state's 529 savings plan; OR
- Income related to a 529 savings plan that is not included in federal adjusted gross income.

For Ohio 529 Plan information, call 1-800-233-6734 or visit www.collegeadvantage.com.

For more tax information, see tax.ohio.gov for FAQs (in the "[Income – 529 Plan Account Deduction](#)" topic). See also [R.C. 5747.01\(A\)\(9\)](#) and [5747.70](#).

Line 32 – Portion of Certain College Grants Used to Pay Room and Board

Deduct any portion of a federal Pell Grant and/or Ohio College Opportunity Grant that was:

- Included on your federal 1040, line 1;
- Received by you, your spouse or your dependent; AND
- Used to pay qualifying room and board expenses.

Qualifying room and board expenses include only those amounts paid for room and board, including meal plans, furnished by the educational institution.

The amount deducted on this line cannot exceed the taxable portion listed on line 1 of your federal return. See [R.C. 5747.01\(A\)\(27\)](#).

Line 33 - Ohio Educator Expenses

Deduct any education expenses incurred by a qualifying Ohio educator during the tax year to the extent not otherwise deducted or excluded in calculating your Ohio adjusted gross income. This deduction is limited to \$250 per qualifying Ohio educator.

"Qualifying Ohio educator" means a kindergarten through grade 12 Ohio public or private school teacher, instructor, counselor, principal, or aid who worked at least 900 hours during the school year. "Education expenses" means any expenses described in Internal Revenue Code section 62(a)(2)(D).

See [R.C. 5747.01\(A\)\(31\)](#) and [\(JJ\)](#).

Line 34 – Disability Benefits

Deduct disability benefits to the extent included in federal adjusted gross income. To determine if amounts are disability benefits, you should refer to the terms of the plan under which the benefits are paid.

You may not deduct:

- Temporary wage continuation payments;
- Retirement benefits that converted from disability benefits upon reaching a minimum retirement age; OR
- Payments for temporary illnesses or injuries (such as sick pay provided by an employer or third party).

See [R.C. 5747.01\(A\)\(4\)](#) and [Ohio Adm. Code 5703-7-08](#).

Line 35 – Survivor Benefits

Deduct survivor benefits to the extent included in federal adjusted gross income. Most life insurance benefits are not included in federal adjusted gross income and thus are not deductible.

Generally, survivor benefits include any amount received because of the death of

another individual. The decedent's age, recipient's age, relationship to the decedent, and prior tax treatment of the income on the decedent's return are not relevant in determining if income qualifies as survivor benefits.

To determine if amounts are survivor benefits, you should refer to the terms of the plan under which the benefits are paid. Any amounts payable without the death of a covered individual as a precondition are **not** survivor benefits.

See [R.C. 5747.01\(A\)\(4\)](#) and [Ohio Adm. Code 5703-7-08](#).

Line 36 – Unreimbursed Medical & Health Care Expenses

Deduct the following amounts to the extent not otherwise deducted or excluded in calculating your federal adjusted gross income:

- Long-term care insurance premiums;
- Certain dental, vision and health insurance premiums; AND
- Medical care expenses (such as prescription medication, copays, doctor visits) in excess of 7.5% of your federal adjusted gross income.

This deduction is available for any of the above amounts that you paid for you, your spouse, or your dependents.

Do **not** deduct any amounts:

- Paid with pre-tax dollars (such as health savings or flexible spending accounts);
- Paid by you but later reimbursed or refunded; OR
- Paid by insurance or another person.

Use the worksheet on page 27 to calculate this deduction. For more information, see [tax.ohio.gov](#) for FAQs (in the "[Income - Medical & Health Care Expenses](#)" topic). See also [R.C. 5747.01\(A\)\(10\)](#).

Line 37 – Medical Savings Account

Deduct the amount of funds you and your spouse (if filing a joint return) deposited into a medical savings account. For 2020, the maximum deduction is \$4,916 per taxpayer (\$9,832 if filing a joint return). Do not include amounts deducted on your federal return for contributions to a health savings account.

You may also deduct any investment income or interest earned on your deposits into a medical savings account to the extent included in your federal adjusted gross income.

Use the worksheet on page 27 to calculate this deduction. See [R.C. 5747.01\(A\)\(13\)](#).

Example: Bob and Sue file a joint tax return.

Bob contributed \$2,000 to his medical savings account while Sue contributed \$6,000 to hers. Bob's account earned \$120 in interest that was included in their federal adjusted gross income. Sue's account earned \$300 in interest that was not included. The contributions and interest were not deducted when calculating federal adjusted gross income. Bob and Sue are entitled to a medical savings account deduction of \$7,036 (\$2,000 for Bob's contribution, \$4,916 for Sue's maximum allowable contribution, and \$120 for Bob's interest earnings).

Line 38 – Qualified Organ Donor Expenses

Deduct qualified organ donation expenses you incurred during the tax year to the extent not otherwise deducted or excluded in calculating your federal adjusted gross income. This one-time deduction is limited to \$10,000 per taxpayer.

"Qualified organ donation expenses" means travel expenses, lodging expenses, and wages and salary forgone by a taxpayer in connection with the taxpayer's donation of a qualifying organ to another human being. A "qualifying organ" includes all or any portion of a human liver, pancreas, kidney, intestine, lung, or human bone marrow.

See [R.C. 5747.01\(A\)\(22\)](#).

Ohio Schedule IT BUS - Business Income

Enter all business income that you (and your spouse, if filing jointly) received during the tax year, from all sources, on this schedule. **Only one IT BUS should be used for each return filed.**

Part 1 - Business Income

Enter only amounts that are both included in federal adjusted gross income and are "business income" under Ohio law.

Due to differences between federal and Ohio law, some amounts reported as business income on the federal return may not be business income on this schedule. Do not simply list the amounts from the federal return.

For more information on how Ohio defines business income and examples of business income, see page 9. See also [R.C.5747.01\(B\) and \(C\)](#).

Line 1 - Schedule B, Interest and Ordinary Dividends

Enter taxable interest and ordinary dividends reported on federal Schedule B that qualify

as business income. Do not include interest or dividend income from personal bank accounts or personal investments.

Line 2 - Schedule C, Profit or Loss from Business

Enter net profit or loss from a business reported on federal Schedule C. If you have multiple businesses, you must net any business losses against any business gains.

Example: Sam has a business that incurs a loss of -\$15,000. Sam's wife Suzy has a separate business that generates a profit of \$10,000. The net Schedule C loss reported on their jointly filed federal return is -\$5,000. Thus, they must report -\$5,000 on this line.

Line 3 - Schedule D, Capital Gains and Losses

Enter capital gains or losses reported on federal Schedule D that qualify as business income. Do not include gains or losses from the sale of property that was not used in a trade or business, as well as gains or losses from the sale of the ownership interest in a business itself.

Line 4 - Schedule E, Supplemental Income and Loss

Enter your net business income or loss reported on federal Schedule E. If you have multiple sources of business income, you must net any business losses against any business income. **Do not include any guaranteed payments on this line, even if included on federal Schedule E.**

Line 5 - Guaranteed Payments and/or Compensation

Enter guaranteed payments and/or compensation (i.e., wages or salaries) paid to you by a pass-through entity, or a professional employer organization on its behalf, in which you have at least a 20% direct or indirect ownership. **Please note, "indirect" ownership does not include beneficial or constructive ownership via Internal Revenue Code attribution rules.**

Example: Matt and Sarah are married and both work for PTE A. Matt is the owner of PTE A. Thus, he directly owns 100% of PTE A and his wages from PTE A qualify as business income. However, Sarah's wages from PTE A do **not** qualify as business income. While Sarah **constructively** owns 100% of PTE A (through attribution of Matt's ownership), she does **not** directly or indirectly own any portion of PTE A.

Line 6 - Schedule F, Profit or Loss from Farming

Enter net profit or loss from farming reported on federal Schedule F. You must net any farming losses against any farming gains.

Line 7 - Other Business Income

Enter any business income or loss included in your federal adjusted gross income that was not entered on lines 1 through 6. Include on this line any amounts reported on the federal 4797 that constitute business income.

Part 2 - Business Income Deduction

Use these lines to calculate your Ohio business income deduction. **If the amount on line 9 is zero, you do not have a business income deduction or any taxable business income.**

Part 3 - Taxable Business Income

Do not complete these lines if your Ohio taxable income (Ohio IT 1040, line 5) is zero. Ohio taxes business income at a flat 3% rate. See [R.C. 5747.02\(A\)\(4\)](#).

Part 4 - Business Entities

For each pass-through entity in which you or your spouse are an investor, enter the following:

- The FEIN;
- Your and your spouse's ownership percentage;
- The 6-digit North American Industry Classification System (NAICS) code; AND
- The business name.

When listing sole proprietorships, enter the owner's SSN and name or the "doing business as" name. NAICS codes are available at naics.com/search.

For more information, see tax.ohio.gov for FAQs (in the "[Income – Business Income and the Business Income Deduction](#)" topic).

Ohio Schedule of Credits**Nonrefundable Individual Credits****Line 2 – Retirement Income Credit**

To qualify for this credit, all of the following must be true:

- Your modified adjusted gross income less exemptions is less than \$100,000;
- You must have received income from a pension, profit-sharing, or retirement plan (such as traditional IRAs or 401(k) plans);
- This income is included in your Ohio adjusted gross income;
- This income was received on account of retirement; AND
- You have not previously taken the Ohio lump sum retirement credit.

The credit is based on the total retirement income included in your Ohio adjusted gross income. Amounts deducted on Ohio Schedule A (such as Social Security benefits and uniformed services retirement income) do **not** qualify for this credit.

Use Table 2 on page 28 to determine your credit. If you are filing a joint return, combine the total retirement income for both spouses. **The maximum credit per return is \$200.**

Example: Fred and Nancy are retired and file a joint return. They each have \$3,000 of retirement income included in their Ohio adjusted gross income. Table 2 shows their credit as \$130 based on their total retirement income of \$6,000.

See [R.C. 5747.055\(B\)](#).

Line 3 – Lump Sum Retirement Credit

If you take this credit, you cannot take the retirement income credit on this year's return or any future return.

To qualify for this credit, all of the following must be true:

- Your modified adjusted gross income less exemptions is less than \$100,000;
- You must have received a total, lump sum distribution on account of retirement;
- The distribution must have come from a qualified pension, retirement, or profit-sharing plan; AND
- You have not previously claimed this credit.

A "total distribution" is generally indicated in box 2b of your 1099-R. Use the worksheet on page 28 to calculate this credit. See [R.C. 5747.055\(C\), \(D\), and \(E\)](#).

Line 4 – Senior Citizen Credit

To qualify for this credit, all of the following must be true:

- Your modified adjusted gross income less exemptions is less than \$100,000;
- You were 65 or older during the tax year; AND
- You have not previously taken the Ohio lump sum distribution credit.

The credit is equal to \$50 **per return**. See [R.C. 5747.055\(F\)](#).

Line 5 – Lump Sum Distribution Credit

If you take this credit, you cannot take the \$50 senior citizen credit on this year's return or on any future return.

To qualify for this credit, all of the following must be true:

- Your modified adjusted gross income less exemptions is less than \$100,000;
- You were 65 or older during the tax year;
- You must have received a total, lump

sum distribution from a qualified pension, retirement, or profit-sharing plan; AND

- You have not previously claimed this credit.

A "total distribution" is generally indicated in box 2b of your 1099-R. Use the worksheet on page 28 to calculate this credit. See [R.C. 5747.055\(G\)](#).

Line 6 – Child Care and Dependent Care Credit

To qualify for this credit, your modified adjusted gross income must be less than \$40,000 and you must have claimed the federal "credit for child and dependent care expenses" on federal form 2441.

Use the worksheet on page 29 to calculate this credit. See [R.C. 5747.054](#).

Line 7 – Displaced Worker Training Credit

To qualify for this credit as a "displaced worker", all of the following must be true:

- You lost or left your job due to the closing or moving of your job location or the abolishment of your position or shift;
- You paid for job training to enhance your ability to get a job; AND
- You worked no more than 20 hours per week at a new job.

The credit equals the lesser of \$500 or 50% of the amount you paid, less any reimbursements, during the 12-month period immediately following the loss or leaving of your job. If the 12-month period extends over two tax years, your maximum credit for both tax years combined is \$500.

Expenses that generally qualify as job training include:

- College tuition and fees
- Vocational training

- Course materials (such as books and software) required as part of a course or training

Expenses that do not qualify are generally those that do not teach or improve skills used in a job, such as:

- Computer purchases and upgrades
- Professional organization fees/dues
- Job placement or career planning services (resume workshops, interview critiques, skills assessment, etc.)
- Certification or licensure expenses (tests, fees, etc.)

Use the worksheet on page 29 to calculate this credit and include a copy along with all supporting documentation with your return. For more information, including examples of supporting documentation, see tax.ohio.gov for FAQs (in the ["Income – Displaced Worker Training Credit"](#) topic). See also [R.C. 5747.27](#).

Line 7a – Campaign Contribution Credit

To qualify for this credit, you must have contributed money to the campaign committee of a candidate for any of the following Ohio offices:

- Governor or lieutenant governor
- Secretary of state
- Auditor of state
- Treasurer of state
- Attorney general
- Chief justice of the Ohio Supreme Court
- Justice of the Ohio Supreme Court
- Ohio Board of Education
- Ohio Senate
- Ohio House of Representatives

The credit equals the amount contributed during the tax year up to \$50 per return, or \$100 if you are filing a joint return. Contributions to local candidates (such as city or county officials) or federal candidates (such as President or U.S. Senator) **do not** qualify for this credit. See [R.C. 5747.29](#).

Line 8 – Exemption Credit

To qualify for this credit, your modified adjusted gross income less exemptions must be less than \$30,000. The credit equals \$20 for each personal and dependent exemption claimed on your return. See [R.C. 5747.022](#).

Line 11 – Joint Filing Credit

To qualify for this credit, you must file a joint return on which you and your spouse each have at least \$500 of qualifying income. "Qualifying income" is any amount included in Ohio adjusted gross income, other than the following:

- Interest;
- Dividends and distributions;
- Capital gains; AND
- Rents and royalties.

Amounts deducted on Ohio Schedule A are not included in Ohio adjusted gross income, and thus are not "qualifying income." Examples of such amounts include business income, state and local tax refunds, Social Security and railroad retirement benefits, and certain military compensation and retirement benefits.

The credit equals a percentage of your tax liability prior to the application of the credit. **The maximum credit per return is \$650.** The percentage used is based on your modified adjusted gross income (MAGI) less exemptions, as shown in the following table:

MAGI less exemptions	Credit (max \$650)
0 - \$25,000	20% of line 10
\$25,001 - \$50,000	15% of line 10
\$50,001 - \$75,000	10% of line 10
\$75,001 or more	5% of line 10

Example: Kevin and Krysten file a joint return. Kevin has \$50,000 of wage income and \$5,000 of interest income. Krysten has \$40,000 of business income and \$20,000 of taxable Social Security benefits. While Kevin has \$50,000 of qualifying income (his wages), Krysten has no qualifying income because her business income and taxable Social Security benefits were both deducted in calculating their Ohio adjusted gross income. Therefore, they are not entitled to the joint filing credit.

Please include a separate statement listing the qualifying income for each spouse. See [R.C. 5747.05\(E\)](#).

Line 12 – Earned Income Credit

To qualify for this nonrefundable credit, you must have claimed the federal earned income credit (EIC). The Ohio credit equals 30% of your federal EIC. See [R.C. 5747.71](#).

Line 13 – Ohio Adoption Credit

To qualify for this credit, you must have adopted, during the tax year, a child who was under the age of 18 and not your stepchild.

This credit is not related to or based on the calculation of the federal adoption credit. Instead, the credit is the greater of \$1,500 or your adoption-related expenses, capped at \$10,000. For purposes of this credit, "adoption-related expenses" include all of the following:

- Medical care expenses of the birth mother or child in connection with the pregnancy or birth;
- Legal fees, guardian ad litem fees, and court expenses in connection with the adoption;
- Adoption agency fees; AND
- Certain living expenses, not exceeding

\$3,000, for the birth mother that are incurred during pregnancy.

You may claim one credit for each adoption. This credit is nonrefundable, however any unused portion can be carried forward for up to five consecutive years.

Individuals must use the IT NRC to calculate the nonresident portion of their Ohio adjusted gross income, which is used to calculate the Ohio nonresident credit. **Only Ohio part-year residents and full-year nonresidents may use this form.** However, full-year residents filing a joint return with a nonresident or part-year resident must include **all** income in **Column B**, even if it is not Ohio-sourced.

Include this form with your Ohio IT 1040 and retain a copy for your records. If your tax preparation software allows for PDF attachments, you should attach a copy of this form.

For more information, see [tax.ohio.gov](#) for FAQs (in the ["Income - Ohio Residency and Residency Credits"](#) topic).

Section I – Nonresident Credit Calculation

All Ohio part-year residents and full-year nonresidents must complete Part A and Part C. Only Ohio part-year residents must complete Part B.

Line 1 – Compensation and Guaranteed Payments

Enter compensation (e.g. wages, salaries, tips) in Column B paid to you:

A nonresident must allocate compensation using either:

- The ratio of **days worked** in Ohio to total days worked; OR
- The location of the **specific services** generating the compensation.

Exceptions: Do not enter in Column B any compensation directly deducted on Ohio Schedule A, including amounts for:

- Military services performed outside Ohio while you were a resident of Ohio;
- Military services performed in Ohio while you were a nonresident;

Section II – Ohio Business Income

List every sole proprietorship or pass-through entity in which you held an ownership interest during the tax year. If you have more than 20 businesses, include additional page 2(s), with only lines 1-20 completed. Total all businesses reported on the additional page 2(s) on line 21.

For each business, enter:

- The total business income included on your federal return in Column A;
- The Ohio depreciation adjustment in Column B (from Section III, line 21);
- The Ohio apportioned income in Column C (from Section III, line 17).

Each column is independently calculated for each business. Column A is not a total of Columns B and C.

If you have an Ohio IT K-1 for a business, you must still list that business and check the "IT K-1" box. Additionally, you must enter:

- The total business income included on your federal return in Column A;
- The Ohio depreciation adjustment in Column B (from Ohio IT K-1, the Ohio portion

- of line 2c);
- The Ohio apportioned income in Column C (from Ohio IT K-1, the Ohio portion of line 2a plus 2b).

Important: You **must** complete Section III, even if you received an IT K-1 from the entity, if the IT K-1 depreciation worksheet includes amounts not added back on your previous Ohio income tax returns.

Line 22 – Column Totals

Column A: This is the total of all business income reported on your federal return.

Column B: This is the total of all Ohio apportioned depreciation adjustments. The total may be a positive or negative number. Enter this amount on Section I, line 6.

Column C: This is the total of all Ohio apportioned business income. It may be positive or negative. If the amount is positive, complete lines 23 and 24. Otherwise, enter the amount on Section I, line 5.

Line 24 – Ohio Business Income

This is your Ohio business income. Enter this amount on Section I, line 5. If the total is less than zero, enter zero.

Section III – Business-Level Income & Apportionment

Complete a separate Section III for each sole proprietorship or pass-through entity having property, payroll, and/or sales in Ohio. However, if an Ohio IT K-1 reporting income from a pass-through entity is attached with the IT NRC, a Section III does not need to be completed for that entity.

For more information, see [Information Release IT 2001-01](#) titled "Nexus Standards & Filing Safe Harbors for Individuals," at tax.ohio.gov.

For each Section III completed, include your name, SSN, and ownership percentage in the business, as well as the business' name and FEIN (if applicable) in the spaces provided.

Part A

You must calculate a separate apportionment ratio for each sole proprietorship or pass-through entity listed in Section III. Ohio apportionment is based on a three-factor, weighted ratio.

The three factors are property and payroll, each weighted at 20%, and sales, weighted at 60%, for a total of 100%. However, if any factor's "total everywhere" is zero, the weights of the remaining factors must be proportionately increased so that the total re-

mains 100%. You must show the reweighted factors by crossing out the listed weights and replacing them with the correct weights.

Example: ABC LLC is a single-member LLC with no employee payroll. In calculating its Ohio apportionment ratio, ABC LLC must weight its property factor at 25% and its sales factor at 75%.

If this business receives income from pass-through entities, its apportionment ratio calculation must include the proportionate share of each lower-tiered entity's property, payroll and sales.

Line 1 – Property Factor

The property factor is the ratio of:

$$\frac{\text{Average value of property in Ohio}}{\text{Average value of property everywhere}}$$

"Property" includes any real and tangible personal property that is owned, rented, subrented, leased, and/or subleased in the course of a trade or business. Property **does not** include any of the following:

- Construction in progress;
- Property not used in a trade or business;
- Property for which Ohio has issued an air, noise, or industrial water pollution control certificate; AND
- Property used exclusively during the tax year for qualified research.

Note: The original cost of qualifying improvements to property in an enterprise zone, for which Ohio has issued a Tax Incentive Qualification Certificate, should be included only in Column B.

The "average value" of business property is calculated by averaging the total value of all applicable property owned or rented at the beginning and end of the tax year.

See [R.C. 5747.21\(B\)](#) and [5733.05\(B\)\(2\)\(a\)](#).

Property owned by the business is valued at its original cost.

Line 1(b) – Property Rented

Column B: Enter the average value of all business property rented during the tax year.

Property rented by the business is valued at eight times the net annual rental rate (annual rental expense less subrental receipts).

Line 2 – Payroll Factor

The payroll factor is the ratio of:

$$\frac{\text{Total compensation paid in Ohio}}{\text{Total compensation paid everywhere}}$$

"Compensation" means any form of remuneration paid to an employee for personal services. Compensation **does not** include any of the following:

- Amounts paid to employees for services unrelated to a trade or business;
- Amounts reclassified as a distributive share of income from a pass-through entity under [R.C. 5733.40\(A\)\(7\)](#); AND
- Amounts paid to employees who are primarily engaged in qualified research.

Note: Compensation paid to certain employees at an urban job and enterprise zone facility, for which Ohio has issued a Tax Incentive Qualification Certificate, should be included only in Column B.

See [R.C. 5747.21\(B\)](#) and [5733.05\(B\)\(2\)\(b\)](#).

Column A: Enter the total compensation paid in Ohio during the tax year. Compensation is paid in Ohio if:

- The employee's job is entirely in Ohio;
- The employee's job is primarily in Ohio with only incidental work outside Ohio;
- The employee performs services in Ohio and either the headquarters, or, if no headquarters exists, the place from which the service is directed or controlled, is in Ohio; OR
- The employee is a resident of and performs some services in Ohio, and the headquarters or the place from which the service is directed or controlled is not in a state where part of the service is performed.

Column B: Enter the total compensation paid everywhere during the tax year.

Line 3 – Sales Factor

The sales factor is the ratio of:

$$\frac{\text{Total sales in Ohio}}{\text{Total sales everywhere}}$$

"Sales" includes gross business receipts such as:

- Receipts from the sale of real property, tangible personal property, or services;
- Receipts from rents and royalties from real and tangible personal property; OR
- Receipts from the transfer of or the right to use intellectual property such as trademarks, trade names, patents, and copyrights.

"Sales" **does not** include:

- Interest and dividends;
- Receipts from the transfer of intangible property other than trademarks, trade names, patents, copyrights, or other similar intellectual property;
- Receipts from the transfer of real or tangible personal property that is either a capital asset or an Internal Revenue Code section 1231 asset; AND
- Receipts from sales to certain public utilities, insurance companies, and financial institutions described in [R.C. 5733.05\(B\)\(2\)\(c\)](#).

Note: Income amounts excluded from the sales factor may still be considered business income under Ohio law.

See [R.C. 5747.21\(B\)](#) and [5733.05\(B\)\(2\)\(c\)](#).

Column A: Enter gross receipts from sales within Ohio during the tax year. Sales within Ohio include all of the following:

- Receipts from sales of tangible personal property, less returns and allowances, to the extent the property was received by the purchaser in Ohio;

- Receipts from the transfer of certain intellectual property to the extent the property was used in Ohio;
- Receipts from the right to use certain intellectual property in Ohio;
- Receipts from the sale of real property located in Ohio; AND
- Rents and royalties from real property located in Ohio.

Note: For tangible personal property, where the property is "received by the purchaser" is not the same as where the purchaser takes physical or legal possession. Instead, it is considered "received" where it is ultimately used by the purchaser.

See [R.C. 5733.05\(B\)\(2\)\(c\)\(i\) and \(ii\)](#).

Column B: Enter the gross receipts from sales everywhere during the tax year.

Line 4 – Ohio Apportionment Ratio

This is the Ohio apportionment ratio for this business. Use this ratio in Parts B and C to determine:

- Ohio apportioned income; AND
- Ohio apportioned depreciation adjustments from Ohio Schedule A.

Part B

For each Section III completed, enter only amounts that are both included in the calculation of your federal adjusted gross income

and are "business income" under Ohio law. Remember, because of differences between federal and Ohio law, some amounts reported as business income on the federal return may not be business income on this schedule. **Do not simply list the amounts from the federal return.**

For more information on how Ohio defines business income and examples of business income, see page 9. See also [R.C. 5747.01\(B\)](#) and [5733.40\(A\)\(7\)](#).

Line 16 – R.C. 5747.212 Income Apportioned to Ohio

IT RC - Ohio Resident Credit Calculation

Individuals must use the IT RC to calculate:

- The portion of their Ohio adjusted gross income that was earned while a resident of Ohio and subjected to income tax by another state or the District of Columbia; AND
- The total income taxes paid on such income.

"State" means **only** one of the 50 United States of America. State **does not** include any country, province, or city. Additionally, individuals cannot claim a resident credit for income earned in a state without an individual income tax. Thus, those states are not listed on form IT RC.

Only Ohio full-year and part-year residents may use this form. Do not report on this form any income earned while a nonresident of Ohio. Such income is **not**

eligible for the Ohio resident credit but may be eligible for the nonresident credit. See the instructions for form IT NRC.

Include this form with your Ohio IT 1040 and retain a copy for your records. If your tax preparation software allows for PDF attachments, you should attach a copy of this form.

For more information, see tax.ohio.gov for FAQs (in the "[Ohio Residency and Residency Credits](#)" topic).

Column A – Income Taxed

For each state or the District of Columbia for which you filed an income tax return, enter the portion of your Ohio adjusted gross income that was subjected to income tax on such return. Amounts deducted on Ohio

Schedule A (for example, business income and state and local tax refunds) are not included in Ohio adjusted gross income, and thus are not eligible to be included on this line.

Do not enter wages, salaries or other compensation earned in Indiana, Kentucky, Michigan, Pennsylvania, or West Virginia while you were an Ohio resident. These amounts are not taxed by those states because of agreements they have with Ohio.

Column B – Tax Paid

For each state or District of Columbia for which you filed an income tax return, enter any income taxes paid for the current tax year. Generally, this will be the amount shown on the line of the return that is equivalent to Ohio IT 1040, line 10.

Note: Do not include taxes paid to any country, province, or city.

8. Line 5 minus line 7. If less than zero, enter zero.....8. _____
9. Add lines 1, 2, and 8. Enter on Ohio Schedule A, line 36.....9. _____

Note: Any amounts entered representing insurance premiums must be reduced by any related premium refunds, related premium reimbursements or related insurance premium dividends received during the year.

Line 1: You must reduce the amount you enter on this line by your federal self-employed health insurance deduction (federal 1040, Schedule 1, line 16).

For purposes of this line, "health insurance premiums" includes amounts you paid for health insurance under the Affordable Care Act, even if you received a federal subsidy for purchasing it.

Example 1: From January 1 through June 30, Dan was not eligible for Medicare or health insurance through his employer. Dan paid \$100 per month in premiums, totaling \$600, for insurance he obtained under the Affordable Care Act. Dan became eligible for Medicare on July 1. He began to pay Medicare Part B premiums as well as premiums for supplemental health insurance. Dan can enter only \$600 on line 1 of the worksheet.

Line 2: Long-term care insurance plans would include those that cover the costs of nursing home care, in-home care, and adult day care.

Line 3: Any premiums that you were unable to include on line 1 due to qualifying for Medicare or an employer-paid health care plan should be reported on this line.

Example 2: Refer back to Example 1 on this page. After Dan became eligible for Medicare on July 1, he paid a total of \$1,000 in premiums for Medicare Part B and additional supplemental health insurance premiums. He did not enter those premiums on line 1 due to qualifying for Medicare. Instead, he enters the \$1,000 on line 3 of the worksheet.

Line 4: For purposes of this line, "medical care" has the same meaning found in Internal Revenue Code section 213, excluding premiums already reported on lines 1, 2 and 3. Some examples of eligible expenses are amounts paid for:

- Prescription medication or insulin;
- Hospital costs and nursing care;
- Medical, dental, and vision examinations and treatment by a certified health professional including copays;
- Eyeglasses, hearing aids, braces, crutches, and wheelchairs.

Refer to IRS publication 502 for a comprehensive list of potentially eligible expenses.

- 6a. Line 5 minus Ohio Schedule of Credits, line 1.....6a. _____
- 6b. Subtract 1 from the amount on line 2.....6b. _____
- 6c. Divide line 6a by line 6b. This is your lump sum retirement credit for future tax years.....6c. _____

Line 1: Ohio law defines "retirement income" as retirement benefits, annuities, or distributions that are made from or pursuant to a pension, retirement, or profit-sharing plan. Additionally, these amounts must have been received on account of retirement and must be included in your Ohio adjusted gross income.

Do not include any of the following:

Ohio School District Numbers

Below is an alphabetical list of all school districts in the state of Ohio with their respective school district numbers. Enter the school district number for the district in which you lived for the majority of the tax year on the top right of page 1 of your Ohio IT 1040. Full-year nonresidents of Ohio should enter 9999.

If you do not know the school district in which you live, use "The Finder" at tax.ohio.gov. If you believe there is an error or have questions regarding The Finder, please email TheFinder@tax.state.oh.us. You can also verify your school district by contacting your county auditor or county board of elections.

Bold print indicates a school district with an income tax in effect for the tax year. An asterisk (*) indicates a school district with a newly enacted tax, or a change in rate or tax type. The tax rate in effect for each district for the tax year is listed as a four-digit decimal. Districts with a "T" use the traditional tax base. Districts with an "E" use the "earned income" tax base.

If you were a resident of one or more of these taxing school districts for any portion of the tax year, you may be required to file a school district income tax return, Ohio SD 100. For more information, see page 46.

General Information for the SD 100

Who Must File a School District Income Tax Return?

Only Ohio residents who lived within a taxing school district during any portion of the year are subject to Ohio's school district income tax. Individuals who worked, but did not live, in a taxing school district are **not** subject to the district's income tax.

Not all school districts have an income tax. See pages 40-45 for a complete listing of all Ohio school districts.

You must file an SD 100 if all of the following are true:

- You lived in a school district with an income tax for any portion of the tax year;
- While living in the district, you received income; AND
- Based on that income, you have a school district income tax liability (SD 100, line 2).

If you have a tax liability for more than one school district during the year, you must file a separate SD 100 for each district.

You may have a school district income tax liability even if you do not have an Ohio income tax liability. In that case, you must file a school district income tax return(s).

Note: If you lived in a taxing school district and received income, the Department recommends you file an SD 100, even if you don't have a tax liability, to avoid delinquency billings.

See [R.C. 5747.08](#).

How Do I Determine My School District?

You are a resident of a school district if your primary residence is in the school district. Your voter registration, driver's license and vehicle registration can help determine your primary residence. For information on how to determine your school district, see page 40. See also [R.C. 5748.01\(F\)\(1\)](#).

How Is the School District Income Tax Calculated?

Each school district that levies a tax does so based on one of the following two methods:

The **traditional tax base** uses modified adjusted gross income less exemptions to calculate the school district income tax base. Traditional filers must complete lines 19-23 on the SD 100.

The **earned income tax base** does not use a specific line from the federal or Ohio tax return. Instead, it is based on the taxpayer's "earned income" and must be calculated by completing lines 24-27 on the SD 100.

"Earned income" includes **only** the following items to the extent they are included in modified adjusted gross income:

- Employee compensation such as wages, salaries and tips; AND
- Self-employment income from sole proprietorships and partnerships.

"Earned income" **does not** include items such as retirement income, interest, dividends and capital gains.

For more information, see "What is Modified Adjusted Gross Income?" on page 6 and the worksheet on page 31.

See [R.C. 5748.01\(E\)\(1\)](#).

What If I Lived in More Than One Taxing School District?

You must file a separate SD 100 for **each** taxing school district. Be sure to include the correct school district number on each return and enter the dates of nonresidency. For each school district in which you lived, you are only taxed on the income received while you were a resident.

Can I Apply a Refund from One School District to Another?

You cannot apply any portion of a refund from one school district against a balance due to another school district. Each SD 100 is calculated separately.

What If My Employer Withheld School District Tax in Error?

You must file a nonresident SD 100 for the school district:

- If the school district uses the traditional tax base, you must deduct all of your income on line 22 so that your taxable income is \$0;
- If the school district uses the earned income tax base, you must enter zero on lines 24-27 so that your taxable income is \$0.

Additionally, you should file a new IT 4 with your employer to report your current school district of residence.

For more information, see tax.ohio.gov for FAQs (in the ["Income – School District"](#) topic).

Ohio SD 100 - School District Income Tax Return

Line 1 – School District Taxable Income

Traditional Tax Base School District: Complete lines 19-23. Enter the amount from line 23 on line 1.

Earned Income District: Complete lines 24-27. Enter the amount from line 27 on line 1.

See [R.C. 5748.01\(E\)\(1\)](#).

Line 3 – Senior Citizen Credit

To qualify for this credit, you must have been at least 65 at the end of the tax year. You qualify for this credit even if you were ineligible to claim it on your Ohio IT 1040.

The credit is equal to \$50 **per return**. See [R.C. 5748.06](#).

Line 5 – Interest Penalty

Generally, if you are a wage earner and have Ohio school district withholding, you will not owe an interest penalty. If you have non-wage income or no Ohio school district withholding, use Ohio IT/SD 2210 to determine if an interest penalty is due. See [R.C. 5747.09\(D\) and \(E\)](#).

Line 7 – School District Income Tax Withheld

This line is for school district income tax withheld as reported on the Schedule of School District Withholding. **Do not** include any tax withheld for a city or another school district. School district withholding is generally indicated by the four-digit school district number in box 20 or 14.

Schedule of School District Withholding. Include a completed Schedule of School District Withholding, listing every income statement (W-2, 1099) for which you have school district income tax withheld. See the sample statements on pages 38-39. **Do not list income statements that do not report school district income tax withheld.**

Place **state copies** of your income statements after the last page of your return. **Do not** include income statements that are handwritten, self-created, or generated by your tax preparation software.

See [R.C. 5747.08\(H\)](#).

Line 8 – Payments and Credit Carryforward Amounts

Enter the following amounts:

- Estimated payments made with an Ohio SD 100ES;
- Extension payments made with an Ohio SD 40P; AND
- Any credit carryforward amount from your prior year SD 100.

Do not include either of the following on this line:

- A prior year's refund that you requested but did not receive. (Contact the Department about any refund you requested but did not receive).
- Any amount you credited forward from a prior year SD 100 filed for a school district other than the one entered on this return.

See [R.C. 5747.09\(B\)](#).

Line 9 – Amount Previously Paid (Amended Returns Only)

When filing an amended return, enter the amount previously paid with your original and/or amended return on line 13.

Line 11 – Overpayment Previously Requested (Amended Returns Only)

When filing an amended return, enter the amount you reported on line 16 on your previously filed return(s).

Line 14 – Interest Due

Interest is due from the unextended due date until the date the tax is paid. Generally, you do not owe interest if you are due a refund. An extension of time to file does not extend the payment due date. The interest rate for calendar year 2021 is 3%.

Certain military servicemembers may not be subject to interest. See page 8 for more information.

See [R.C. 5747.08\(G\)](#).

Line 15 – Total Amount Due

This is your total amount due. Do **not** mail cash. Make payment by:

- Electronic check;
- Credit or debit card; OR
- Paper check or money order.

Make your check or money order payable to "School District Income Tax" and include an Ohio SD 40P or SD 40XP payment voucher. Include the tax year, the last four digits of your SSN, and the school district number on the "Memo" line.

For more information regarding payment options, see page 5.

Line 17 – Credit Carryforward

Enter the portion of your refund you want applied to tax year 2021. This is **only** allowed on timely filed, original returns; it is **not** allowed on amended returns.

Line 18 – Your Refund

This is your refund. Paper filers will be issued a check payable to the taxpayer (or both taxpayers if filing jointly) and mailed to the address on the tax return.

If you move after filing your tax return, notify the Department of your address change as soon as possible.

Line 22 – Nonresident Adjustment

Complete this line only if you were a part-year resident or full-year nonresident of the traditional tax base school district.

Full-year nonresidents: Enter the amount from line 21.

Part-year residents: Enter only the portion of line 21 that was received during the part of the year that you were a nonresident of the school district.

Line 24 – Wages and Other Compensation

Enter any amount you reported as "wages, salaries, tips, etc." on your federal income tax return that (i) was received while you were a resident of the school district AND (ii) is included in your modified adjusted gross income. For more information, see "What is Modified Adjusted Gross Income?" on page 6 and the worksheet on page 31.

Line 25 – Net Earnings from Self-Employment

Enter any amount constituting "net earnings from self-employment" for federal income tax purposes that (i) was received while you were a resident of the school district AND (ii) is included in your modified adjusted gross income. For more information, see "What is Modified Adjusted Gross Income?" on page 6 and the worksheet on page 31. If the net income amount is negative, place a "-" in the box.

Line 26 – Federal Conformity Adjustments

This line is for federal conformity adjustments. Do not enter any federal Schedule A adjustments on this line. If the net adjustment amount is negative, place a "-" in the box. For updates on Ohio conformity, see tax.ohio.gov/other/Update.aspx. See also [R.C. 5701.11](#).

IT NRS - Ohio Nonresident Statement

Who Should File the Ohio Nonresident Statement?

Any individual who wishes to establish an irrebuttable presumption of non-Ohio residency for a given tax year should file a completed statement.

Married taxpayers can choose to file a joint statement or separate statements, regardless of the filing status they use on their income tax returns. For a joint statement to be valid, **both** spouses must properly complete the form.

How Do I Properly Complete the Ohio Nonresident Statement?

For the IT NRS, Ohio Nonresident Statement, to be considered valid, all of the following must be true:

- You have completed the top portion of the statement, including your full name and SSN;
- You meet the five required criteria;
- You have checked the appropriate box in the "Declarations" section;
- You signed the statement; AND
- You timely filed the statement.

Instead of filing the IT NRS, eligible nonresident taxpayers (and their spouses if filing jointly) can check a box on the top portion of the Ohio IT 1040 or IT 10 to establish the irrebuttable presumption of non-Ohio residency. See page 12.

When Should I File the Ohio Nonresident Statement?

You are required to file the statement no later than the 15th day of the 10th month following the close of your tax year. For most taxpayers, the due date will be October 15th. If you are timely filing an Ohio IT 1040, the Department recommends you file this statement at the same time as your return.

You are required to file this statement for each tax year that you wish to establish the irrebuttable presumption of non-Ohio residency. The statement only applies to the tax year for which it is filed; it does not cover past or future tax years.

See R.C. 5747.24(B)(2).

What Criteria are Required to File the Ohio Nonresident Statement?

You are eligible to file the IT NRS **only** if you meet the following five criteria. If you meet these criteria and timely file the properly completed statement, you will be **irrebutably presumed** to be a nonresident of Ohio for the tax year.

(1) Contact Periods: You had no more than 212 contact periods in Ohio. For the definition of a "contact period," see page 10.

(2) Non-Ohio Abode: You had at least one abode outside of Ohio for which you did not claim depreciation. Your abode outside Ohio cannot be used as a vacation home, or a rental or other income-generating property.

(3) Ohio Identification: You did not hold an Ohio driver's license or state ID card. To meet this requirement, you must have surrendered your Ohio driver's license or state identification card prior to the beginning of the tax year. The license or ID card must be surrendered to a bureau or department of motor vehicles of any state.

(4) Ohio Property Tax Reductions: You did not receive the Ohio homestead property tax exemption or the owner-occupied tax reduction.

The Ohio homestead or owner-occupancy property tax reductions are only available to individuals on an Ohio property that is their primary and permanent residence. Thus, if you received either of these reductions for the tax year, you are not eligible to file this statement.

(5) Ohio In-state Tuition: You did not receive in-state tuition at an Ohio institution of higher learning based on an Ohio abode.

This requirement applies only to the individual(s) signing the statement. It is not applicable to their dependents. An Ohio institution of higher learning includes all of the following:

- A state university or college including branch campuses;
- A community college; OR
- A technical college.

See [R.C. 5747.24\(B\)\(1\)](#).

For more information, see page 10, or tax.ohio.gov for FAQs (in the ["Income – Ohio Residency and Residency Credits"](#) topic).

Ohio Schedule IT NOL

Ohio does not have its own net operating loss (NOL) carryback deduction. However, an NOL carryback can sometimes be claimed in Ohio for the same tax years claimed on your federal return. Such carrybacks are limited by the following:

- Your Ohio depreciation add-back; AND
- Your federal modified taxable income.

Individuals must use Schedule IT NOL and file an amended IT 1040 for each carryback year to claim an NOL carryback.

Important: When carrying back an NOL, you **cannot** claim the Ohio depreciation deduction on Ohio Schedule A. See page 16 for more information.

Section I – NOL Carryback Calculation

Line 3 – Ohio Depreciation Add-back

Enter your Internal Revenue Code 168(k) and 179 depreciation expense add-back reported on your Ohio Schedule A for the year of the NOL. This amount should be the entire amount of such depreciation expense reported on your federal return.

For more information, see tax.ohio.gov for FAQs (in the "Income - Bonus Depreciation" topic). See also [R.C. 5747.01\(A\)\(17\)\(a\)\(v\)](#).

Section II – Amended Ohio Federal Adjusted Gross Income

Indicate the applicable carryback period for your Ohio NOL. The carryback period must match the period allowed federally. **List the earliest carryback year in Column A.**

Line 6 – Federal Adjusted Gross Income

Enter your federal adjusted gross income prior to the carryback. Generally, this is the amount reported on line 1 of your originally filed Ohio IT 1040.

However, if you are amending the Ohio IT 1040 for the tax year at the top of the column for a reason in addition to an NOL carryback, then this amount is your amended federal adjusted gross income not including the federal NOL carryback.

Line 7 – Carryback Before Limitation

Column A: Enter the amount from line 4.

All other columns: Enter the amount from line 11 of the previous column.

Line 8 – Modified Taxable Income

Because federal exemptions and itemized deductions are not included in federal adjusted gross income, you must use your federal modified taxable income when calculating your Ohio NOL carryback.

Line 10 – Ohio Federal Adjusted Gross Income

Enter this amount on line 1 of your amended Ohio IT 1040 for the tax year at the top of the column.

Example: In 2020, Maria incurred a federal NOL of \$1,000,000. This amount includes a section 168(k) bonus depreciation deduction of \$300,000. Maria elects to carry the NOL back two years. She amends her 2018 and 2019 federal returns to request refunds of \$1,000 and \$800, respectively. When completing her federal form 1045, she determines her 2018 and 2019 modified taxable income is \$450,000 and \$500,000, respectively.

When completing Section I of Schedule IT NOL, Maria must add back the entire depreciation amount on line 3, which reduces her available federal NOL carryback reported on line 4 to \$700,000. Maria completes Section II of Schedule IT NOL as follows:

	A	B	C	D	E
	<u>2nd Preceding Year</u> Tax Year: <u>2018</u>	<u>1st Preceding Year</u> Tax Year: <u>2019</u>	<u>Preceding Year</u> Tax Year: _____	<u>Preceding Year</u> Tax Year: _____	<u>Preceding Year</u> Tax Year: _____
5. Federal refund amount requested	\$1,000	\$800			
6. Federal adjusted gross income prior to the carryback	\$800,000	\$900,000			
7. Available carryback before limitation	\$700,000	\$250,000			
8. Federal modified taxable income (form 1045, Schedule B, line 9)	\$450,000	\$500,000			
9. Enter the lesser of line 7 and line 8	\$450,000	\$250,000			
10. Ohio federal adjusted gross income (line 6 minus line 9)	\$350,000	\$650,000			
11. Remaining carryback (line 7 minus line 9). Enter here and on line 7 of the next column	\$250,000	\$0			

Go Paperless and File Electronically!

Most Ohio income tax returns are filed electronically. The electronic options available for filing a 2020 income tax return are:

Online Services/Ohio I-File

File your Ohio individual and/or school district income tax returns using the Department's website.

I-File allows individuals to electronically file their Ohio returns and pay their liability for **free**. I-File provides detailed, step-by-step instructions and performs calculations for you to reduce errors and ensure greater accuracy. You will be given a confirmation number and a copy of your return. When using I-File, you do not need to submit any paper documentation unless requested by the Department. For more information, see tax.ohio.gov for FAQs (in the "[Income - Online Services](#)" topic).

IRS e-file

File your returns using approved tax preparation software.

IRS e-file is a way to prepare and file your return electronically with the IRS and Ohio. You can e-file using approved, commercially available software or you can have your return prepared and transmitted by an authorized tax professional. Some programs allow you to include supporting documentation as PDF attachments. For more information, see www.irs.gov/filing/e-file-options. You may be charged for using this option. Certain individuals may qualify for a free federal e-filing program.

Direct deposit: When filing electronically, you have the option to direct deposit your entire refund into one of the following: a checking account, a savings account, an Individual Retirement Account or Annuity (IRA) or an Ohio 529 (CollegeAdvantage) savings plan account. Once your return is submitted, you cannot change the banking information provided for direct deposit. The Department is not responsible for a lost refund if you enter the wrong account information.

Amended IT 1040 Filing Tips

If your amended IT 1040 results in tax due, you should **always** include an IT 40XP payment voucher with your payment. Do **not** use the IT 40P payment voucher.

When amending due to changes to my federal return, should I file my amended Ohio return(s) at the same time I file my amended federal return with the IRS?

Refund: You should wait to file your amended Ohio IT 1040 and/or SD 100 until the IRS has approved the changes to your amended federal return. When filing your amended returns, you must include:

Option #1

- A copy of your federal amended return (1040X), AND
- A copy of the IRS acceptance letter -or- refund check.

Option #2

- A copy of your updated IRS account transcript reflecting the changes to your federal return.

Tax Due: To reduce the amount of interest you will owe, you should file your amended Ohio IT 1040 and pay any tax due as soon as possible.

What documentation should I include when amending to show a change in my Ohio residency status?

Submit any and all relevant information you believe supports your change in residency status from one state to another. Provide as many relevant documents as possible. Relevant documents include, but are not limited to, the following: driver's license or state IDs, property records, voter registration, resident state tax returns, and vehicle registrations.

What documentation should I include when amending to show a change to Ohio Schedule A, deductions from income?

You should always include supporting documentation to substantiate your changes specific to the deduction. Some common deductions and related documentation include, but are not limited to, the following:

Business income – Ohio Schedule IT BUS, page 1 and 2 of your federal return, the federal schedule(s) showing your business income, federal K-1(s), wage and income statement(s), along with any other supporting documentation. Include a short statement explaining your position on the amounts claimed as business income, along with all relevant facts and law used in making that determination.

Disability/survivorship benefits – A copy of your wages and income statements (such as 1099's), page 1 and 2 of your federal return, your disability/survivorship plan, and, if you are deducting disability benefits, you must also provide a letter from your employer from when your disability was approved, your social security disability award letter, and your age at the time of disability.

Unreimbursed medical and health care expenses – A copy of Ohio's medical expense worksheet, federal Schedule A (if completed), and proof of payments (cancelled checks, bank statements, credit card statements, etc.).

Ohio 529 Plan Contributions – Proof of payments (cancelled checks, bank statements, credit card statements, etc.) and proof of an Ohio 529 account (by providing the plan year-end statement). If the statement is unavailable, (e.g. you are not the account holder), provide a list of the beneficiaries with the contribution dates and amounts. If the deduction is based on a prior year carryforward, provide proof of prior year contributions for each beneficiary.

What documentation should I include when amending to show a change to the nonresident or resident credit?

Nonresident credit: A copy of form IT NRC and all wage and income statements (W-2, 1099, K-1, etc.).

Resident credit: A copy of form IT RC, all other state returns and proof of taxes paid to other states (cancelled checks, transcripts).

When should I NOT file an amended return?

Some common mistakes may not require an amended return. Instead, the Department of Taxation will either make the corrections or contact you to request documentation. For example, the following mistakes generally do **not** require an amended return:

- Math errors;
- Missing return pages, schedules, or worksheets;
- Demographic errors (such as name, address or SSN corrections);
- Unclaimed estimated and/or extension payments*;
- Unclaimed withholding**;
- Missing credit certificate granted by the Ohio Development Services Agency.

*Generally, unclaimed estimated and/or extension payments will automatically be added to your original return when filed.

**If you have unclaimed withholding, please submit a detailed explanation along with legible copies of all income statements (W-2s and 1099s) showing the Ohio withholding amounts instead of filing an amended return.
